Troy University

Excellence is an enduring tradition at Troy University, but so too is a unique ability to adopt a name that best fits the needs of its students. TROY has customarily kept pace with an ever-shifting world through a variety of name changes. Since it was founded more than a century ago, the University, under many names, has continued to be a leader in academics, athletics, and student service.

Established in 1887, TROY was originally referred to as **Troy Normal School**. The idea of the normal school came from a modification of an English school system that included two years of post-secondary education. The primary objective of each normal school in the South was to fulfill the higher education needs and ultimately the career goals of the residents of the area. Specifically, Troy Normal School provided the citizens of Southeast Alabama with the opportunities associated with completing a teaching certificate.

Building on its Normal School beginnings, TROY realized a steady course of growth and was officially renamed **Troy State Teacher's College** in 1929. This adaptation was due to the changing needs of its students and the communities and regions it served. Troy State Teacher's College offered a four-year curriculum which attracted higher-quality students to the institution opening paths beyond south-east Alabama. It was under this name that TROY was first accredited by the Southern Association of Colleges and Schools.

TROY soon saw the need to offer more than a teaching degree and in 1957 the University was renamed simply **Troy State College**. The first non-educational degree was offered in the 1946-1947 Bulletin as a result of the increase attendance after World War II. The University began pre-professional programs, including medical technology, as well as a degree in business. Shortly after the integration of these degrees came the development of a Master's Degree with graduate coursework beginning in 1957.

As TROY continued to grow, another change occurred in December, 1967, when Troy State College became **Troy State University**. It was under this name TROY began to shine. The University took the acronym "TSU" and quickly took the shape it is known for today. It soon added additional campuses in Alabama and world-wide growing to serve more than 18,000 students. Also, interest in athletics rose to an all-time high with the move to Division I football the capstone event in 2001.

On April 16, 2004, the Board of Trustees voted unanimously to drop the word "state" from the University name. The trustees said the new name, **Troy University**, more accurately reflected the University's world-wide mission as TROY operates more than fifty teaching sites outside Alabama in sixteen U.S. states and seven nations without state of Alabama appropriations. The University's name may have evolved, but TROY has shown over one hundred years of progress and dedication to its students, faculty, alumni, and fans. That progress shows no sign of slowing down. There has never been a better time to be a TROY TROJAN!!!

First, we ensure that you will receive a quality education. Whether in-class or on-line, your classes will require use of technology and will engage you in interactions with people from around the world. While TROY is among the top 2% of universities offering on-line courses, TROY is also a leader among universities with international students served both in Alabama and across the globe.

TROY is also unique in that it is concerned with helping you through college and beyond with its emphasis on reading, with a common reading program for all first-year students and common reading in upper division courses in each college. Student services and other areas of the University are also available to assist you with guidance, advising, tutoring, financial aid, health services, referrals, and many other services. In addition to being a good academic student and a good citizen, we want you to enjoy your time at TROY. You will find many great traditions here which we would like for you to experience and build upon. From Division I championship athletics to one of the country's leading band and Hall of Fame programs to being involved in over 120 student associations and intramural programs, you can have quite a bit of fun while developing leadership skills.

But what really makes TROY different is that we want you to be a serious learner, who is a good citizen, who serves others, and who has fun, but all in balance. This focus on total growth is the Trojan Way and I challenge you to embrace it and to have the courage to do what is right; show a commitment to excellence; strive for competency in the classroom; and to be caring for self and others.

Sincerely,

Policy On Harassment and Discrimination

Harassment or discrimination by anyone, whether in the classroom, the office, at a University sponsored function, or within any university environment, will not be tolerated. Individuals Covered Under the Policy

Troy University's comprehensive harassment and discrimination policy covers all employees, students, applicants, vendors/contractors, visitors, and all others conducting official business with the University.

I. Definition of Harassment

For purposes of Troy University's policy, harassment is any comments or conduct consisting of words or actions that are unwelcome or offensive to a person in relation to sex, race, age, religion, national origin, color, marital status, pregnancy, disability or veteran's status. This is inclusive of comments or conduct by a person in a position of authority that is intimidating, threatening or abusive. Harassment can also occur between people of similar authority. Harassment occurs when it is known or ought reasonably to be known that such comments or conduct would be unwelcome.

Examples of harassment include gestures, remarks, jokes, taunting, innuendo, display of offensive materials, threats, imposition of academic penalties, hazing, stalking, shunning or exclusion related to the discriminatory or harassing grounds. The victim should directly inform the harasser that the conduct is unwelcome and must stop. The victim should report any complaint as dictated by policy.

NOTE: In any case of harassment, the harasser can be the victim's supervisor, an agent of the employer, a supervisor in another area, a co-worker, or a non-employee to include students.

Sexual Harassment

Sexual harassment as defined by this policy includes unwelcome sexual advances, requests for sexual favors, and any other verbal, graphic, or physical conduct. If these events are of sexual nature it constitutes sexual harassment when submission to, or rejection of this conduct explicitly or implicitly, affects an individual's employment or educational experience, unreasonably interferes with an individual's work performance or academic performance, or creates an intimidating, hostile, or offensive work or educational environment.

Sexual harassment can occur in a variety of circumstances, including but not limited to the following:

1. Demanding sexual favors in exchange for favorable evaluations, assignments, promotions, continued employment, grades, letters of recommendation, or similar promises.
2. Subtle pressure for sexual activity.
3. Continued or repeated sexual jokes, kidding, teasing, epithets, flirtation, advances, or propositions.
4. Derogatory or demeaning comments about gender, whether sexual or not.
5. Harassment consistently targeted at only one sex, even if the content of the verbal abuse is not sexual.
6. Verbal abuse of a sexual nature.
7. Graphic verbal commentary about an individual's body, clothing, sexual process, or sexual deficiencies.
8. Sexually degrading or vulgar words to describe an individual.
9. Leering, whistling, touching, pinching, brushing the body, assault, coerced sexual acts, or suggestive, insulting, or obscene comments or gestures.
10. The display in the workplace or an academic environment of sexually suggestive objects, pictures, posters or cartoons.
11. Introduction or utilization of inappropriate sexual material in an academic setting.
12. Name calling, relating stories, gossip, comments, or jokes that may be derogatory toward a particular sex.
13. The display of sexually suggestive graffiti.
14. Asking questions about sexual conduct or sexual orientation or performances.
15. Offensive, repeated requests for dates, even if made after work.
16. Continued advances of a sexual nature which are rejected, even after the parties break off a consensual relationship.

II. Definition of Discrimination

For the purposes of Troy University's policy, discrimination is defined as any action resulting in illegal differentiation or adverse treatment of an individual based on their age, sex, race, religion, national origin, color, marital status, pregnancy, disability or veteran status.

