

CALL FOR PAPERS
2009 eCampus Colloquium
Tech Savvy Teaching for Global Online Students
May 6 – 8, 2009
Location: Online

The 2009 eCampus Colloquium seeks original papers on subjects related to *Tech Savvy Teaching for Global Online Students*. Topics of particular interest include, but are not limited to: technology and the creation of online learning communities, the transformational effects of Wimba in the online classroom, and teaching to diverse learners through technology.

It seems appropriate that a colloquium for those who teach online should be held online. In an effort to reach a larger portion of TROY's online, on campus, and global faculty, eCampus has decided to take this year's faculty training into cyberspace. As a result, we expect this to be our most exciting colloquium ever.

Technology not only makes online learning possible, it also drives the innovation and pedagogy connected with online teaching. Share your research and experiences with us by leading an online presentation and discussion.

Submit an abstract of approximately 150 words to rbossell@troy.edu. Put use "2009 Paper Submission" in the subject line.

Abstracts are due NO LATER THAN 23 February 2009. All papers will be juried and authors of accepted papers will be notified NLT than March 30. A copy of the final accepted paper must be submitted NLT April 15. Simultaneously you must arrange with Lee Scarborough, lscarborough@troy.edu, to present your paper using Wimba. Technical assistance will be provided.

We look forward to seeing you online in May!

The Colloquium Committee
