IV. Reports

A. Chancellor

Chancellor Hawkins thanked Board members for their attendance today.

The following is a summary of the Chancellor's Report.

The Chancellor reported that Moody's Investor Service issued a report in September predicting closures of small college and universities will triple by 2017 and mergers will double. Examples cited for closures in progress are Briarcliffe College, Marian Court College in Swampscott, and Miller College. Dr. Hawkins added that Moody's prediction states that as many as 15 colleges annually could be affected. According to the National Center for Education Statistics there have been 129 college closures from 1990-2014. The Chancellor remarked that daily there are reminders of the challenges colleges and universities face that is manifest in the financial health of these institutions. He added that in today's environment there is a shrinking number of college age students and it impacts the enrollments and enrollments impact the financial health of an institution. This is the trend colleges and universities are facing.

A summary of the agenda was shared which included an (1) enrollment update, (2) a financial report to include an update on the student recreation center, (3) Athletics report, (4) authorization of an ad hoc committee on external affairs, and (5) a resolution in memory of Dr. Doug Hawkins and a resolution honoring Mr. Lamar P. Higgins.

The Chancellor congratulated Mr. Forrest Latta and Senator Gerald Dial on their reappointment to the Board. Chancellor Hawkins also congratulated Mr. Earl Johnson on his appointment to the Board.

HIGHER EDUCATION

In higher education, the Chancellor stated that the for-profit institutions are under scrutiny. It was noted that in November Argosy Agency was charged with financial aid fraud and illegally paying recruiters. The settlement reflects that Argosy paid \$95M to the U.S. Government for illegal recruiting practices. It was noted that recently the Florida Legislature introduced bills to toughen regulations relating to for-profits.

Also, the Chancellor reported that on October 30th Dade Medical College closed all six campuses. He continued by stating that debt owed by for-profit students now exceeds \$229; this is compared to \$39B in 2000. The for-profit default rate is three times higher than traditional 4-year university rates.

Continuing with his report on higher education, the Chancellor shared some information about campus unrest across the country. He cited protests in Missouri, Yale, Princeton, Ithaca College, Claremont-McKenna, and Brandeis. He added that the bottom line is that an institution has to stand on its values and preserve its culture.

The outlook for the financial picture for 2015 in higher education is not promising across the country. Student debt is at an all-time high with an average of \$30k owed per student. Projections by Moody's suggest that there will be a weak growth (2-3%) in net tuition revenue. Approximately 40% of U.S. universities report lower enrollment for 2015 compared to 2010, and in Alabama competition is at an all-time high with 285 colleges and universities. It was noted that there has also been a drop in low-income student enrollments. It was noted that reports reflect that approximately 40,000 students in Alabama are studying with out-of-state institutions. Chancellor Hawkins said we need to be mindful of these numbers and focus on "owning our own backyard."

IMPLICATIONS FOR 2016

In looking ahead to 2016, the Chancellor stated that enrollment will be key. Recruiting and retention will be a key focus. It was noted that TROY University graduates approximately 36% of its students within six years. Our goal is to be in the 50% range and that would mean between 10-15M dollars difference for our financial health. Dr. Hawkins added that the university will continue to right-size which will mean some programs will continue to close. This is happening not only here but across the country, and continued tuition increases are predicted. Institutions are facing technology challenges and cyber security is becoming a major concern. In his comments, Dr. Hawkins noted that TROY University's Information Technology team was named the best in the nation for cyber security from over 600 nominees. It was reported that 42% of U.S. universities say that "finding new revenue sources" is a number one goal. Dr. Hawkins added that if the university can take care of enrollment the financial health will take care of itself.

ENROLLMENT SNAPSHOT-FALL 2015

Dr. Hawkins reported that a record number of undergraduate new starts for the Troy Campus shows 2,362 and undergraduate new starts across the board for TROY are up 7%. Troy Campus enrollment is at an all-time high at 7,479. It was noted that there are slight declines at other Alabama campuses and TROY Online. Dr. Hawkins stated that later in the meeting Dr. John Dew, Senior Vice Chancellor for Student Services and Administration, will provide an overview of the total picture along with strategies for turning around the overall enrollment across TROY.

