Spring 2021 Semester Update:

Spring 2021 (for entry terms 21/SP and 21/T3) -- new starts saw an increase of 9%, fueled by an increase in ONLINE new starts of 21% -- Troy Campus new starts for 21/SP were down slightly by 3% -- Among the Alabama Campuses new starts (on-campus), Dothan realized an increase of 4% while Phenix City and Montgomery remained in a downward trend, although online numbers in the Phenix City recruitment territory continue to trend up. After a strong 21/T3, new starts in 21/T4 were down 6% with the majority of recruitment territories experiencing similar results, with the exception of Augusta and Sumter.

Summer 2021 - 20/T5 applications trending down -- 21/SU applications up slightly

Fall 2021 - 21/FA applications submitted even to applications submitted through April 2020 -- admitted applicants up 14% -- IMPACT registrations up 3%.

Worldwide Open House -- Worldwide OH was conducted April 7-9, 2021 with a goal of generating 1,000 applications for upcoming starts terms, particularly 21/T5 and 21/T1. A total of 996 applications for admission were generated in association with OH, down from 1300 in Spring 2020. The majority of applications submitted were for TROY Online (46%) and Troy Campus (36%). Regarding start term, 35% of applications were for 21/T1, 28% for 21/FA, and 18% for 21/T5 -- typically, T1 and T5 receive a much more even distribution. 36% of applications submitted were for "first master's" and 31% were from "freshmen".

1.c. Increasing the visibility of our high-quality academic programs.

Start: 08/01/2020
End: 07/31/2021

Responsible Users: Samantha Johnson (johnson@troy.edu)

Performance Indicator:

Troy University’s office of Marketing and Communication has engaged the Stamats firm, an expert in higher education marketing and research, to conduct market analysis in three-year intervals to evaluate awareness and favorability of TROY across various target audiences and locations. The most recent reports of 2014 and 2017 highlighted key performance indicators (KPIs) of overall awareness at 69% and 67% and favorability at 97% and 95%, respectively. Because these KPIs indicate stability and probable audience saturation, projections for Stamats assessment of audience penetration for TROY 2020 are 67-69% for overall awareness and 95-97% for overall favorability.
Spring 2021 Semester Update:

- The launch of Troy University's new advertising campaign set to premiere Spring 2021. The following steps have been accomplished with this goal in mind.

4) Have successful alumni speak/give awards at high school events
Spring 2021 Semester Update:

We recently had an Alumni Board Retreat where Buddy Starling spoke to our group on enrollment and retention and how our Alumni Board and chapter presidents could help recruit good students to TROY. The Alumni Association is also in the process of endowing a $100,000.00 Alumni Legacy scholarship to help students with tuition. We currently give 28 scholarships per semester - paying half-tuition for each of the 28 students. We also give a Student Alumni scholarship and multiple book scholarships per year. The alumni chapters give multiple scholarships as well as this is one of the requirements of being a chapter. Nine alumni chapters have endowed scholarships and these chapters also continue to give current scholarships as well.

Start: 08/01/2020
End: 07/31/2021
Responsible Users: Malerie Hill (mahill@troy.edu)

Performance Indicator:
The effectiveness of these newly packaged scholarships will be measured by assessing the conversion rate between students that accepted a merit based award and enrolled. In addition, we have collaborated with Financial Aid to send out estimated award offers shortly after the application for the FASFA has opened.

Percentage completion: 75

Spring 2021 Semester Update:
The new scholarship package was approved and implemented in September of 2019. The awarded students began Troy in the Fall of 2020. This new and more attractive scholarship package has been advertised using multiple marketing channels including social media, email marketing and print media. In addition, the scholarship section of our website was updated.

In year's past, a financial aid estimate did not exist and students were not given any estimated cost for attending Troy until they received an actual financial aid offer sometime between March and May. The process for preparing batches for the financial aid estimates began processing April 21, 2021.

We will continue to assess the effectiveness by comparing year to year data. Below are the conversion rates based off fall 2020 enrollment. Updates will come for the 21/22 AY after transmittal runs for the 21FA semester.

