Current and Past Projects

In process of submitting IRB for research in fitness and health with the homeschool program.

Doctoral Advisory Committee Member, (May 2015).

Advised: Theresa Johnson (English Dept).

Collaboration with KHP colleagues in the follow up of data collection process from Fall 2012 – Spring 2014 for the USDA Fruit and Vegetable grant program in the Troy city and Pike County school systems. We plan to expand this research opportunity.

Continue collaboration with KHP colleagues in the expansion of implementation and data collection of the TGMD assessment with children at Troy Elementary School (especially with the Pre-K program). Fall 2013 and Spring 2014.

Working with the Charles Henderson High School Health teachers by enhancing the state curriculum with the interactive health displays and teaching tools that we have in the KHP department. This service learning effort assists the teachers and gives our pre-internship students a relevant setting to learn.

Discussing with Charles Henderson Middle School resource teacher / coordinator possibilities of using the latest BOT-2 motor development assessment plan, teaching Troy University students to implement the assessment program with the middle school students in resource. Possible start date Fall, 2016.

Reviewer: Bush, G. L. (in press). *Testing and Statistical Measurement in Sport and Exercise Science* (4th ed., pp. 345). McGraw Hill, 2011.

Co-Coordinator for HSTM / KHP department Children's Health Fair and Field Day, 2009 – 2015.

Coordinator for Troy Elementary School Health Fair and Field Day, 2011.

Survey and Statistics consultant for Troy City School System (2007- 2010).

Continuing to develop a graduate statistics (6604) course for the MSE degree that focuses on SFM majors and HPE majors for Summer Session One 2009.

Network Board for Healthy Schools / Healthy Kids Phase I and II Program, sponsored by Troy University. Many KHP students are working with these projects, as student interns, for observation hours or as volunteers. I plan to collaborate on papers, presentations and projects with other Troy university faculty and students that work with these grant projects. Other projects include: Bodyworks (for obese children), Watch your BAC alcohol awareness, VERB scorecard,

Presidents Challenge fitness testing, Tar Wars, Adventures in Tobacco Land tobacco awareness, Asthma Safari, Asthma 101 and Open Airways (asthma education). Health education classes with my students assisting (during fall, spring and summer session) for: Local city schools and county schools, Family Life Center, Heaven Sent Daycare, Collegedale Preschool, Camp Troy, and Camp Butter and Egg. (2002 – 2010)

Data analysis consultant for the Edge / Troy Regional Medical Center AIM project grants (2002-2004), Steps to a Healthier Alabama Grants (2005-2009), and the Healthy Schools / Healthy Kids grant program (2002-2008).

Data analysis / measurable objectives consultant for the Child Advocacy Center of Pike County and the initial Alabama Region V Perinatal grant (2002-2005).

Revised a waterborne pathogen prevention training manual for aquatic professionals, edited by Dr. Michael Beach of the CDC, DPD, 2004

Re-designing the methods course, 4481, to meet current requirements in teacher preparation involving technology standards and to incorporate practical experience in teaching health.

Using practical applications in teaching statistics courses, such as elementary school fitness testing and marketing surveys, to create relevant data for students.

Survey and Statistics consultant for Troy Athletics (2002-2003).

Created multimedia presentation on bloodborne pathogens for use in the MTSU annual review and in coordination with the Work Force Performance Center, 2001.

Coordinated the Infectious Disease segment of the MTSU Health Fair, in compliance with OSHA regulations, Feb. 2001.

Grants

Working Grant

2018, (Funding Pending), “generationON” Grant for Project entitled *Family Volunteer Day*.
Bush, G. (Principal Investigator), \$250 sought

Global Youth Service Day Lead Agency Grant, confirmed working initiative through the Office of Sponsored Programs. Due before August 31, 2017. (not funded)

Funded External

2013, Lowe’s Toolbox for Education Grant. Service grant submitted to benefit Barbour County Middle School and Coach Merri Burks. Bush, G. (PI) & D. Countryman. \$5,000.

2011, Youth Service America Grant awarded by UnitedHealth HEROES entitled Asthma

Fitness Safari. Bush, G. (PI) & Howard-Shaughnessy, C. \$700

2011, Youth Service America Grant awarded by UnitedHealth HEROES entitled Campus Fit. Howard-Shaughnessy, C. (PI), & Bush, G. \$700

2009, Adapted Physical Education Teaching Tools for K-8th Graders Grant – I submitted and received this grant for \$2000 for the KHP Department to buy adapted physical education equipment and teaching aids for our students to teach in the local schools. This will provide experience for KHP students in teaching children with special needs, as well as new equipment and activities for the children to experience. This equipment will also be used to facilitate planning an adapted curriculum for the “Kids at College” program sponsored by the KHP department on campus each summer.

2008, Asthma Safari Grant – I submitted and received a \$3000 grant for implementation, and all supplies, for the annual Asthma Safari; intended for service learning for the KHP Department and the CHHS students to the county schools. The Asthma Safari is a fun-filled learning adventure held at the Troy Family Housing Authority building each November, encouraging young elementary children to gain control of their condition through knowledge and preparedness. The program empowers them to recognize their own triggers and warning signs, while soothing their fears and laying the groundwork for future asthma education.

2008, Health Education Programs for the P-12 Environment Grant - I submitted and received a \$5000 grant for the KHP Department to buy health education teaching materials to use in our classes. Most of this material (model, posters, etc.) will be used by our students as they learn to teach health in the local schools, through specific courses offered in our department.
