The sport management degree programs at Troy University have received specialized accreditation through the Commission on Sport Management Accreditation (COSMA) located in Fort Collins, Colorado, USA. The sport management programs in the following degrees are accredited by COSMA:

- Bachelor of Science in Hospitality, Sport & Tourism Management Sport Management Concentration
- Master of Science in Sport Management
- Doctor of Philosophy in Sport Management

**Explanation of course action for intended outcomes not met:

7/7 B.S. HSTM-SM SLOs were achieved. All B.S. Sport Management program goals and objectives were met; the SLO results indicate that the mission of the program is being achieved. Although this program has a rich history of documenting continuous improvement towards very high standards, this is the first year that the results of every measure for each outcome has met or exceeded the set expectation. Last AY, it was determined that with 5/7 outcomes meeting the program overall was effective in meeting its mission; as such, going into AY 19-20, few changes were made. There was, however, the addition of a course that Sport Management students might take as an elective, HSTM 3320 Event Information, Communication and Technology as well as slight adjustments to HSTM 4452 Sport Communication renamed to HSTM Sport Communication and Emerging Technology. More focus on examining emerging technologies and how they influence communication strategies was put in place. Additionally, this past year, we placed emphasis on oral and written components of the curriculum, particularly in the following four courses: Research Methods, Sport Analytics, Sport Communication & Emerging Technologies and Case Studies in Sport Management; this allowed faculty an opportunity to focus on enhancing skillsets associated with students articulating solutions through the discussion of research and data.

Notes: 1) If you are using different direct and indirect measures for different degree programs, please replicate this form, using one form for each program that has different measures. If different programs use the same measures, only one copy of this form is needed. 2) At a minimum, you are required to use two

direct and two indirect measures to assess all of your student learning outcomes. You are not required to measure each student learning outcome with more than one measure, though it is encouraged. This matrix offers space to show that you have more than one measure for each SLO, but it is not required.

**Explanation of course action for intended outcomes not met:

5/5 SLOs were achieved. All M.S. Sport Management program goals and objectives were met; the SLO results indicate that the mission of the program is being achieved.

This is the second consecutive year that all measures for each SLO were achieved, indicating consistency with the deliverables. Over the course of the past two years (2018-2020), faculty evaluated the assessment system and realized a need for consistent grading procedures as well as consistent graders for all graduate comprehensive exam processes. This uniformity has accounted for more reliable assessment results related to comprehensive exams.

**Explanation of course action for intended outcomes not met:

8/8 SLOs were achieved. All Ph.D. Sport Management program goals and objectives were met; the SLO results indicate that the mission of the program is being achieved. With regards to the doctoral program, one of the biggest testaments of the success of the program is the level of scholarly productivity that the students are achieving. For AY 2018-2019, doctoral students published 8 peer-reviewed articles, achieved 7 presentations, authored/coauthored 2 online books,1 book chapter and 4 editor-reviewed publications, for a total of 22 scholarly achievements. For AY 2019-2020, doctoral students published 7 peer-reviewed articles, achieved 17 presentations, authored 13 editor reviewed works, for a total of 37 scholarly achievements.

Identify the Benchmark: Resource Allocation, Timeline, & Performance Indicators Data Summary

Assessment Results: 1. Does not meet expectation 2. Meets expectation 3. Exceeds expectation 4. Insefficient dote