**Performance Indicator:**
Troy University’s office of Marketing and Communication issued a request for proposal (RFP) for Marketing and Creative Services with a goal to integrate and leverage TROY communication channels to achieve sustained engagement with prospective students from expressed interest to enrollment.

VisionPoint Marketing of Raleigh, North Carolina, was awarded as TROY’s web/digital/down-funnel partner and Intermark Group of Birmingham, Alabama was awarded Agency of Record (AOR) designation as a result.

As experts in higher education and integrated down-funnel (expressed interest to enrollment) communication strategists, VisionPoint partnered with TROY Marketing and Admissions to operationalize paid digital retargeting through Intermark Group by Fall 2020, to launch internal drip communications to Recruit CRM prospects by Spring 2021, and to overhaul TROY’s direct mail drip messaging by Summer 2021 following a new advertising campaign launch this Spring.
Spring 2021 Semester Update:

Paid digital retargeting continued through the Spring as a collaborative effort with the help of Marketing, Admissions, IT, VisionPoint and Intermark and continues as a manually scheduled tactic.

Troy University's new advertising campaign launched a Spring Commencement ceremonies on May 7, 2021.

Enrollment Marketing CRM Drip email workflows for automated communication to targeted CRM audiences are well on their way with three traditional workflows (Traditional Inquiry, Traditional App Incomplete, Traditional Admitted) activated in Salesforce through the same collaborative team. Additional workflows are in the approval phases including three Nontraditional (Nontraditional Inquiry, Nontraditional App Incomplete, Nontraditional Admitted) and one Military (Military Admitted). Even more target and CRM-phased communication workflows are in the queue to follow.

Direct mail drip to all prospects continues with TROY’s partner in GreenTree Marketing with manual list pulls from Admissions. Print assets are under review for a campaign refresh to come this Summer.

Concerns remain over the fact that the full transition from GoArmy to ArmyIgnited has not been completed by the Army. Communication efforts on our end have been consistent with messaging oriented to assisting service members in any way possible.

With the position of Senior Direct, Enrollment Services - Military Affairs in place now, a number of initiatives are underway, including, military DRIP, re-design of Military Web Pages, and a dedicated military brochure. Additionally, a restructuring proposal, featuring dedicated enrollment/advising service, will be made late Spring 2021.

1.q. The next capital campaign will redouble the emphasis on raising funds to endow additional student scholarships.

Start: 08/01/2020
End: 07/31/2021
Responsible Users: Rebecca Watson (bvwatson@troy.edu)

Performance Indicator:
On an annual basis, the Office of Development will have a focus on educating alumni and donors on the importance and significance of endowed student scholarships. By educating our alumni and donors, we anticipate increasing our endowed student scholarships through private philanthropy and grants each year from a goal of 10 per year to 12 per year.

We also plan to focus on endowed scholarships in our legacy giving. Each time a scholarship is endowed, we will ask the donor to make a legacy gift that will also provide financial support to the corpus of the endowment, providing a greater scholarship opportunity.

Additionally, we will provide new legacy donors information and options on creating additional future scholarship support by creating endowed scholarships through new legacy gifts. This would allow alumni and donors who might not have the funds while they are alive to create an endowed scholarship to TROY but want to leave a scholarship in memory of someone or as their own legacy. We have a goal of 3 legacy scholarships per year.

Percentage completion: 20

Spring 2021 Semester Update:
From January 1, 2021 through Spring semester, we have completed 8 additional endowed scholarships that collectively total $300,000 to be added to the TU endowment. Additionally, we have one Legacy Gift Scholarship ($25,000) that has been created to memorialize the donor upon her death.

1.s. Tuition and fees will be reviewed annually to maintain affordability and retain a competitive edge with peer universities.

Start: 08/01/2020
End: 07/31/2021

Responsible Users: Tara Donaldson (donaldsont@troy.edu)

Performance Indicator:

On an annual basis, we will prepare a comparison of rates for undergraduate and graduate tuition compared with peer institutions with a goal of keeping TROY competitively ranked among peers. As responsible stewards, we strive to keep the lowest tuition rate possible while maintaining a high quality of education.

