

The image features the Troy University logo in the top left corner, consisting of the word "TROY" in a large, red, serif font with a horizontal line underneath, and the word "UNIVERSITY" in a smaller, red, serif font below it. The background is a photograph of a large, two-story brick building with white columns and a portico. Several flagpoles are in the foreground, flying various flags including the United States flag, the Union Jack, the German flag, the Italian flag, and the Troy University flag. A statue on a pedestal is visible on the left side of the building. The sky is clear and blue.

Important Information

REGISTRATION DEADLINE

Please register early! Registration should be completed early to guarantee a space in the class. Late registrations may be accepted if the class is not full. Minimum enrollment levels are established for each course. When enrollment levels are not met, the course may be cancelled. Confirmation notices are not sent. You must mark your calendar with dates and times.

NON-CREDIT COURSE POLICY

Payment is due at the time of registration. Individuals may pay by cash, check or credit card. For company sponsored individuals, an invoice may be used. Invoice information must be determined at the time of registration.

ATTENDANCE POLICY:

Failure to attend a non-credit course does not constitute withdrawal. The office of Continuing Education must be notified directly of a cancellation at least three business days before the start date of a class in order to receive a full refund. Refunds will not be made once a class begins. Participant substitutions may be made in some cases.

CONTINUING EDUCATION UNITS

The Continuing Education Unit (CEU) is a nationally recognized method of quantifying time spent in the classroom during professional development and training activities. The primary purpose of the CEU is to provide a permanent record of the educational accomplishments of an individual who has satisfactorily completed significant non-credit educational

and career enhancement experiences. One CEU is equal to ten contact hours of participation in an organized continuing education experience under qualified instruction. For more information about customized sources for your business, call the Continuing Education office.

REFUNDS/CANCELLATIONS

Continuing Education is self-supporting and costs are covered through student registration fees. In the event a course is cancelled by Continuing Education, the student will receive a full refund or may apply payment to a future course (within one year). The registrant will be notified of any changes in dates or times. It is important that you provide a valid telephone number. No refunds will be given once a course begins. Rates for courses are subject to change without notice. Check with the Continuing Education office for current fees. Troy University reserves the right to cancel any classes, make instructor, and/or course substitutions without prior notice.

MISPRINTS

The office of Continuing Education shall not be held responsible for misprints (typos) with regard to course fees, dates, etc. Schedules and instructors are subject to change. We appreciate your business and your patience.

INCLEMENT WEATHER POLICY

In the event of inclement weather, tune into your local radio or television stations for information about closings.

Spring 2016 Schedule

Friday, January 1	New Year's Day (Campus Closed)
Monday, January 18.....	Martin Luther King, Jr. Day (Campus Closed)
Friday, March 11	Administrative Leave Day (Campus Closed)

Continuing Education classes operate throughout the year and not specifically in line with academic dates. For more information or questions on a class or seminar, call 334-983-0005.

Tobacco Free Campus

Troy University is committed to providing a healthy and safe environment for all students, faculty and staff. The University's Board of Trustees demonstrated this commitment with the approval of a resolution designating Troy University as a tobacco-free institution. This new policy, effective since August 13, 2012, prohibits smoking and the use of all tobacco products within all University buildings, parking lots, structures, walkways, indoor and outdoor athletic facilities, University vehicles, worksites and grounds and any vehicles on campus regardless of ownership. The health care and health education programs of the University perform an important function by demonstrating and promoting healthy lifestyles through activities such as curtailment of the use of tobacco products. This policy applies to all Troy University employees, students, contractors, vendors, recruits and visitors.

Professional, Personal and Corporate Training

Troy University's Continuing Education offers a wide variety of training programs to build the skills and knowledge your employees need. Our team of consultants can offer training seminars in over 200 subjects or can customize any topic to meet the needs of your workforce. If you have a need for your organization to produce in a more efficient and effective way, grow in sales and service, or engage in the goals and direction of your mission, Troy's Continuing Education is for you. In addition, our team of experts can assist in developing business systems and tools such as

- ◆ performance management

Geographic Information Systems (GIS) Certificate

GIS is a computer hardware and software system that is used to store, display, analyze, and map information. Geographers, planners, land developers, real estate agents, utility companies, and municipal officials all use these systems. In fact, modern planning cannot move forward without these systems and those trained to run them.

Using the GIS, such topics as population distribution, traffic movement, land availability, real estate prices, environmental hazards, soil types, utility inventory, sustainability mapping, site suitability, flood zones, and many more, could be analyzed together to help the decision makers make an informed choice.

The GIS Online Certificate is formatted into four sessions beginning in January, 2016.

