

Troy University

Learning 1st Partnership Programs

Coastline Community College – Associate of Arts – Psychology to

BS Psychology

Program Purpose: The TROY program in psychology gives the student grounding in the study of human psychology from early development to adulthood, covering a variety of psychological concepts and theories, statistics, and research and analysis.

Psychology is the science concerned with the understanding of behavior and mental processes. A major in psychology provides students with (1) a useful foundation for further study at the graduate level, leading to various careers in psychology, or to study in the health professions and social work; (2) skills related to employment at the baccalaureate level for the pursuit of careers in mental health services, industry, human services or areas where the knowledge of behavior would be deemed beneficial; and (3) a sound preparation for describing, understanding, predicting, and controlling the events in their own lives. Students who obtain an advanced degree have a growing range of new opportunities for employment in medical settings, sports, business, the military, as well as private practice, university teaching, and research.

(For complete details on this program including course descriptions, academic policies, etc. please refer to the Troy University catalog at <https://resources.troy.edu/catalogs/1819undergraduate/index.html>)

The BS Degree in Psychology at Troy University **requires:**

1. 45hours of General Studies courses.
2. 36 hours of Psychology courses – including 12 semester hours of upper level core required classes and 24 semester hours of specialized upper level advisor approved Psychology electives.
4. 18 semester hours of an Advisor Approved minor
5. 21 hours of free electives (approved by Academic Advisor)

The official point of contact for Coastline students interested in this program is:

Beth Belcher, Academic Services Supervisor

etbelcher@troy.edu

Phone: 334-808-6454

*Please note that CCC students should use this information as a **guide**. Actual number of transfer credit hours awarded, and therefore the number of hours to be completed at TROY, will be based on actual courses completed successfully at CCC for which there exists a TROY equivalent.*