III. Procedures

A. Reporting a Complaint

Troy University encourages anyone that believes he or she is being harassed or discriminated against should report the incident within 180 days. An incident should be reported in one of the following ways:

- Directly inform the harasser that the conduct/comments are unwelcome and must stop. If the conduct and/or comments do not cease immediately, the accuser should report the complaint to the accused's supervisor or the Department of Human Resources.

- If the accuser does not desire to confront the alleged harasser directly, he/she should report the incident to the alleged harasser's superior (the individual to whom the alleged harasser reports) who will report the complaint to the Department of Human Resources.
- If the complainant is not comfortable reporting the incident to the accused supervisor, he/she can report the complaint directly to the Department of Human Resources.

Once the complaint is received by the Department of Human Resources, the complainant can choose:

1. To proceed informally; where the superior of the alleged harasser, in conjunction with Human Resources, will assist in resolving the matter.
2. If the matter is not resolved informally to the satisfaction of the reporting party, the complainant may request to begin a formal investigation process.
3. The complainant may request to begin the process with a formal investigation rather than an informal procedure if warranted.
4. To begin a formal investigation, the complaint must be submitted to Human Resources in writing and signed by the complainant.

NOTE: Anyone witnessing an act of harassment and/or discrimination may report the incident directly to the Human Resources Department.

B. Investigation

Human Resources will coordinate the investigation of the complaint and file a summary report with a subcommittee of the Personal Advisory Committee. The subcommittee and the appropriate Senior Vice Chancellor will determine whether there is a reasonable basis for believing the alleged violations of the harassment and discrimination policy has occurred. The investigation may include oral interviews and/or written statements from the complainant, the alleged harasser, any witnesses who may be able to provide pertinent information about the facts of the case, and review of any documentation of previous allegations and/or disciplinary actions related to harassment or discrimination. In the course of the investigation, the accused individual will be informed of the allegations and the facts surrounding the allegations and will be afforded a full opportunity to respond.

In general, the investigation process will consist of the following procedures:

1. Interview complainant.
2. Have complainant read, approve, and sign a written report of the incident.
3. Notify accused of complaint.
4. Interview and obtain written report from accused.
5. Interview and obtain written reports from witnesses to the incident of harassment or discrimination.

The University is committed to investigating and resolving any complaint of harassment or discrimination brought to the attention of the University. The investigation process will be completed in an appropriate and timely manner.

An individual who believes he or she is a victim of harassment or discrimination or retaliation is encouraged to keep a record of the objectionable conduct. However, the complainant should be aware that a record kept at the direction of the University may be considered privileged, to any extent possible.

C. Committee Review and Resolution

The results of the investigation will be reviewed by an appropriate subcommittee of the Personnel Advisory Committee and the appropriate Senior Vice Chancellor.

Faculty	<ul style="list-style-type: none">• Senior Vice Chancellor/Provost• Dean of College or School• Faculty member serving on Personnel Advisory Committee• Senior Director of Human Resources

Others	<ul style="list-style-type: none">• Varies based on circumstances – appropriate representatives determined by Senior Director of Human Resources

If a member of the appropriate body is involved in the incident or asked to be recused from the review, another appropriate representative will be appointed to the review committee by the Senior Director of Human Resources.

The results of the investigation may fall into two categories:

- **No Merit** - If the appropriate committee determines the complaint is without merit, the complaint will be regarded as resolved with no further action.
- **Merit**- If after review by the appropriate committee, the complaint is determined to have merit, appropriate sanctions and/or disciplinary action will be taken. The harasser's supervisor, in conjunction with the appropriate Senior Vice Chancellor and the Department of Human Resources, will coordinate the disciplinary action which may include (but not be limited to) counseling or education about discrimination or harassment, verbal or written reprimands, reassignment, suspension or termination. Disciplinary procedures will vary as a result of the parties involved, i.e., the complainant and the accused. A recommendation of sanctions will be forwarded to the Office of the Chancellor for approval.

In all cases, The Senior Director of Human Resources will provide a written response to the complainant and the accused following conclusion of the process. The procedures outlined in this policy do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Equal Employment Opportunity Commission (EEOC), initiating civil action, or redress under state, civil, or criminal statutes and/or federal law.

D. Confidentiality

Harassment or Discrimination is a particularly sensitive issue that may affect any member of the University community. The University recognizes the privacy rights of both the complainant and the accused in a harassment or discrimination situation. The University and its employees will take care to provide confidentiality to all parties involved in a discrimination or harassment charge. However, it will be necessary to investigate the complaint and to respond to any legal and/or administrative proceedings, which may arise out of or relate to the harassment or discrimination complaint. The need to include individuals in the investigation will obligate sharing of information in the process.

E. Non-Retaliation

Retaliation is a very serious violation of this policy and should be reported immediately. Any attempt to penalize or retaliate in any way against a person bringing, investigating, or

cooperating with an investigation of a harassment or discrimination charge is prohibited and will be treated as a separate incident to be reviewed on its own merit.

F. Protection of the Alleged Harasser

In the event the allegations are not substantiated, all reasonable steps will be taken to restore the reputation of the alleged harasser if it was damaged by the proceeding.

G. False Claims

A complainant found to have been intentionally dishonest in making the allegations or to have made them maliciously is subject to the full range of the University's disciplinary procedures from official reprimand to dismissal.

IV. Sanctions

Sanctions will be determined based on the severity and/or number of incidents. Prior issues related to harassment and discrimination will be taken into account in determining the appropriate disciplinary level.

Employees

Potential sanctions for harassment or discrimination include (but are not limited to) the following:

- Disciplinary warning/reprimand
- Referral to appropriate counseling
- Reassignment
- Temporary suspension
- Termination

Students

Potential sanctions for harassment or discrimination include (but are not limited to) the following:

This appeal will be to address the sanction; however, the determination of the merit of the harassment and/or discrimination charge is not eligible for appeal.

VI. Education and Training

The university commits to this policy by:

1. Developing and reviewing the comprehensive policy on a timely basis;
2. Annually communicating the policy to students and employees;
3. Annually training and educating students and employees;
4. Confidentiality, insofar as possible, in investigating incidents;
5. Documenting findings and maintaining records;
6. Taking appropriate action when incidents occur.

All children on campus must be accompanied by an adult at all times. For safety and security reasons, a child not accompanied by an adult on campus will be treated as a lost child. All personnel, including students, are prohibited from bringing children to the campus and leaving them unattended

at any location. If an unaccompanied child is observed on campus, the first priority will be to locate the parent or guardian and return the lost child to his or her custody immediately. The parent or guardian will be advised of this policy for compliance. Adult supervision will be provided from the time the lost child is found until the university police or other University official(s) locate the parent or guardian. If an emergency arises and a child must be brought to class or work, the child must be accompanied at all times by an adult. The adult must obtain prior written approval from the appropriate university official (faculty, supervisor, etc.).