BUILDING BEYOND BOUNDARIES CAPITAL CAMPAIGN

The Chancellor reported that the goal was set at \$200M and the goal was surpassed raising \$258.3M. \$102M in support was generated from Development, \$156.3M from Sponsored Programs, over 13k alumni made gifts, and 106 scholarships funded with \$6M in new gifts. It was noted that there are 310 members in the TROY Shield Society. Dr. Hawkins also thanked Mr. Vance for his generous gift that will go to our legal studies program.

As part of his report, the Chancellor shared a brief video from a Confucius Institute delegation's trip to China that Senator Dial led. Senator Dial shared highlights of the trip with Board members adding that it was a great trip.

A brief video was shared in regard to Commencement in Vietnam. Dr. Hawkins added that a powerful speech was given by Hanoi University Science and Technology graduate Thao Nguyen.

INSTITUTIONAL HONORS AND HIGHLIGHTS

Troy University was named "Best in the Southeast" for the eleventh straight year. The University continues to be in the top tier in the U.S. News and World Report and was recognized in the Military Times as "Best for Vets" for the third consecutive year, and Forbes Magazine listed TROY in the top 22% in the nation.

The Chancellor reported Troy saw a record number of sorority pledges for 2015. More than 370 women pledged and it was noted that the time has come to think about adding new chapters to accommodate our students who want the Greek experience.

It was noted that Troy's Air Force ROTC program has been expanded to four years.

Following the Chancellor's report, Senator Dial advised the Board that the Legislature passed a bill creating a separate board for the two-year college system in Alabama. Senator Dial made brief comments in regard to consolidation of the two-year college programs which he described as similar to what Troy University did when it went to "one great university." Discussion followed.

B. Board Committee Reports

• Student Affairs Committee, Honorable Lamar P. Higgins

Mr. Higgins reported that the Student Affairs Committee has not met but will have a report from SGA President Heath Barton as well as an enrollment report given by Dr. John Dew.

Before beginning the reports, Mr. Higgins referred to the Chancellor's comments of unrest at universities and shared that he has had conversations with people across the country in regard to racial tension. He stated the one thing he said to them is that it will not happen at TROY University and the reason he believes that is true because we have people who listen to the students. The University has mechanisms in place in the Student Government Association that when students have an issue they will reach out to the SGA President who will talk to the Senior Vice Chancellor for Student Affairs and Administration. Mr. Higgins commented that he is proud of the direction we are moving, although we are not where we would like to be, but we have come a long way. He cited examples of partnerships with the community that are making a difference in our efforts. Mr. Higgins shared the example of the AME Church and what the University has been doing in the last few years to reach out to community groups and people see

things differently and view things differently. He expressed his appreciation for what the University is doing, especially Dr. Hawkins and the staff.

Mr. Higgins shared that last week Troy University received an award from Mrs. Parks' church as part of the 60th Anniversary of Montgomery Bus Boycott for preserving the legacy of Mrs. Parks through the Rosa Parks Museum. Mr. Higgins added that the University was well represented with the Chancellor in attendance as well as Troy's SGA President, Heath Barton.

In closing, Mr. Higgins turned the program over to SGA President, Heath Barton, to give an SGA report.

The following is an outline of Dr. Dew's report:

Recruiting Results for Fall 2015

- Troy Campus students enroll in more courses per student than the part-time students at other campuses

Mr. Higgins stated that the above concludes the Student Affairs Report. Senator Dial thanked Mr. Higgins and Heath Barton for their leadership.

