Life Is Plentiful, with Exceptions

Life is old life is grey.  
People around something dead.  
"The House Of Hades"<sup>1</sup> which is not found.  
Life is old life is grey.  
Eating food around a table.  
There is some sort of dreadfulness in the air.  
Life is old life is grey.  
Death may be present in a place of old.  
Temple to Hades the god who stole.  
Life is old life is grey.  
People in awe around a fire.  
People love their lives.  
Life is new life is colorful.  
Plentiful life in a new world  
Life is prosperous.  
Life is new life is colorful.  
Earth is beautiful.  
You only live once.  
Life is new life is colorful.  
Books around.  
People around.  
Life is new life is colorful.  
New life spawning, even blooming.  
People loving a new Idea, and Life is still a flow.