Policy and Procedures Regarding Student Medical History Record

1. Students attending on-campus course(s) with the Troy campus (T01 location) of Troy University are required to complete the Student Medical History Record and present verification of required immunization dates before registering for classes. Two doses of measles, mumps, and rubella (MMR) vaccine are required for students born after December 31, 1956. Also, a tuberculin skin test (PPD) is required within the last 12 months. Domestic students must have a negative reading of 15mm. or less and international students must have a negative reading of 10 mm. or less. Students with a positive skin test reading must have a chest x ray. Positive chest x rays are referred to the university physician. When provided, the Social Security number will be used as the most efficient means of identifying the student and eliminating confusion over similar names and names changed by marriage. No right, benefit or privilege provided by law will be denied to a student if they refuse to disclose their Social Security number. In addition, Troy assigns an identification number to each student through the University's computer system. These numbers are used to identify individual students on class rolls or other verification documents.

Student Complaint Policy

Troy University provides a wide variety of educational services, as well as artistic, athletic, and cultural programs, along with non-academic services to students at teaching locations located around the world. As a service organization, the University values high quality in the delivery of all of its academic and administrative services to all of its constituents in all of its locations.

Occasionally, a student may feel that the treatment they have received is not consistent with expectations based upon the university's official documents, such as the Undergraduate Catalog, the Graduate Catalog, or the Oracle Student Handbook. In these cases, the University desires to have a clearly defined path for students to express their complaints in a manner that will provide documentation and accountability within the institution for providing a timely response and resolution.

Definition of a complaint. A complaint is a written statement by a student that the treatment they have received is not consistent with the university's policies as stated in an official document. Only students may submit a complaint.

Complaints concerning academic programs are to be submitted in writing by a student to either the Office of the Associate Provost for Undergraduate Programs or the Office of the Associate Provost for Graduate Programs, depending upon whether the student is an undergraduate or graduate student. These complaints must reference the portion of the Undergraduate or Graduate Catalog where the student perceives he or she was not treated in a manner consistent with the information stated in the appropriate catalog. Academic complaints related to grades may not be adjudicated through the Asso-

Troy University

ciate Provost’s offices. Academic judgments made by faculty are based on academic content, course requirements, and student performance. Students may not appeal grades based on allegations concerning the competence of a faculty member, the fairness of an examination, the difficulty of a course, or other matters of a purely academic nature. Grades for individual assignments and exams may not be appealed. While it is recognized that faculty hold the right and responsibility to grant a grade, a student who receives a course grade that he or she believes to be unwarranted for reasons other than those listed above may appeal that grade using the stated procedures located in the Undergraduate or Graduate Catalog as appropriate.

Complaints concerning student services are to be sent in writing by a student to the Office of the Dean of Students and must reference the portion of the Oracle Student Handbook in which the student perceives their treatment was inconsistent with the policies in the handbook. Student services issues include housing, parking, student health and wellness activities, Greek life, and campus security.

Complaints regarding financial services and student financial aid are to be sent in writing by a student to the Office of the Associate Vice Chancellor for Financial Services.

The Office of the Associate Provost for Undergraduate Programs, Office of the Associate Provost for Graduate Programs, the Office of the Associate Vice Chancellor for Financial Aid, the Office of the Dean of Students, and the office of the Associate Vice Chancellor for Distance Learning will each maintain a record of all written complaints that have been received from students, along with documentation of how the complaint was addressed. These records will be retained for a period of three years and redacted records will be available for review for any accreditation or regulatory purposes.

The procedure for submitting a complaint:

A student with a complaint should use the online form, accessible at <http://trojan.troy.edu/students/>, for describing the nature of the complaint along with contact information that the University can use to respond to the student. The form must be completely filled out by the student, signed, and sent as a paper copy to the appropriate office identified in this policy, are listed below.

Undergraduate Programs	101 Eldridge Hall, Troy University, Troy, AL 36082
Graduate Programs	11 Adams Administration, Troy University, Troy, AL 36082
Dean of Students	233 Trojan Center, Troy University, Troy, AL 36082
Financial Services	146 Adams Administration, Troy University, Troy, AL 36082

Student Consent Letter

In accordance with (FERPA) Family Educational Rights and Privacy Act, the university must have signed student consent to allow the university to release student information to the parents and/or legal guardians. This information includes grades, billing information, schedules and judicial files. Questions concerning the Family Education Rights and Privacy Act may be referred to the Student Services Office on each campus.

Student Grievances

Student grievances are handled through one of two procedures depending on the nature of the grievance. If the matter is academic in nature, the student should follow the stated grade grievance procedures. If the matter is non-academic or grade related, the student should address the concern with the appropriate department head. After that, all student grievances that are non-academic related should be brought to the Senior Vice Chancellor for Student Services and Administration’s Office or his/her designee. Should a student not know where to file a grievance, the student should contact the Student Services Office on their respective campus.

Student Proprietary Rights to Coursework

Academic work submitted by students in partial or full completion of course requirements (research papers, reports, photography, electronic discs, etc.) remain the property of the student. Student permission must be granted if faculty members decide that student work may be used in other venues. Should students request the return of their previously submitted coursework, faculty members will make every effort to comply with such requests.

Student's Role and Participation in Institutional Decision Making

The administration of Troy University supports student participation in institutional decision making. The Student Government Association (SGA) is an active and vital organization which serves as a link between the student body and the administration. The SGA (of which all students are members) serves as the governing body for student issues and performs many other valuable functions for students. Students are actively integrated into the university decision-making process through representation on university standing committees, membership on the Student Services Judicial Committee and the University Activities Council, representation on the University Board of Trustees, generally on University ad hoc committees, and on various advisory committees in some academic schools and departments. Student representatives to committees are recommended by the SGA and names are submitted through the Senior Vice Chancellor for Student Services and Administration to the University Chancellor for appointment. The SGA President represents the student body by serving as a nonvoting member of the University Board of Trustees. The Senior Vice Chancellor for Student Services and Administration serves as co-advisor to the SGA, thereby providing an open channel of communication to the administration on a daily basis. The student voice is an active component of the university's decision-making process.

Technology Use Policy

Troy University reserves the right to update or revise the following policy. Updated policy is published at <http://it.troy.edu>.

Use of the University's various technologies (computers, telephones, etc.) are a privilege available to those who abide by this Technology Use policy. All users are obligated to use technology resources in a responsible, legal and ethical manner. The University respects each individual's right to privacy in electronic formats and expects all users to respect the privacy of others.

Users must abide by all applicable copyright laws and licensure agreements. The University shall take disciplinary and/or legal action, as appropriate, against individuals who violate this policy. Violators will be billed for any illegal use of technology and for damages caused by misuse. Violators will be temporarily or permanently suspended from technology facilities and will be prosecuted for statutory violations.