Spring 2021 Semester Update:

As a part of preparations for the FY 2022 operating budget development, the Board of Trustees Finance Committee reviewed the proposed tuition structure for the upcoming 2021-2022 academic year and will send the following tuition resolution to the full Board for consideration in May 2021. The resolution adopts a new one rate structure for TROY in-class and online delivery courses as detailed below:

The purpose of the one rate structure is to eliminate registration fees and provide one up-front cost for students whether in-class or online. As shown below, peer institutions report a tuition rate for comparison, but also charge variable fees or differential tuition bringing the total cost to enroll much higher than the base tuition rate. A comparison of in-class rates is below:
The top chart shows tuition only rates based on a 12 hour semester. As you can see, the current TROY rate appears to move TROY from the 3rd lowest rank to the sixth highest rank with the new One Rate structure proposed ($325 per credit hour currently to $388 per credit hour under one rate). But as you layer in the registration driven fees and differential tuition as shown on the UG Cost of Attendance chart above, Troy actually is the lowest cost of all universities shown. This demonstrates the hidden cost and sticker shock some students face when enrolling at institutions with variable registration fees and/or differential tuition. We believe this one rate structure will be an advantage to the student with transparent upfront cost which allows them to seamlessly choose their preferred course delivery formats whether online or in-class at any campus location with the same tuition rate.

TROY also considered the impact the proposed one rate structure would have on competitiveness of our online rate with peer institutions. Again, differential tuition and fees are charged for the online delivery format for most institutions. Even after the one rate structure change, TROY remains competitively ranked for online undergraduate and graduate courses as shown below:

Based on the comparisons above, TROY will remain competitively ranked both in-class and online with the new proposed tuition structure to be considered by the Board of Trustees in May 2021.

1.t. TROY will retain and foster goodwill with its political constituents in showing good stewardship and student success.

Start: 08/01/2020
End: 07/31/2021
Responsible Users: Marcus Paramore (marcus@troy.edu)
Performance Indicator:
Build goodwill with elected officials and tell the TROY story to enhance funding opportunities.

Work with the Legislature and state & federal agencies to provide funding for programs and student success. Work to increase TROY's share in the ETF Budget

**Percentage completion:** 50

**Spring 2021 Semester Update:**

Our office meets on a regular basis throughout the year to build better legislative relationships - these meetings usually happen weekly throughout our service area and with the members of the Budget Committees in both the House and the Senate.

The Legislative Session concluded on May 17, 2021. TROY received a 6.9% increase in our state appropriation. We have secured over $30M in state bond money for improvements to our facilities and for the construction of a new Center for Material & Manufacturing Sciences. Have secured $9M in federal NIST funds.

2.a. Improving success among part-time students.

**Start:** 08/01/2020  
**End:** 07/31/2021

**Responsible Users:** Hal Fulmer (hfulmer@troy.edu)

**Performance Indicator:**

Three main performance indicators should be used to measure part-time student success:

1. Retention of part-time students, semester/term to semester/term as well as annual retention  
2. Progression of part-time students, annually and across years  
3. Degree completion for part-time students and particularly time-to-degree data

**Percentage completion:** 18

**Spring 2021 Semester Update:**

Support for part-time students continues to be a focused priority for the University's retention-progression-completion efforts. During the Spring time period, a work group is being formed (at the direction of the SVC-Academics) which will address strategic issues facing at-risk students. A part of this group's efforts will focus on part-time students. The BIS program, which holds particular attraction for many part-time students who are attempting to finish their degrees, reports 58 graduates in AY 19-20, which was an increase of over 300% from the previous academic year. The TROY Online At-Risk support team, which serves a significant portion of the University's part-time student population, generated almost 40,000 contacts (email, phone) in the AY 19-20 time period. Term-to-term tracking continues to be a concern for this team as compression of term end-dates and start-dates affects the ability of the team's advisors to get needed information ahead of the next term's start.

Data analysis and strategic initiatives for part-time student success (retention, progression, completion) is a significant issue and will require University fiscal and human resources beyond what are currently in place (either new resources or redirection of existing resources).