Certified Bookkeeper

The Certified Bookkeeper Online Training Program for experienced bookkeepers leads to national certification with the American Institute of Professional Bookkeepers (AIPB). The AIPB certification is a high professional standard for bookkeepers. This program was created by the AIPB and is offered in partnership with major colleges, universities, and other accredited education providers.

Certified Personal Trainer

This online program blends the best of academic and hands-on training, offering online instructor-facilitated education, four days of live practical training, and a required 30-hour internship that will give you real-life experience you can put on your résumé. When you successfully complete all course requirements and the necessary CPR/AED first aid training, you'll receive your nationally-recognized World Instructor Training School (W.I.T.S.) Personal Trainer Certification.

Grant Writing

The Grant Writing Online Training Program will teach you the essentials of writing, researching, obtaining, and maintaining grants. You'll learn how to format your proposals, how to write effectively, and how to get funded.

Medical Billing and Coding

You will learn to function as an important member of the healthcare team by providing key skills such as abstracting from medical records, assigning codes to diagnoses and procedures using the ICD-9-CM, ICD-10-CM, CPT and HCPCS Level II code books, developing insurance claims according to third-party guidelines, and understanding the legal, ethical and regulatory concepts that are vital to this field.

Non-Profit Management

Learn all about nonprofit management! Examine the fundamental principles of nonprofit management, explore the roles and responsibilities of a nonprofit board of directors and the management team, discover the essential aspects of fundraising, and become acquainted with the budgeting process.

Nutrition for Optimal Health, Wellness and Sports

The Nutrition for Optimal Health, Wellness, and Sports Online Training Program will teach you about developing individualized nutritional programs for clients, patients, or yourself. The American College of Sports Medicine has certified this curriculum. This innovative and comprehensive Web-based certificate program provides an in-depth examination of contemporary nutritional topics, such as meal plan analysis, functional food implementation, antioxidants, public nutrition, sports nutrition, vitamin supplementation, and weight management.

Paralegal

The Paralegal Online Training Program will prepare you for success in this growing career field. You'll learn about the American legal system, how to conduct legal research and legal interviews, how to perform legal analyses, and more. Your training will prepare you to become a legal secretary or paralegal and to take the certification exam.

Pharmacy Technician

Learn the skills you need to become a pharmacy tech in a hospital or retail setting with the Pharmacy Technician Online Certification Training Program. You'll gain the skills and knowledge to qualify for entry-level positions in pharmacies, and you'll be prepared for national certification. This program pairs students with an instructor for one-on-one assistance and may include a 40-100 hour externship.

Secrets of Better Photography

Master your digital camera and learn the secrets behind outstanding photos! Whether you have a digital SLR, a point-and-shoot camera, or something in between, you'll learn how to use it the way you want. You'll see how to choose the best photographic equipment for you and how to compose images with style. Exposure topics like aperture, shutter speed, metering, and ISO settings will all make sense as they are broken down into simple concepts. Other areas covered include artificial lighting, freezing or blurring motion, portraiture, children's photography, pet photography, photojournalism, and digital editing options.

Technical Writing

The Technical Writing Online Training Program is designed for anyone who wishes to develop their technical writing abilities to a professional level. You will learn research methods, audience considerations, styles, drafting and revision techniques, how to work in a collaborative environment, and more. This course will also introduce you to a variety of media and formats. You will learn about standards for Web sites, e-mails, proposals, memos, and instructions.

Paralegal Certification

According to the Department of Labor, legal occupations will increase by about 131,000. This growth reflects continued demand for legal services from government, individuals, and businesses alike. Paralegals and legal assistants are expected to account for 46,900 new jobs as legal establishments attempt to reduce costs by assigning these workers more tasks that were once performed by lawyers. (www.bls.gov).

The Paralegal Certificate program at Troy University requires ten courses taught through the Dothan Campus by local attorneys. The program curriculum consists of courses which combine instruction in substantive law with practical procedural skills and is designed to meet the educational needs of career oriented adults. Eight courses are taught in the classroom with two elective courses to be taken online. Students must have a high school diploma or GEE and possess computer and internet skills.

Program Requirements:

Instant Piano for Hopelessly Busy People

by Michael McMillan

If you yearn to experience the joy of playing piano but don't want years of weekly lessons, this short course is for you! In just one enjoyable evening, you can learn enough secrets of the trade to make piano playing a part of your life, learning chords, not notes. You'll learn all the chords needed to play any pop song, any style, any key, and a healthy dose of insider secrets on how to embellish songs. This is an absolute beginning class in chord piano techniques, and if you can find middle C and know the meaning of "Every Good Boy Does Fine," you already know enough to enroll.

Course Fee: \$55, plus a materials fee of \$25 to the instructor.