- **Finance Committee, Honorable Gibson Vance**

Mr. Vance reported that the Finance Committee met last month and reviewed all numbers. He added that Dr. Bookout will share information about a major accounting concern that TROY and every other will have to deal with as it relates to the Teachers Retirement System and the fact that there is a \$9B unfunded liability of the Retirement System. TROY as well as all universities will be required to show a percentage of those unfunded pension dollars in our books. The good news is, Mr. Vance stated, that our leadership has kept us in a financial position so that when we have to show these numbers the University will still look good as compared to some of our competitors. Mr. Vance turned the reporting over to Dr. Bookout.

Financial Report—Dr. Jim Bookout

Dr. Bookout mentioned Moody's as a follow up to the Chancellor's comments. He indicated he had reached out to Moody's to inquire how Moody's will handle this change in financial statements requirements. Dr. Bookout added that at this point he is unsure how Moody's will handle.

Dr. Bookout stated that his report would cover the following areas:

- Governmental Accounting Standards Board (GASB) implementation
- 2015 Financial Report
- 2015 Financial Deep Dive
- Funds Held for Investment
- Facilities Update
- 2016 Bond Issue Resolution

GASB Implementation—

As a follow up to Mr. Vance's statement reference unfunded Retirement Systems liability, Dr. Bookout explained the latest changes from the Governmental Accounting Standards Board in regard to the requirements being placed on colleges and universities by the Teachers' Retirement System (TRS) to show its portion of the unfunded pension liability. Dr. Bookout stated that this requirement would significantly reduce Troy's unrestricted net position. He added that for FY2015 TRS has a total pension liability of \$30 billion—of which \$9.1 billion is unfunded. TROY's share of this \$9.1 billion is based on the actuarial value of pension benefits due to active and retired TROY employees eligible for TRS benefits. Dr. Bookout added that because of the complexity, the actuarial valuation is two years in arrears and he stated that there will also be additional disclosures required in the financial statement report.

Dr. Bookout continued by sharing the impact of GASB requirements on approximately 6,000 institutions and organizations. Discussion followed.

2015 Financial Report—

Dr. Bookout shared an overview of the Statements of Revenue, Expense and Changes in Net Position.

- Revenue—97% of the revenue expected was generated, which is always a good sign.
- Expense—Spent 98% which represents a slight problem but it was noted that there are some deferrals reflected that will make it a positive return
- Net Position Changes—a comparison of a 10-year history was shared and variances in revenue and expense categories this year and last year were highlighted. Information

was shared in regard to assets and liabilities. Dr. Bookout further mentioned reserved funds that have already been committed for various project and will share additional information in the facilities section of his report.

2015 Financial Deep Dive—

In regard to a Deep Dive of the financial picture, Dr. Bookout explained that performing a Deep Dive analysis of the University's financial position allows us to drill down further and analyze many of the numbers as we look at resilience in the face of adverse conditions, risk exposures such as enrollment trends and debt levels.

Dr. Bookout said that we use a primary reserve ratio to assess our strengths in key financial related areas through the deep dive analysis process. He briefly ran through the ratios which indicate the ability of the University to support current level of operations from expendable resources, without considering revenues generated from operations. Dr. Bookout stated that a benchmark of 40% or better is considered an advisable reserve.

Funds Held for Investment—

It was noted that our reserve balance is \$103 million with encumbrances of \$10 million and Dr. Bookout added that the reserve balance will be closely monitored. The Board was assured of the University's financial stability.

Facilities Update—

Dr. Bookout said the commitment to building a reserve has been the foundation of financial management at Troy University. He added that as we consider new projects and evaluate project priorities, it is important to note that the reserves/savings set aside for capital improvements to include renovations and repairs are critical to the University's strategic plan and mission. Dr. Bookout continued by saying that as capital budgeting is considered the University first saves and spends only when it has accumulated funds through good stewardship and effective management of cost. He further noted that the University strategically balances capital structure by leveraging projects financed with debt versus reserves by ensuring that debt financed projects, such as a housing facility, have a positive return on that investment by earning more than the cost of the debt that was used to finance the projects.

Dr. Bookout highlighted a few of the capital projects to include the Adams Administration Admissions renovation/addition, improvements to our Fort Walton Beach Campus, and University Park new training center (City of Troy is funding this project), the North End Zone Complex at Memorial Stadium, the new student recreation center, and Troy Campus electrical infrastructure improvements.