			4. Insufficient data
OEG 1	To grow HSTM enrollments		
Observed Data: SLOs – Overall Achievement Scores	7/7 B.S. HSTM SLOs were met. 5/5 M.S. SFM SLOs were met. 8/8 Ph.D. SLOs were met.	Data indicated that the B.S. HSTM, M.S. SM and Ph.D. SM programs achieved all objectives and goals that are linked to the School of HSTM Mission. Staying mission focused, producing quality graduates, with strong content knowledge and soft, transferrable skill sets is a priority for the School of HSTM. The faculty feel that by holding high standards, students will rise to a new level, grow personally, achieve jobs upon graduation, and, ultimately assist in growing HSTM enrollments.	3–Exceed expectations
Observed Data: Average Yearly Enrollment Numbers	2017-2018 1. B.S. HSTM – 348 2. M.S. SFM – 104 3. Ph.D. – SM – 30 4. TOTAL = 482 2018-2019 1. B.S. HSTM -376 2. M.S. SFM – 117 3. Ph.D. SM – 30 4. TOTAL = 523 2019-2020 1. B.S. HSTM – 328 2. M.S. SM – 117 3. Ph.D. SM – 44 4. TOTAL = 489	In 2013 (due to the new B.S. HSTM degree title), there were 0 HSTM majors; in 2015, there were 200 HSTM-Sport Management students and in 2017 there are 348 HSTM-Sport Management students. For the AY 2018-2019, total HSTM enrollments grew. Each year we graduate and admit on average 30 to 45 HSTM Sport Management students across programs. For the past three academic years, enrollments have ranged from 482 to 523.	
Observed Data: Average Yearly Graduation Numbers	2018-2019 1. B.S. HSTM – SM Average degrees awarded = 50 2. M.S. SFM – Average degrees awarded = 40 3. Ph.D. – SM – Average degrees awarded = 2 2019-2020 1. B.S. HSTM – SM = 47 2. M.S. SM = 25 3. Ph.D. SM – 1	Graduation data is fairly consistent for the past two years, particularly for the B.S. and Ph.D. programs. With regards to M.S. students, there is fluctuation as is to be expected, likely due to many of these students working full-time jobs.	
Observed Data: 2016-2017, 2017-2018, 2018- 2019 & 2019-2020 Enrollments by Program	 1. B.S. HSTM – New enrollments by year = 342 to 348 to 376 to 238 students 2. M.S. SFM – New enrollments by year = 93 to 104 to 117 to 117 students 3. Ph.D. – SM – New enrollments by year = 23 to 30 to 30 to 44 students 	As evidenced by the historical data, programs are seeing consistent enrollments across programs. Every year, the numbers for all programs have grown and/or remained constant with the exception of the. B.S. HSTM SM enrollments for AY 19-20; there was a slight dip for these number which are likely explained by students crossing over to the hospitality management and/or tourism concentrations (as the School of HSTM saw growth in these areas).	
Observed Data: Track Curriculum Revision & Improvements	 B.S. HSTM – SM: The core curriculum is comprised of 30 hours in the interrelated areas of hospitality, tourism and sport. Students then must choose a 21-hour concentration in one of the three aforementioned areas. Additionally, students then will complete an 18-hour minor. Most Sport Management students will minor in Global Business Administration, Promotions, Marketing, Hospitality or Tourism. <u>https://resources.troy.edu/catalogs/1920undergraduate/pdf/docum ents/15U-CHHS.pdf</u> M.S. SFM –The core program consists of 12 hours (i.e. foundation course, statistics course and two research courses). All Sport Management students are then allowed flexibility to choose 24 definite therein courses are the accurate the section of the section. 	The School of HSTM is constantly reviewing curriculum to ensure that educational innovation is ongoing and open for discussion amongst all faculty. HSTM faculty are committed to creating "consistent" expectations for students. Over the past years, all curriculum has been modified to make students more marketable, provide them content knowledge that is catered to their respective industry interests, and create more flexible curriculum options.	
	24 elective hours in sport management courses to complete their degree. https://resources.troy.edu/catalogs/1920graduate/pdf/documents/7 G-Health-Human-Services-19-20.pdf	Last AY, it was determined that with 5/7 outcomes meeting the program overall was effective in meeting its mission; as such, going into AY 19-20, few changes were made. There was, however, the	