- Users of University computing resources must comply with federal and state statutes and laws, University rules and policies, and the terms of applicable contracts including software licenses. Examples of applicable laws, rules, and policies include the laws of libel, privacy, copyright, trademark, obscenity, child pornography, the Electronic Communications Privacy Act, the Computer Fraud and Abuse Act (which prohibit "hacking", "cracking", and similar activities), the University's Student Code of Conduct, and the University's Harassment Policy.
- Computer software is a form of intellectual property controlled by licenses that spell out clearly how it may be used and distributed. All members of the University community (faculty, staff, students, and community patrons), must adhere to all license provisions regulating the use and distribution of computer software. Use or distribution of software in violation of license provisions may subject the violator to criminal and civil penalties, as well as to civil liability to the licensor. Any violation of licensing agreements, such as copying, distributing, or otherwise sharing of software in violation of the license agreement is prohibited.

- A computer network provides a powerful tool in the educational arena by enabling communications and learning among people who are engaged in the education process, but are separated by time, distance, language, or other traditional communication barriers. A computer network also enhances and helps to equalize the resources available for scholarship at colleges and universities worldwide. However, the unlawful or inappropriate use of these tools infringes on both the integrity of the system and on the rights of others. In that light, the University expects all members of its community to use electronic communications in a responsible, considerate, ethical, and beneficial manner. All users are expected to:
 - Respect the rights of all users on the system
 - Comply with all copyright and fair use laws and regulations
 - Comply with any and all applicable instructions issued by faculty and network administrator(s)
 - Use computer network resources (including time on-line and storage) only for purposes directly related to their role at the University
 - Refrain from transmitting defamatory utterances concerning a person, organization, or institution that may subject the individual or University to civil liability damages.
- Anything that is not in keeping with the interests that support the mission of the University and increases the expense of information technology resources is prohibited. This includes the prohibition of the use of University property for private gain as defined by Alabama state law [see i.e. Alabama Code §§36-25-5(a) and 36-25-27(a)].
- The installation of ad-hoc networking devices on university property is prohibited. Included among such devices are wireless access devices. Concern over wireless communications in the residence halls and campus is mostly about security, speed and interface among wireless access points. There is a lot of risk in using an unsecured wireless network. Using a wireless router in the residence halls has already caused users to become restricted from using the network because other students connect to their unsecured router Instead of the campus network. Any activity that an individual knows or should know is wasteful of computing resources prohibited. This may include activities such as:
 - Sending advertisements for commercial enterprises
 - Sending mass mailings or chain letters
 - Obtaining unnecessary output
 - Maintaining unnecessary or excessive file storage
 - Creating unnecessary multiple jobs or processes
 - Creating unnecessary network traffic
- As with all University resources, the University bears the responsibility and has the authority to allocate, limit or prohibit access to computer and network resources in order to ensure their most effective and economical use.
- Any action that may destroy, endanger, or divert another's research or writing is prohibited. In addition, University policy prohibits users from gaining access to, using, reviewing, changing, transmitting or deleting another user's files or software without the express permission of the user. Introduction of destructive software such as programs known as computer viruses, Trojan horse or worms into any computer, program, system or network is prohibited. "User" does not apply to the University personnel managing or administering the technology of the institution or the system.
- Among the most valuable and most sensitive of the University's computer resources are the personal work and storage spaces assigned to users. The University treats electronically stored

information, including personal files, as confidential and permits examination or disclosure of their contents only when authorized by the owner of the information or when required by local, state, or federal law. Under Alabama Code §13A-8-102, it is a crime to attempt or to achieve access to, communication, examination, or modification of, to destroy, disclose, use, or take data, computer programs or supporting documentation. In plain words, state law prohibits both the use, transmittal, change, or deletion of another user's files or software without permission and the introduction of destructive software, such as programs known as computer viruses, Trojan horses or worms into any computer, computer system, or network.

- Anything that may hinder a free and open atmosphere of electronic discussion is prohibited.
- Cruelty, obscenity, crudity, and offensiveness, for the sake of offensiveness, have no place in the public discourse of a University community. As members of the University community, we are all responsible to one another and to the thinking and thoughtful community of which each of us ought to be a valuable part. Each of us must be considerate of other users of University computer resources and facilities.
- For your information, use of campus e-mail, the Internet, or networks for the following purposes have been subject to criminal, civil, and/or university sanctions at other institutions:
 - Threats against persons or property;
 - False information about academic or administrative policies or issues
 - Messages deemed offensive to the receiver because of their pointlessly hateful, obscene, harassing, or libelous content.

The foregoing does not include all the kinds of conduct that have been challenged as illegal or inappropriate in a university setting. A good rule of thumb is to refrain from saying anything on any network or computer system that you would not say face to face to another person. Hurtful or offensive words spoken face to face or by telephone leave no written evidence to use against you, but hurtful or offensive words typed on a network or computer system can leave a permanent record that can, depending upon their content, support criminal or civil liability, damage your professional reputation or diminish your stature in the eyes of those whose respect you would like to keep or earn. You should be aware that e-mail files have been ruled to be “discoverable” in a court of law, which means that your privilege of confidentiality is certainly not absolute, but may be overridden by court order.

1. Anything that makes the University or an individual criminally or civilly liable is strictly prohibited. Any act or omission that may subject an individual or the University to criminal penalties or civil liability is prohibited. The individual responsible for the act or omission may be required to reimburse the University for the full amount of the expense incurred. Each individual must be aware of any state or federal law that imposes civil or criminal liability. If state or federal law prescribes certain consequences for certain conduct, you and the University may suffer those consequences, even if not described herein.
2. The University may employ various measures to protect the security of its computing resources and the privacy of its users. Access to the computers and to the information technology networked environment within the University is a privilege extended in good faith to students, faculty, staff, and community patrons. To protect the system and the right of all users, inappropriate use of the system will not be tolerated. In addition, while the University does not condone the routine inspection of electronic files, it does reserve the absolute right to place restrictions on the use of its computers and network systems and to establish policies and procedures to ensure that systems operate effectively and legally. Users should be aware, therefore, that the University cannot guarantee security and confidentiality. Users should therefore engage in “safe computing”. It is the responsibility of each user to protect his/her

user identifier (ID) and password from unauthorized use by other individuals. Each user is responsible for the activities that originate from his/her system while logged onto the network. Users may not lend their network/Internet account and/or password to other users. Any user who has reason to believe that his/her password or ID has been or could have been obtained by another individual must report this to an administrator of the University immediately. All members of the University community are responsible for ensuring that their handling of information about individuals is consistent with the University's policy on privacy of information. The privacy of individuals must be protected, regardless of the form or location in which the information is stored, including computer media. Access to personal information must be limited to authorized users for approved purposes. Such information must be safeguarded from unauthorized access. Individuals who are authorized to access personal information about others should not make unauthorized disclosure or use of it.