2.b. Supporting students with developmental academic needs.

**Start:** 08/01/2020  
**End:** 07/31/2021

**Responsible Users:** Hal Fulmer (hfulmer@troy.edu)

**Performance Indicator:**

1. Progression of students who are placed into developmental studies courses to exit these classes in a timely fashion and with academic success  
2. Commitment of University resources to support developmental studies students through effective advising and tutoring  
3. Continued review and revision of developmental studies course content and delivery to promote content knowledge and learning strategies

**Percentage completion:** 18

**Spring 2021 Semester Update:**

Success support for students who are developmentally placed continues to be a significant area for the University, especially on the Troy Campus where the largest percentage of these students are in place.
1. 800 students were admitted into developmental courses for AY 19-20 on the Troy Campus. This reflects a 1.96% decrease from AY 18-19. This decrease, in all likelihood, mirrors the Troy Campus's downward trend in enrollment. As the campus population has declined, so too have the developmental students who are part of that population.

2. The Learning Center enacted biweekly focused tutor training in support of developmental math tutoring.

3. 274 students who were admitted as "double developmental" (both MTH and ENG) were enrolled in TROY 0095 classes in the Fall 2019 (48 such students enrolled in this class for Spring 2020). This course is a focused approach to learning (course title is "Learning Mindset") and integrates course content from developmental MTH and ENG classes into tutoring support from the Learning Center for scaffolded learning.

4. Double developmental students have increased from 164 in the Fall 2015 to 281 in the Fall 2020. This creates a multi-semester "slow start" for students to engage fully in college credit classes and is an impediment to both retention and progression.

5. The good news is that retention of developmentally placed students has risen from 64% in the Fall15-Fall16 measure to 74% in the Fall19- Fall20 analysis. Retained developmental students increased from 513 in Fall15-Fall16 to 706 retained developmental students for Fall19- Fall20.

6. Unfortunately, only 23% of developmental students from the Fall 2014 cohort group graduated within six years (893 students/208 graduates). This lack of progression to completion will need continued attention by the University.

7. There is some optimism that as the trend line for retention of developmental students is now going up, that the graduation trend line will begin to show an upward movement as well. Graduation data, it is hoped, will follow retention data.

8. Developmental enrollments continue to account for a significant percentage of all undergraduate enrollments, especially for first-year students.

9. Students are enrolling at Troy University with poor preparation in Math and English. National standardized assessments of primary school children in Alabama suggest that the state lags far behind the rest of the country, and the region, in Math and Verbal learning (ranking dead last in the nation in a recent release of data for third graders). This lack of preparation continues throughout the student's primary, middle school and high school years, resulting in a high percentage of University first-time students who are not prepared in these foundational areas.

2.c. Leveraging the talents of the faculty in mentoring students.

Start: 08/01/2020
End: 07/31/2021
Responsible Users: Lance Tatum (ltatum@troy.edu)
Performance Indicator: null
Percentage completion: Spring 2021 Semester Update: No formal activity at this time.

2.d. Enhancing scholarship support for promising students.

Start: 08/01/2020
End: 07/31/2021
Responsible Users: Tiffani Schmidt (tnstephens@troy.edu)
Performance Indicator:
The new merit based scholarship program was released beginning fall 2020. We have worked and continue to work diligently to advertise the scholarship program as well as Foundation Scholarships to qualified students. The role that we play in the Office of Admissions is primarily for incoming students however, we meet often with current students who are performing well at TROY and need additional assistance. Due to our Academic Works Scholarship platform we have been able to actually track offered awards to transmitted awards, allowing us to utilize more Foundation Scholarships than we have in the recent 5+ years. Our performance will be reviewed by the transmittal rate of both merit and foundation scholarships compared year over year.
Percentage completion: 75
Spring 2021 Semester Update: We will not be able to compare the 2020 merit scholarship program to the 2021 merit scholarship program until census day in fall 2021.