	 3. Ph.D. SM – The Ph.D. in Sport Management initially was offered exclusively online; curricular modifications have allowed for more course options in a traditional environment. These modifications are also aligned with the newly created electives for the M.S. SFM program. There are 5 core classes for the Ph.D. in Sport Management and an additional nine hours of required courses. These 24 hours are offered exclusively online; all elective courses may be taken in either format. An additional rationale to offering a more blended Ph.D. Sport Management program was to be able to engage the international mission of the institution. As an exclusively online program, the ability to accept international students was limited due to governmental restrictions. This is no longer the case and we are able to admit interested and qualified international students to the Ph.D. program. 	addition of a course that Sport Management students might take as an elective, HSTM 3320 Event Information, Communication and Technology as well as slight adjustments to HSTM 4452 Sport Communication renamed to HSTM Sport Communication and Emerging Technology. More focus on examining emerging technologies and how they influence communication strategies was put in place. Also,, for AY 19-20 a sport analytics course was offered for the first time at the undergraduate level. No curricular changes were made to the M.S. and Ph.D. programs for AY 19-20.	
Observed Data: Track high- touch experiences: Advising, Availability	The School of HSTM has a strict advising policy: students should make appointments with their faculty advisors and be prepared during advising meetings. The faculty are committed to teaching HSTM students accountability – and, one of consistent opportunities is in the area of advising. Outside of dedicated advising periods, faculty are expected to be available for a minimum of 10 hours; most faculty have open door policies.	The School of HSTM utilizes high-touch advising, where each student should have personal contact with his/her advisor. These meetings are used to direct the students to volunteer and gain experiences, assist in educational and career planning; it is the belief of the HSTM faculty that students are likely to be more engaged and retained if we "know" them beyond the classroom. This past Spring and Summer (COVID), faculty maintained connectivity with students utilizing primarily Microsoft Office – Teams. Courses that required face to face presentation and/or interviews additionally relied heavily on TEAMS.	
Observed Data: Visibility indicators of: 1. TheBestSchools.Org 2. Best Colleges	 The past 2 academic years, the School of HSTM was approved to move out of the College of Health and Human Services and into the School of Business. For AY 2018-2019 The School of HSTM is increasing visibility through marketable, points: Best Online M.S. Sport Management (BestSchools.Org) Best Online B.S. Sport Management (BestSchools.Org) Best Online Bachelor's Sport Management (Best Colleges) Best Schools - Hospitality For AY 2019-2020 BestSchools.Org – Best Online B.S. Sport Management Program Guide to Online Schools - Best Online Colleges for Value – M.S. Sport Management 	The School of HSTM is fostering enrollments by increasing visibility opportunities and growing the reputation of the programs. The faculty feel that with the move to the School of Business, the visibility and marketability of the programs will improve. Additionally, the School of HSTM faculty feel that access to additional faculty expertise in the areas of marketing, economics, finance, etc. will benefit doctoral students in their committee selections.	
OEG 2 Observed Data: Track Experiential Learning	To enhance the collegiate experience for HSTM students Sport Management Club, Introductory Resumes, Senior Cover Letters, Resumes, Senior Phone Interviews, Senior Face-to-Face	The School of HSTM faculty feel that the student experience is enhanced by	3 – Exceeds expectations

International Initiatives	 travel restrictions; however, the university is adopting a Quality Enhancement Plan that is SACSCOC approved centered on students and faculty becoming more internationally aware and globally prepared. For the AY 19-20, study abroad Trips are planned for: Switzerland, Austria, Bavaria (2019) & Italy (2020) Additionally, the university's approved QEP plan will place emphasis on training faculty and engaging students in intercultural diversity initiatives. For AY 18-19, HSTM faculty and students traveled to Ireland & Greece. Additionally, Dr. Martin and two doctoral students 	that HSTM engages many activities that engage faculty and students in international opportunities. Teaching and traveling abroad allows faculty and students to bring their international experiences back into the classroom (for those students unable to travel), thus providing students with such experiences vicariously. One study abroad course is offered in the HSTM curriculum that directly supports global studies (HSTM 4475) and an additional, minimum 6 hours are required	expectations