3. Computers and other campus technology are and at all times shall remain University property. The University reserves the right at any time, in its sole discretion, to access, examine, modify, disclose, remove or delete any data, program or document from its computers, system, network or any software program. Such action must be authorized by the University Chancellor.

Violations

Penalties may include, but are not limited to, suspension or revocation of user privileges. Such penalties may be assessed for students by their instructors and for all users by the network administrator(s). Decisions may be appealed to the Director of Student and Community Services. Violators may also be billed for illegal use of the computer systems and for any damages caused by such misuse. Violations of this Technology Usage Policy may also constitute violations of other University policies as printed in the handbooks for students, faculty, staff, and adjunct faculty and, as such, violators will be subject to processes and penalties associated with these other University policies as well as applicable local, state and federal laws.

Agreement

By using University computer systems or networks, students, faculty, staff and guests agree to indemnify and hold harmless the University, its employees and agents, from and against any claim, demand, liability, cause of action, or suit for damages arising out of use of University computers, including, but not limited to, any loss of the individual's data stored on the network. Users must acknowledge their understanding of this general policy as a condition of receiving an account and using the University network to access the Internet. Users will receive a copy of this policy and, upon request, have the opportunity for explanation and discussion thereof prior to receiving their password. Policies will also be posted in University computer labs and may be accessed on-line.

All University computer system and network users will be deemed to have agreed to this Technology Usage Policy upon entry into the system by use of their password and ID on each occasion of said use. The University hereby expressly and explicitly disclaims any liability and/or responsibility for violations of this policy.

Internet Service

Troy University is meeting the technological challenges of the 21st Century by providing its students, both on and off-campus, campus organizations, faculty and staff with E-Mail accounts and access to the University website, University information network and the Internet. This is available through direct network hook-up and provides educational and informational services.

Resident Network (RESNET) Policy

1. RESNET users will refrain from abusive or harassing behavior toward others via email or other electronic means.
2. RESNET users are prohibited from utilizing any type of file-sharing or peer-to-peer (P2P) application on the network, and will not knowingly and illegally download and/or distribute copyrighted materials, such as movies, music, software, and/or video games.
3. RESNET users are prohibited from tampering with any RESNET resource including excessive bandwidth usage, hardware, Ethernet wiring, network jacks, and Access Points (AP's). (Also, incident will be investigated and reported to Dean of Students for disciplinary action)
4. RESNET users are not allowed to install or connect any hardware such as wireless routers, hubs, or Ethernet switches to the RESNET network for any reason without express written consent from the IT department. Doing so could result in a permanent network block as these devices could disrupt and interfere with network services and establish security vulnerabilities.
5. RESNET users are prohibited from changing or masking their IP address distributed from the University and/or Configuring or attempting to set a "Proxy" as well as any attempts to bypass the Troy Network Access Control device by manipulating/masquerading one's network device.
6. RESNET users are strictly prohibited from using another user's computer without consent from the computers owner.
7. RESNET users are strictly prohibited from performing network scans, port vulnerability scans, sniffing, and Denial of Service attacks. **(Block length dependent on review by the University's Security Team)**
8. RESNET users are prohibited from unauthorized access to local and/or remote resources at Troy University, or any other institution, without express written permission from said institution.
9. RESNET users are limited to a maximum of 3 devices logged into the RESET Network at any given time.
10. RESNET users are strictly prohibited from sharing user credentials with any user, for any reason. This includes requesting another user to log into your computer with their credentials, or logging into another user's computer with your credentials.
11. RESNET computing has been designed and designated with Academics as a first and foremost application. The use of these resources is a "privilege", not a "right".
12. RESNET users are expressly prohibited from connecting ANY device other than a Gaming Console, (Wii, Xbox 360, or Playstation 3) to the "RESNET Console" protected wireless network. Violation of this policy is an automatic 3 day RESNET block.

Some of the above polices are previously stated in the University's Information and Technology Usage Policy listed at <http://www.troy.edu/epolicy/manuals/800.htm#802>.

RESNET Policies listed here are subject to change at any time without prior notice to users.

Any violation of these policies can result in the following suspensions:

1st Offense of Academic Year	Helpdesk Ticket Required
2nd Offense	3 Days Suspension
3rd Offense	5 Days Suspension
4th and Above Offense	Semester Suspension

The definition of suspension is as follows: Internet access for ALL personal systems (e.g. Laptops, Desktops, PDA, and/or Phones) that are used by the offending user, will be blocked from accessing services from the University's Campus Network for the above number of days.

Skateboard Policy

1. The use of skateboards and longboards are permissible on Troy University property, so long as they are used in a manner compliant to the guidelines described herein.
2. Skateboards and longboards are to be ridden in a manner compliant with the laws and regulations of the State of Alabama and University regulations.
3. Skateboards and longboards are not to be ridden on sidewalks intended only for pedestrian use (defined as sidewalks less than 10 feet wide). They are not to be ridden in a manner/location that potentially causes personal injury or property damage, such as the Bob Boothe Plaza in front of Bibb Graves Hall, staircases, the rails of all outdoor staircases, the edges of low walls, and through fountains.
4. The use of skateboards and longboards on streets is strongly discouraged.
5. Skateboards and longboards are not to be ridden inside University facilities, which include, but are not limited to, academic buildings, athletic facilities, dining facilities, and the Trojan Center.
6. Any violators of the aforementioned policy are subject to a financial penalty determined by the Troy University Police Department and the Office of Student Services. TUPD and the Office of Student Services reserve the rights to determine the amount of said financial penalty at their own discretion.

Troy University Facilities and Services Agreement Policy

The following contains the policy of Troy University (TROY) regarding usage of its facilities by all individuals, organizations and groups. The facilities covered in these policies and procedures include but are not limited to: Trojan Center and all spaces within; Arboretum; HAL Hall; Claudia Crosby Theater; Sorrell Chapel; Student Recreation Center on Elm Street; McDowell Lee Natatorium and the Outdoor Pool; Troy University Intramural Fields; Trojan Arena; Stadium Towers; Veteran's Memorial Stadium; Riddle-Pace Field; Track/Soccer Complex, Softball Field; Tennis Courts; and any classroom on the Troy campus used for non-teaching purposes. This agreement also includes the use of Troy University tents (for non-football events) and tables and chairs outside of one of the facilities above.

Section 1: Background.

TROY has the exclusive right to determine whether to allow an individual or organization (the "User") to use its facilities or equipment. The decision to approve or disapprove usage will be based on whether or not the planned event and activities are in the best interest of the University. This decision shall be based on the following factors:

- Will the event support TROY's academic mission?
- Will the event be disruptive to TROY's educational activities?
- Will the event enhance TROY's image?
- Will the event promote student involvement and/or interest?
- How likely will it be that the event will damage TROY's facilities or equipment?
- Will the event likely result in controversy or public attention that may harm TROY's reputation or image?
- Are there other compelling reasons surrounding the event that should be considered in making the decision to approve or disapprove use of the facilities?