2016 Bond Issue Resolution—

Dr. Bookout referred to the resolution before the Board today for approval of the Series 2016 Bonds, which will provide funds for a new student recreation facility.

o **Resolution No. 1-Series 2016 Bond Resolution**

Following Dr. Bookout's report, Mr. Vance introduced Resolution No. 1—Series 2016 Bond Resolution—for approval by the Board.

Resolution No. 1

ARTICLE III

SERIES 2016 BONDS

Section 3.1 Authorization and Issuance of Series 2016 Bonds. This Resolution constitutes a Series Resolution under the General Bond Resolution in order to provide for the issuance of the Series 2016 Bonds.

Pursuant to the authorization to do so contained in the General Bond Resolution and in Section 16-3-28, Code of Alabama (1975), as amended, the Series 2016 Bonds are hereby authorized to be issued, as one or more series of Bonds under the General Bond Resolution, in an aggregate principal amount currently estimated at \$15,000,000, but not to exceed \$20,000,000. The current expectation is that one series of Bonds will be issued to fund the costs of the Facilities described in Section 2.1(a) hereof; however the Series 2016 Bonds may be issued in more than series at the discretion of the Chancellor and Treasurer.

The Series 2016 Bonds shall be issued, if at all, subject to the discretion of the Chancellor and Treasurer, in consultation with the University's financial professionals, based on prevailing market conditions at the time or times of the proposed sale thereof. The issuance of any part, series or sub-series of the Series 2016 Bonds shall in itself conclusively evidence the determination by the Chancellor and the Treasurer that market conditions at that time warranted the issuance of that part, series or sub-series of the Series 2016 Bonds. The Series 2016 Bonds may be sold by public or private sale at the discretion of the Chancellor and Treasurer, in consultation with the University's financial professionals, and the Chancellor and Treasurer are authorized to take any actions necessary to conduct a private or public sale of the Series 2016 Bonds as they may deem appropriate.

At the time of issuance of the Series 2016 Bonds, the University shall file with the Secretary of the Board and the Trustee the same items that are required, pursuant to Section 2.3 of the General Bond Resolution, to be so filed prior to the issuance of any series of Additional Bonds.

Section 3.2 Certain Terms and Provisions of Series 2016 Bonds.

(a) The Board hereby determines and prescribes the following terms, provisions and other matters relative to the Series 2016 Bonds:

(1) The Series 2016 Bonds shall be issued, subject to the discretion of the Chancellor and Treasurer of the University, in consultation with Bond Counsel and the other professionals advising the University in connection with the issuance of the Bonds, at such time or times, in one or more series or sub-series, and on a Tax-Exempt and/or (if and to the extent required under the Code) Taxable basis. Reference is made to Section 3.3 hereof for certain representations and covenants of the University in respect of any Series 2016 Bonds issued on a Tax-Exempt basis.

(2) The Series 2016 Bonds shall be generally designated "Troy University, Facilities Revenue Bonds, Series 2016", with such other or special designations as to any part, series or sub-series thereof, if any, as the Chancellor and Treasurer are hereby authorized and entrusted to set forth in the Series 2016 Determination Document; and shall be fully registered as to both principal and interest, with each separate series or sub-series thereof numbered consecutively from R-1 upwards.

(3) The University will not fund or provide for a reserve fund for the Series 2016 Bonds, unless the Chancellor and Treasurer determine that a reserve fund is necessary to obtain the most favorable terms for the financing of the 2016 Project (as defined in (4) below).

will be applied to pay costs of the Facilities described in Section 2.1(a) (hereinafter

(4) Because a substantial portion of the proceeds of the Series 2016 Bonds referred to, collectively, as the "2016 Project"), the University will establish the Series 2016 Construction Account, more fully described in Section 3.4 hereof.

(5) The proceeds of the Series 2016 Bonds shall be used as provided in Section 2.1(a) hereof, subject to the discretion permitted therein and in the General Bond Resolution.