	traveled to Vancouver, B.C., Canada to present at the North American Society for the Sociology of Sport Conference. For AY 17-18 the following international initiatives were achieved: 1. Chong Qing Normal University (China) – Dr. Shannon Xu taught Introduction to Sport Management at Chong Qing Normal University to 70 Chinese students. 2. Costa Rica – Dr. Dixon traveled to Costa Rica and met with local universities, federations, governing bodies for soccer and volleyball. 3. Vietnam – Drs. Dixon and Holladay traveled to Vietnam and collaborated with the local community for research. Recently three Vietnam locations have been approved to offer the B.S. in HSTM degree. In addition to the above-listed opportunities the School of HSTM embraces global sport management by housing the International Center for Hospitality, Sport and Tourism (ICHST). ICHST provides a focal point for coordinating research, providing educational and training programs and functions as a think tank and informational resource for hospitality, sport and tourism related issues at Troy University. More information on the ICHST is available at https://www.troy.edu/academics/colleges-schools/health-human- services/departments/hospitality-sport-tourism_ management/international-center-hst.html	in general studies that contain an international focus.	
Observed Data: Track Expanded International Opportunities via Curricula Innovations	Detailed response noted under OEG 1 and via observed data noted above, (i.e. study abroad curriculum opportunities), curriculum revisions and improvements.		
OEG 4	To actively support military personnel in pursuit of HSTM rela	ted degree	
Observed Data: Curriculum opportunities	As noted, 100% of the School of HSTM academic programs (i.e. B.S., M.S. and Ph.D.) are offered online. This assists the School of HSTM in achieving one of the university's major initiatives; that is, active duty military are able to complete an HSTM degree.	All HSTM degree options are accessible to active duty military and family members (that may need to relocate).	2 – Meets expectations
Observed Data: Scholarship Opportunities for Military and their dependents	Troy University offers several financial options for military and their families: https://www.troy.edu/military/	The Troy University Military and Family Scholarship has been established to recognize the service of U.S. Active Military, Reserve and National Guard members by offering a scholarship to the service member, their spouse and/or dependent children. The Scholarship reduces tuition to \$250 per credit hour at both the undergraduate and graduate level.

Program Context and Mission

Program Mission: The mission of the School of Hospitality, Sport & Tourism Management is to prepare students to become future leaders and scholars in hospitality, sport and tourism management by providing exemplary integrative and experiential academic preparation in a collaborative environment, to conduct seminal and applied research that impacts the hospitality, sport and tourism industries on a local, national, and global level and to provide professional and community service.

Brief Description of Student Population: <u>https://www.troy.edu/about-us/offices-</u> departments/institutional-research-planning-effectiveness/fact-site/16.html

Admissions Requirements:

- Undergraduate - <u>https://resources.troy.edu/catalogs/1819undergraduate/pdf/documents/4U-</u> <u>ADMISSIONS.pdf</u>
- Graduate <u>https://resources.troy.edu/catalogs/1819graduate/pdf/documents/2G-Gen-Info.pdf</u>
- Ph.D. SM, p. 174 -<u>https://resources.troy.edu/catalogs/1819graduate/pdf/documents/7G-Health-Human-Services.pdf</u>

Indicators of Effectiveness with Undergraduates As Determined by the Program

- 1. Graduation

 Year: 2019-2020
 # of Graduates: 47

 Graduation Rate: Ranging between 70-90%
- 2. Completion of Educational Goal (other than degree if data collected) Not applicable

- Average Time to Degree
 4-Year Degree: _____ 5-year Degree X
- 4. Annual Transfer ActivityYear: <u>2019-2020</u> # of Transfers: <u>Average = 20</u>

Transfer Rate: <u>Average <10%</u>

- 5. Graduates Entering Graduate School Not collected
- 6. Job Placement (if appropriate)
 - Approximately 10% to 15% of HSTM students enter graduate school
 - Approximately 74% of B.S. HSTM students are working in sport industry
 - Approximately 86 % of M.S. Sport Management students are working in sport industry
- 7. Additional Indicators, if any: <u>N/A</u>