Section 2: Generally Disallowed and Allowed Uses.

TROY does not allow use of its facilities for any political campaigning, fund raising, or other politically connected events, except those events specifically sponsored by TROY student organizations. Student-sponsored events must be approved by the Student Involvement and Leadership Office prior to activities being held in TROY's facilities or on TROY's campus grounds.

TROY does not allow solicitation or product promotions in its facilities or on campus grounds, except when specifically approved by the University for the benefit of students, faculty, and/or staff.

TROY campus locations may allow usage of its facilities to a User if the planned event and activities of that User are in the best interests of that campus or TROY.

Section 3: Requirements for Usage of Facilities by User.

Any User must comply with TROY's rules and regulations in any allowed usage of university facilities. Each campus has its own unique facilities. Facilities and/or equipment must be reserved a minimum of ten (10) days prior to the event. These facilities and/or equipment must be reserved using the appropriate reservation form. These forms are available on line at www.troy.edu.

A User must pay all charges in full for usage of the facilities as determined by the Office of Event Management. Payment may be made by check, money order, or with a billable purchase order (which will be invoiced by the Office of Event Management). This payment must be made at **leastseventy-two(72)hourspriorotheevent**. No reservation will be confirmed until payment is received. Any exceptions to the payments policy must be authorized by the Senior Vice-Chancellor for Student Services and Administration or the Chancellor.

Section 4: Responsibility for Damages.

A User will be fully responsible for payment of any damages that occur to the facilities or equipment caused by, or attributable to, that User's sponsored activity, that User's use of the facilities, or the actions of that User's employees, participants, guests and invitees.

Specific Policies

Smoking is strictly prohibited in all Troy University facilities

- No pets or animals are permitted (exception-service animal for person with disability)
- Absolutely no taping, nailing, tacking, or attaching items of any kind to the ceilings, walls, floors, windows, or doors
- Candles or open flames of any kind are strictly prohibited
- No glitter, confetti, hay, live Christmas trees, or similar items are permissible

Section 5: No Usage of TROY's Name or Identification.

A User shall not use the name TROY (or any variation of that name) or identification of any TROY campus site in any advertisement, brochure, mailer, or similar item in a manner that infers or suggests that TROY is a sponsor/co-sponsor of the event or is in any way affiliated with the User (unless approved by the specific TROY campus official). Any and all marketing materials, advertisements, brochures, announcements, or other publicity that references TROY or other campus sites (i.e., directions, press releases, etc.) **must** be submitted in draft form to the specific campus official prior to use by the User in order for the official to determine that such references to TROY are accurately reflected. This draft may be faxed or emailed for expedited approval. TROY reserves the right to disapprove usage of its name (or any variation of its name) and other TROY identification in any such materials and publicity or in any public release.

Section 6: Right of Cancellation by TROY Officials.

Circumstances may arise requiring a specific TROY campus site to cancel, change, or modify use of requested facilities by a User and requiring the TROY site to cancel the agreement for the allowed use of the facilities by the User.

- (a) **CancellationorSubstitutionofRequestedFacilities**. A specific TROY campus site expressly reserves the right to cancel any User's usage of the facilities or to substitute other facilities at its site for the facilities requested by the User whenever deemed to be in the best interest of that TROY campus site or as necessitated by circumstances, to be determined in the sole and absolute discretion of TROY. In any such situation TROY will attempt to assist the User by providing reasonably equivalent, substitute facilities on TROY properties or to assist the User in locating alternative facilities in the local area to meet the User's needs. TROY shall have no responsibility or liability for providing substitute facilities on TROY properties or

for locating alternative facilities for User. If User is required to use, or elects to use, alternative space in the local area for the event then all amounts paid to TROY by the User for the requested facilities will be refunded.

- (b) Cancellation of Agreement by TROY. In the event sufficient funding or support is unavailable to the TROY campus site for the performance of its agreement for the allowed use of the facilities by the User, as determined at TROY's sole and absolute discretion, the User will be notified in writing of TROY's election to cancel the usage agreement at the earliest opportunity and all amounts paid to TROY by the User in such situation for the requested facilities will be refunded.

Section 7: Responsibility for Event Sponsored by User.

A User will be solely responsible for organizing, financing, advertising, and conducting the event and activities stated on the reservation form at the specific campus site, and that TROY in no way shall be sponsor or supporter of the event and associated activities (unless agreed to in writing).

Section 8: Food-Services Requirements.

Any and all food-services requirements of the User for the event must be obtained exclusively from the University food service contractor on campus. Any arrangement and agreement for food services will be exclusively between the User and the Contractor. TROY shall not be a party to the arrangement and agreement for such food-services requirements and shall have no responsibility for the food services provided by the Contractor. Waivers to allow use of other food services contractors must be approved by the specific campus official responsible for food services.

Section 9: Alcoholic Beverage Policy.

See Alcoholic Beverage Policy in The Oracle.

Section 10: Control of Requested Facilities; Indemnification of TROY, etc.

All employees, participants, guests and invitees of the User shall be under the direct supervision and control of the User and shall be the responsibility of the User. Nothing contained in the agreement requires TROY to relinquish control of any of its facilities to the User (including the facilities specifically requested for usage by the User). A User is to expressly acknowledge that TROY retains the full and complete right to require that User, or any of that User's employees, participants, guests and invitees, to leave campus premises if circumstances justify such action.

TROY assumes no responsibility for loss or theft of personal property, or damage to personal property of the User or any of the User's employees, participants, guests and invitees. A User shall be liable for, and shall reimburse TROY for, all damages to persons and property on account of that User's use of the requested facilities.

A User must indemnify and hold harmless TROY, its officers, agents and employees, against any and all liabilities and claims for loss, injury or damage (including attorney's fees and costs) to persons or property, including claims of employees, participants, guests and invitees of that User, arising out of, or resulting from, activities conducted by that User or any of its employees, participants, guests and invitees in, on or about the requested facilities and TROY buildings and other properties.

TROY assumes no liability whatsoever for any property placed in the requested facilities or in any of TROY's buildings or other properties by the User or any of the User's employees, participants, guests or invitees.

As part of the reservation process, a User must provide a Certificate of Liability Insurance for the Special Event to the Office of Event Management naming TROY University as an additional insured for the event and/or activity. The policy must be for a minimum of \$1,000,000.00. This is a requirement before the facility can be reserved and confirmed. There will be no exceptions to this requirement.

Section 11: Changes to Facilities Reservation Forms.