(b) Subject to the conditions set forth below in this subsection (b), the Board hereby authorizes and entrusts the Chancellor and Treasurer to determine or prescribe, in the Series 2016 Determination Document, which shall constitute an integral part of this Series Resolution, such of the other terms, provisions and other matters relative to the Series 2016 Bonds enumerated in Section 2.4(c) of the General Bond Resolution as they deem necessary or desirable. The net interest cost of any Series 2016 Bonds issued as a series of Tax-Exempt Bonds shall not exceed 5.000% and the net interest cost of any Series 2016 Bonds issued as a series of Taxable Bonds shall not exceed 7.000%.

Section 3.3 Tax-Related Representations and Covenants. Any reference in this Section 3.3 to the "Series 2016 Bonds" shall be deemed to refer, on a series by series (or sub-series) basis, only to that series or those series (or sub-series) of Series 2016 Bonds issued on a Tax-Exempt basis. The University makes the following representations, warranties and covenants as the basis for its issuance of the Series 2016 Bonds, which representations, warranties and covenants are intended to be relied upon:

(a) The University warrants that the interest on any Tax-Exempt Series 2016 Bonds is and will continue to be excludable from the gross income of the owners thereof for federal income tax purposes. The University will continuously comply with all requirements imposed by the Code as conditions to the exclusion from gross income for federal income tax purposes of the interest on any Tax-Exempt Series 2016 Bonds.

(b) The University will not apply or permit the proceeds of the Series 2016 Bonds to be applied in a manner that would cause any of them to be deemed "private activity bonds" within the meaning of Section 141 of the Code. The University shall assure that (i) not in excess of ten percent (10%) of the Net Proceeds of the Series 2016 Bonds is used for Private Business Use if, in addition, the payment of more than ten percent (10%) of the principal or ten percent (10%) of the interest due on the Series 2016 Bonds during the term thereof is, under the terms of the Series 2016 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the University, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) in the event that both (A) in excess of five percent (5%) of the Net Proceeds of the Series 2016 Bonds are used for a Private Business Use, and (B) an amount in excess of five percent (5%) of the principal or five percent (5%) of the interest due on the Series 2016 Bonds during the term thereof is, under the terms of the Series 2016 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the University, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said five percent (5%) of Net Proceeds of the Series 2016 Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of a portion of the projects financed with the Net Proceeds and shall not exceed the proceeds used for the governmental use of the portion of such projects to which such Private Business Use is related.

(c) The University shall assure that not in excess of the lesser of five percent (5%) of the Net Proceeds of the Series 2016 Bonds or five million dollars are used, directly or indirectly, to make or finance a loan (other than loans constituting nonpurpose investments (within the meaning of section 148(f)(6)(A) of the Tax Code)) to persons other than state or local government units.

(d) Except to the extent permitted under Section 149(b)(3) of the Code, (i) payment of principal of or interest on the Series 2016 Bonds is not directly, indirectly or otherwise guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof), and (ii) none of the proceeds of the Series 2016 Bonds will be used to make loans the payment of principal or interest with respect to which is to be guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof).

(e) The University covenants that it will restrict the use and investment of the proceeds of the Series 2016 Bonds in such manner and to such extent, if any, and take or refrain from taking such other actions, all as may be necessary, after taking into account reasonable expectations at the time of the delivery of and payment for the Series 2016 Bonds, so that the Series 2016 Bonds will not constitute "arbitrage bonds" within the meaning of Section 148 of the Code or "hedge bonds" within the meaning of Section 149(g) of the Code.