Regarding Foundation Scholarships, this data was provided to Ronnie in February 2021 and the 2020-2021 numbers will not be finalized until after summer/T5 2021 because we continue to work to offer/award Foundation Scholarships through the entire academic year. We are on track to offer and transmit more Foundation Scholarships in 2020-2021 academic year than we did the 2019/2020 year.

2.e. More closely monitoring the academic participation and progress of first-year and second-year students.

Start: 08/01/2020
End: 07/31/2021

Responsible Users: Hal Fulmer (hfulmer@troy.edu)

Performance Indicator:

1. Student retention: semester/term to semester/term plus annual retention plus "third Fall" retention for Troy Campus students
2. Student progression: semester to semester, term to term, accrued progression within a term-based year ("how many terms did the student enroll in, and complete, during a 12-month period?")
3. Student degree completion: time-to-degree for Troy Campus students; for non-residential Alabama campus students; for TROY Online students; for full-time students (regardless of location); for part-time students (regardless of location); for students entering classified as "at-risk": conditional admission, developmentally placed, undeclared major, entering probation status within Year One, within Year One and Two, at any time thereafter; for students who are part of the ADA program; for students who are part of the TRIO programs

Percentage completion: 18

Spring 2021 Semester Update:

To address the need for Second Year success by University students, the following steps have been taken in the late Fall 2020 and Spring 2021:

1. Students currently advised in the JWS Center for Student Success as "first year advisees" will now remain in the JWS until they have achieved 45 hours of academic credit (previously this threshold was 30 hours).
2. The University approved the redirection of monies (from a JWS retired staff member) in order to create a program advisor in Career Services. This program advisor will have a defined communication/connection/advising role for these students as they transition from the JWS into their respective academic departments (and faculty advisors).

Additionally:

1. in AY 19-20, 752 students were classified as "undeclared" within the JWS. 36% of those students declared a major (273/752); most of these were at the transition point for entering the Second Year.
2. 72% of conditionally admitted students were retained from Fall19 to Fall 20, further extending the likelihood of these students moving into their Second Year. The overall retention rate for all freshman advised in the JWS Center for the Fall19 to Fall20 period was 90% (a significant level of retention for students moving from Year One to Year Two).
3. From Fall18 to Fall 19 (most recent data), the retention of students in the Troy Campus TRIO-Student Support Services program was 98%.

2.f. Using University communications and marketing to create, sustain, and enhance a feeling of unity and family among TROY faculty, staff, and students in order to bind and hold them together.

Start: 08/01/2020
End: 07/31/2021

Responsible Users: Matthew Clower (mclower@troy.edu)

Performance Indicator:

Marketing and Communications will create content including social media and the blog posts throughout the year designed to instill a sense of unity and pride among all parts of the TROY community, to include faculty, staff, students, alumni and other constituents.

Percentage completion: 60

Spring 2021 Semester Update:

See attached PDF for an additional 13 social media posts aimed at meeting this objective.
2.g. Intensifying promotion and recruitment efforts to target on-line growth in the adult and non-traditional student market with strategic focus on on-line graduate programs.

Start: 08/01/2020
End: 07/31/2021
Responsible Users: Samantha Johnson (johnson@troy.edu)

Performance Indicator:
Troy University’s office of Marketing and Communication has engaged Stamats firm, an expert in higher education marketing and research, to conduct market analysis in three-year intervals to evaluate awareness and favorability of TROY across various target audiences and locations. The most recent reports of 2014 and 2017 highlighted key performance indicators (KPIs) of overall awareness at 69% and 67% and favorability at 97% and 95%, respectively. Because these KPIs indicate stability and probable audience saturation, projections for Stamats assessment of audience penetration for TROY 2020 are 67-69% for overall awareness and 95-97% for overall favorability.

Percentage completion: 40

Spring 2021 Semester Update:
The launch of Troy University's new advertising campaign set to premiere Spring 2021. The following steps have been accomplished with this goal in mind.

- Creative production began: March 2021
- Campaign approval: April 2021

The University should be actively engaged in understanding the specifics of how this context has shifted and should be particularly sensitive about believing that future success strategies/activities can return to "how they used to be" before the COVID outbreak in Spring 2020.