Any additions or changes to the facilities reservation forms are subject to such additional charges then in effect in accordance with the campus' (then-prevailing) schedule of charges for any such items. A User agrees that all additions or changes must be made no less than three (3) business days before the event. TROY campus sites cannot commit to accommodate additions or changes requested within three (3) business days of the event and any attempt to accommodate such request by TROY campus sites will only occur in TROY's sole discretion and if circumstances otherwise permit. All official University functions (classes, practices, meetings, etc) will receive priority over any and all events.

Section 12: Entire Agreement.

The facilities and/or reservation form agreement(s), specific to each TROY campus site, constitute the entire agreement between TROY and the User. No prior written or oral commitments shall be binding on either party.

Section 13: Termination by TROY.

TROY may terminate the facilities reservation agreement entered into with a User, without penalty and at any time, for breach by that User of any of the terms of that agreement and, in such event, TROY may retain, as liquidated damages to cover University's expenses, all amounts paid by the User.

Section 14: Termination by User.

A User may terminate the facilities and reservation agreement before the scheduled start date of the event, but not later than three (3) business days prior to the event. If the agreement is terminated within the three (3) business days of the event, the User must pay all charges assessed for the event.

Section 15: Meaning of Business Day.

As used in this Policy, the term "business day" shall mean any day which is not a Saturday, Sunday, or recognized holiday by Troy University.

Section 16: Headings.

All headings contained in this Policy are solely for the purpose of reference only, and shall not limit or otherwise affect any of the terms or provisions of this Policy and shall not be construed or interpreted in connection with any term or provision of this Policy.

Section 17: Signing and Delivery of Documents.

A User must sign and submit to the specific campus site the facilities and reservations agreement, which shall thereafter become effective upon the signing and delivery of the agreement to the specific TROY campus site.

Section 18: Waiver of Fees and/or Policy Exceptions:

Any User requesting a waiver of any fees and exceptions to policy must submit that request in writing at the time of the reservation request. These requests will be discussed with and reviewed by the Senior Vice Chancellor for Student Services and Administration. Only the SVCSSA can waive fees or make exceptions to the policies.

Section 19: Review of Policy.

This policy and all fees associated with the policy will be reviewed on an annual basis in June. Changes to the policy and fees will be implemented in August of each year, if applicable.

ALL POLICIES AND REGULATIONS INDICATED ON THE "REQUEST TO RESERVE FACILITIES" FORM APPLIES TO ALL FACILITIES.

Unauthorized Student Group Gatherings

Any and all students and/or persons participating in an unauthorized group meeting on the campus which creates a disturbance or results in destruction of university or personal property, or brings discredit to the university, shall be subject to disciplinary action and possible civil action. Participants are defined as those persons actively engaged in the action and those drawn to the scene, out of curiosity, as spectators and who refuse to disperse after warning. Any student that can be identified personally by university officials and/or through photographs taken at the scene of the disturbance are also defined as participants.

Use of Institutional Name

No student organization or individual student may use the institutional name in the solicitation of gifts or in buying or selling merchandise, either on or off the campus, without written permission from the Senior Vice Chancellor of Student Services and Administration or designee. Organizational leaders and faculty advisors are directed to consult the Troy Graphics Standards Manual before making requests to use the Troy name and/or graphics of the University.

Use of Student Images

Troy University reserves the right to utilize images of students in marketing materials. This includes still photos taken by the University photographer or contract photographers and video images. Images shall be those taken on University property or at any University-sponsored function.

Visiting Speaker/Notices Printed Materials Policy

Troy University has established policy and procedures regarding invitations to and the appearance of outside speakers on the university campus. In the interest of orderly administration and to ensure effective public relations, adequate preparation and reservation of facilities as well as proper maintenance of the campus, the following procedures have been established by the university.

1. An outside speaker (one who is not a registered member of the student body, faculty or staff of this university) may be invited to speak on campus only by university recognized student, faculty or staff organizations.
2. The faculty member or officers of an organization sponsoring an outside speaker shall assume full responsibility for making the necessary arrangements, paying all expenses, including any damages to university property during the course of the event, and preserving the peace and dignity of participants of the scheduled event.

Any responsible officer who willfully violates this policy may become subject to appropriate disciplinary action.

3. Individuals who are not associated with the university as a student, staff or faculty member and who wish to speak without organizational sponsorship must provide notice to the Senior Vice Chancellor for Student Services and Administration or designee. An area for campus expression and demonstrations is designated on each individual campus. On the Troy campus, the area designated is the concrete area in the amphitheater, on the west side of the Trojan Center.
4. Prior to extending an invitation to an outside speaker for a campus event, the organization shall submit a written request to the Office of Student Services. Such requests shall be completed to furnish all information required thereon. Upon receipt of the request form, properly completed and executed by the authorized officer and the faculty advisor of the organization, the Student Services Office shall determine the availability of adequate facilities for such event. The proposal shall be reviewed to determine whether university regulations have been fulfilled. A copy of the request shall be returned to the sponsoring group, showing the findings and action taken thereon. Said request will be acted upon by the Student Services Office within a maximum of one week of the time of the receipt of the request.

5. All notices and printed material pertaining to the speaker or scheduled event shall:
 - Bear the name of the sponsoring organization and shall not contain any implication that the speaker or event is being sponsored by the university.
 - Be posted only on bulletin boards situated inside the buildings on campus. Any locations for posting such material other than on bulletin boards must be approved by the Student Services Office, who shall be primarily concerned with the prevention of any temporary or permanent damage to university property or the appearance thereof.
 - Be distributed on campus only at tables or booths provided for such purpose inside the buildings on campus. Any locations for distributing such material other than the customary places must be approved by the Student Services Office, who shall be primarily concerned with the prevention of excessive litter spoiling the appearance of the campus.
 - Be removed by the sponsoring organization within 24 hours following the scheduled event. The university will not tolerate any speech on campus which presents a clear and present danger to the persons and property within the campus community. The privilege of any speaker to speak on campus will be denied if it reasonably appears that such speaker would advocate:
 - Violent overthrow of the government.
 - Willful destruction or seizure of school property.
 - Disruption or forceful impairment of education functions.
 - Physical harm, coercion, intimidation or other invasion of lawful rights of the school officials, faculty, or students.

If a recognized organization fails to obtain the approval of an invitation which it wishes to extend to a speaker, it may appeal, through the Senior Vice Chancellor for Student Services and Administration, to the Executive Committee of the university. The sponsoring organization shall make it clear; at the time the speaker is introduced at the scheduled event, that the views expressed by the speaker are not necessarily those of the university.

Payment of Registration Expenses

The payment of charges for tuition, fees, room, and board is part of the registration process.

Students may pay on-line using Trojan Web Express. Troy University accepts VISA, MasterCard, American Express, Discover, checks, money orders and cash.

