## CHANCELLOR'S WELCOME

Commencement is a monumental day in the life of Troy University. It is the day when years of dedication and hard work are rewarded. It is the day to celebrate achievement. On behalf of the Troy University family around the world, I am pleased to welcome our guests to this important ceremony.

A special word of welcome is in order for the families of our graduates. Many of you have sacrificed a great deal to make this special day possible. Many attending this ceremony have helped shape the values and vision of our graduates. Thank you for supporting and guiding those we honor this day.

Commencement is also a time of reflection. It provides graduates the occasion to look back one last time at their TROY careers before moving forward. I hope our graduates' memories include those special faculty members who have helped them along the way. Our faculty and staff work hard each day to ensure Troy University provides a valuable education experience for our students.

Great universities stir great emotions, especially during special occasions such as commencement. Thank you for sharing this momentous occasion with us. It's an honor to welcome you to Troy University.

A handwritten signature in black ink, reading "Jack Hawkins, Jr.", with a stylized flourish at the end.

Jack Hawkins, Jr., Ph.D.  
Chancellor

## TROY UNIVERSITY HISTORY

Troy University traces its origin to the Troy State Normal School established on February 26, 1887, by an Act of the Alabama Legislature. The normal school or teachers college concept emerged in the nineteenth century as a way to train teachers for the nation's developing educational system. Since its origin as a teachers college, Troy University has continued to expand its mission, increase its degree offerings and periodically change its name to reflect its new activities. On December 14, 1967 Troy State College became Troy State University. Today, the University serves the educational needs of students in Alabama, throughout the United States and around the world. Troy University's graduates number more than 160,000 alumni representing all 50 states and numerous foreign countries. On August 1, 2005, to reflect the merger of its system campuses into a single University, the institution again changed its name and is now known as Troy University.

## NATIONAL ANTHEM

Oh say, can you see, by the dawn's early light  
What so proudly we hailed at the twilight's last gleaming?  
Whose broad stripes and bright stars through the perilous fight,  
O'er the ramparts we watch'd, were so gallantly streaming?

And the rocket's red glare, the bombs bursting in air  
Gave proof through the night that our flag was still there.  
Oh, say, does that Star-Spangled Banner yet wave  
O'er the land of the free and the home of the brave?

*Francis Scott Key*

## ALMA MATER

TROY UNIVERSITY ALMA MATER

by Robert W. Smith(Class of '79) and Ralph Ford(Class of '86)

## **The Origin and History of Academic Regalia**

The wearing of academic regalia goes back a long way, to the 12th century. Everyone wore “gowns”—long robes—in those days, and for a very good reason: to keep warm. When the styles finally changed, professional people alone wore the gown as a visible token of their profession.

The hood came along in the 13th century. Originally it was called a “chaperon,” and was a kind of pointed bag with an oval opening for the face. It went through several phases, including one as a turban, before it settled down to its present shape and function, the latter being an indicator of rank as shown by color combinations.

As for the mortarboard(also called cap and originally “Biretta”), its origin is not so well documented. Some say it was derived from the master workman’s actual mortar board. Others say it began at Oxford, and was named for that school’s quadrangular campus. The best guess is that, inasmuch as university men in the Middle Ages wore close-fitting skull caps inside the cold and draughty buildings and put the soft square biretta on over the skull cap when they went outdoors, the mortarboard resulted from combining the two into a single head covering.

The degree colors are appropriate to the category of the degree, rather than to the scholar’s major subject. For example, the appropriate color for degrees in Arts and Letters is white; in Business, drab; in Education, light blue; in Law, purple; in Music, pink; in Nursing, apricot; in Philosophy, dark blue; in Religion, scarlet; in Science, golden yellow. These colors are used for the trim of all hoods and may be used for the velvet facing and sleeve bars on doctors’ gowns and tassels on bachelors’ and masters’ caps. The institutional colors, with which the hoods are lined, indicate the university or college granting the degree. The colors for Troy University are cardinal and black.

Academic regalia have survived the changes and upheavals of the centuries. Long, long ago, they identified the scholar, the learned student, the seeker after truth. At Troy University, they still do.