(f) The Chancellor or Treasurer is hereby authorized to execute and deliver, for inclusion in the transcript of proceedings for the Series 2016 Bonds, a Tax Compliance Certificate relating to and made as of the Issue Date of the Series 2016 Bonds. Such Tax Compliance Certificate shall, among other things, reaffirm as of its date the continuing accuracy, completeness and correctness of the tax-related representations herein contained, set forth the reasonable expectations of the University regarding the amount and use of all the proceeds of the Series 2016 Bonds and the facts and estimates on which those expectations are based, and contain such other and further representations, covenants, designations and elections on the part of the University as Bond Counsel or the Purchaser shall request to evidence the Tax-Exempt status of those of the Series 2016 Bonds issued on a Tax-Exempt basis and the commitment of the University to maintain the same. The University hereby agrees to perform any such covenants contained in the Tax Compliance Certificate.

(g) The University will make such informational reports as may be required under the Code, and in particular Section 149(e) thereof, with respect to the issuance of the Series 2016 Bonds.

(h) The University covenants that it will (1) apply the proceeds of the Series 2016 Bonds to the governmental purposes of the borrowing, (2) make timely rebate payments to the United States, if any are required, and (3) maintain books and records and make calculations and reports necessary to make and to evidence sufficient rebate payments.

(i) In the event that the aggregate principal amount of Series 2016 Bonds to be issued during a calendar year together with any other tax-exempt obligations to be issued by the University during such calendar year is equal to or less than the amounts set forth in Section 256(b)(3)(C) and (D) of the Code (as such provisions may be amended), the Chancellor is hereby authorized, upon consultation with Bond Counsel, to designate such Series 2016 Bonds as "qualified tax-exempt obligations" within the meaning and for purposes of Section 265(b)(3)(B) of the Code. Such designation, if made, shall be made in the Determination Document or the Tax Compliance Certificate for that series or sub-series of Series 2016 Bonds and shall be accompanied by such representations and warranties as are customarily made in connection with such a designation.

Section 3.4 Series 2016 Construction Account.

(a) The University shall open and maintain one or more separate accounts to be known collectively as the "Series 2016 Construction Account" (with such additional designations as may be appropriate to distinguish the accounts, if more than one, from one

another), in each case in a bank which is a member of the Federal Deposit Insurance Corporation or any agency which may hereafter succeed to its functions and duties.

(b) The moneys in the Series 2016 Construction Account shall be applied only to pay or reimburse (1) costs of the 2016 Project, including the repayment of any interim or temporary loans or advances made to or by the University for such purpose, and (2) the costs and expenses of issuing the Series 2016 Bonds. Withdrawals may be made by the University from the Series 2016 Construction Account by order accompanied by a certificate or certificates signed by an authorized officer of the University, stating the name of the payee and the amount and purpose of the payment. The Trustee shall serve as principal depository of the Series 2016 Construction Account and shall administer withdrawals therefrom in accordance with the aforementioned procedures, but the Trustee shall not be responsible for the application of any moneys so withdrawn from said Account by the University.

(c) Any moneys on deposit in a Series 2016 Construction Account not required for current disbursements shall be invested in Permitted Investments, as hereinafter defined, as directed in writing by the University. Any such investments shall be payable in such amounts and at such times as may be necessary to meet required payments from that Series 2016 Construction Account. The earnings from any such investments shall be deposited in that Series 2016 Construction Account. No investment shall be made which would cause any Tax-Exempt series or sub-series of the Series 2016 Bonds to be "arbitrage bonds" or "hedge bonds" as those terms are used in Section 148 and Section 149(g), respectively, of the Code. The depository for any Series 2016 Construction Account which shall hold the proceeds of any Tax-Exempt series or sub-series of the Series 2016 Bonds, by acceptance of its duties hereunder, agrees to keep such records and supply such information to the University as will enable the University to make any necessary rebate payments in a timely manner; provided, however, that the furnishing by the Trustee of records or information in addition to standard account records of deposits, withdrawals and investment income shall, at the option of the Trustee, be treated as an Extraordinary Service under the General Bond Resolution.

(d) As used herein, "Permitted Investments" shall mean and include any of the following (unless proscribed by the provider of any Credit Enhancement for all or any part or sub-series of the Series 2016 Bonds):

(1) Cash (insured at all times by the Federal Deposit Insurance Corporation);
