

Teacher Education Program (TEP)

Early Childhood Education | Early Childhood Education
Collaborative / Special Education Teacher | Secondary Education (ELA, History, Social Science)

For applicants residing outside of Alabama:

Each state has its own approval process for out-of-state institutions offering distance education. While Troy University strives to offer all of its programs nationwide, all Troy University distance education programs may not be available in all states.

The **Teacher Education Program (TEP)** at Troy University is specifically designed to meet the educational requirements for certification through the Alabama State Department of Education. For students located outside of Alabama, Troy University has not yet determined if this program meets the educational requirements for licensure or certification in states other than Alabama.

Students are strongly encouraged to contact the appropriate state education board to verify whether successful completion of TROY's Teacher Education program will qualify them for certification in their home state. For detailed licensure requirements, please visit the appropriate state's licensing website.

For questions, contact the Office of State Authorization at stateauthorization@troy.edu.