Payment Plan

Troy University offers a tuition and fees payment plan for Alabama campus students enrolling for Fall and Spring semesters to help budget college costs. Troy encourages full payment of all tuition and related fees prior to the first day of the semester. Failure to pay the balance in full will result in the student's automatic enrollment in the payment plan. As a part of this plan, a student is required to pay one-third of all semester charges before the first day of class with the second payment due four weeks later and the final payment due approximately nine weeks after the start of the semester.

Students with an account balance after the first payment due date will be assessed a \$25.00 payment plan fee. To meet the one-third requirement the student may apply the following:

- Awarded institutional scholarship
- Awarded financial aid,
- Payment by cash, check or credit card
- Payment from sponsors: If students wish to use the payments from the sponsors in the calculation of the 1/3 payment requirement, the University must receive the following information prior to 1st payment due date, via email to sponsorbilling@troy.edu:

Student Name and ID

Sponsor Name

Educational Expenses to be covered by Sponsor.

The remaining semester balance must be paid over the next two months. Failure to pay the entire balance by the third payment date will result in a late fee of \$50.00 as well as a restriction on future class registration and non-release of transcripts.

Clearance of Obligations

All financial or other obligations to the University must be cleared prior to the end of each semester or term. An outstanding balance for a prior semester or term must be paid before the student will be allowed to register for subsequent semesters and or terms. Transcripts will not be issued if financial obligations have not been satisfied. Failure to meet financial obligations to the University could subject the student to additional late payment charges, as well as collection costs.

Other Expenses

In addition to basic regular registration expenses, other expenses such as Health Center charges may be incurred by the student and charged to the student's account. These charges are payable when incurred.

Offset of Funds

If a student's University account has an outstanding balance and the University has in its possession any funds payable to the student, the University reserves the right to withhold funds necessary to clear the outstanding balance on the student's account and to cover any collection costs incurred. Once accounts are cleared, any remaining funds will be paid to the student.

Change In Regulations Or Expenses

All financial regulations, fees or charges are subject to change as conditions warrant.

Student Excess Financial Aid Refunds

Each registered TROY student will receive a Trojan OneCard. The Trojan OneCard will be mailed to the student, using the address on file with the University. To receive refunds from the University, a student must activate his or her Trojan OneCard. During card activation, the student will choose how to receive his or her refund money. Options available include having the student's refund:

1. Directly deposited to the student's Trojan OneCard OneAccount (1 day or less)

The OneAccount from Higher One is a fully functioning FDIC insured FREE CHECKING account that allows students quick and easy access to their refunds. The OneAccount has no minimum balance, no monthly fees, and free Internet banking features. With the OneAccount, students can use their Trojan OneCard to make purchases anywhere Debit MasterCard is accepted. Students will receive an e-mail when their refund has been directly deposited to their OneAccount. Students may view detail activity of their OneAccount by accessing their OneAccount Statement online at www.TrojanOneCard.com.

2. Deposited to another bank account of the student's choice (2 —3 business days)

If students choose to have their refund deposited to another bank account of their choice, the transfer may take 2-3 business days from the day the University releases the funds. In order to have a refund deposited to their bank, students must first activate their Trojan OneCard at www.TrojanOneCard.com. For this option, students will need to complete, print, and mail the third party form to the designated address. The third party form is available on www.TrojanOneCard.com.

Funds Held

Troy University acts as an agent holding miscellaneous scholarship funds from donors to be applied to the accounts of students.

Drops, withdrawals, and Refunds

Students may add/drop courses during the first week of the semester without penalty. After this week, students are responsible for all charges. A student may withdraw during the first week of the semester by following withdrawal procedures and paying a \$50 withdrawal fee. Registration charges will be removed from the account and room/board charges may be prorated. Withdrawals may occur after the first week of the semester, however, the registration charges will not be reduced and a \$50 withdrawal fee will be assessed. Students should inform the University of address changes. eTroy has a different drop and withdrawal policy.

Ineligibility for Refund

A student, who is withdrawn by the University for disciplinary reasons, or for other similar reasons, is not eligible for any refund or reduction in semester/term charges.

In-State and Out-of-State Status

In-state or out-of-state status concerns or questions should be directed to the Office of Admissions/Enrollment Management.

Parking Decals

Students who use campus parking are required to purchase parking decals.

Room Rent

Room rent expense is not refundable after completion of registration (see Housing Contract). Board is refunded on a prorated weekly basis. All room and board adjustments are made in the Housing Department. Meal plan changes are not allowed after Drop & Add Day which is usually the second week of school.

Student Financial Aid

Troy University, Adams Administration Bldg. 133, Troy, AL 36082 1-800-551-9716 ext. 3186 www.troy.edu/financialaid; Troy University Dothan Campus, P.O. Box 8368, Dothan, Alabama 36304, Malone 219 (334) 983-6556 ext. 1-255; Troy University Montgomery Campus, 231 Montgomery Street, P.O. Drawer 4419, Montgomery, AL 36103-4419, (334) 241-9520, Whitley Hall Room 208; Troy University Phenix City Campus, One University Place, Phenix City, AL 36869 (334) 297-1007. The Troy campus Financial Aid office processes financial aid for all campuses.

Although it is primarily the responsibility of the students and their families to pay college costs, this is not always possible. In such cases, the student should apply for financial aid to supplement family resources in the Student Financial Aid Office.

The Student Financial Aid Office strives to help students meet their educational costs that exceed the parents' contribution and other resources. Numerous Federal regulations determine a student's eligibility for financial aid. Staff members assist students and their families in understanding those regulations, but the university often has little opportunity to make exceptions to regulatory guidelines.

Grants

Grants available at Troy University include the Pell Grant, Supplemental Educational Opportunity Grant and State Grants. Grants do not have to be repaid.

Direct Student Loans

Loan programs in which Troy University participates include the Perkins Loan, the Direct Subsidized and Unsubsidized Stafford Loans and Direct PLUS (parent) loans. Loans must be repaid.

Scholarships

Troy University offers Academic and Leadership Scholarships, Air Force and Army ROTC Scholarships. Additional scholarships are available in nursing, athletics, music and performing arts. Other scholarships are made available through various clubs, businesses and organizations.

Student Employment

The University provides employment for students through work-study and work-shop programs. Students may hold only one student position and may not be otherwise employed through the University. The Federal Work-Study Program is a federally funded, need-based student work program awarded and administered by the Student Financial Aid Office. To be eligible for work-study students must apply for financial aid and show financial need. Work-study employees are limited to no more than 13 hours per week. Work-shop is part-time employment up to an average of 15 hours per week in various departments on campus. All work-shop positions must be approved through the Office of Human Resources and follow the procedures required by that department.

To qualify for student employment, the student must be enrolled (at least half-time) and regularly attending classes in pursuit of a course of study. In addition, the student employment must be incident to and for the purpose of pursuing a course of study; the educational aspect of the

relationship between the student and Troy must be predominant.

The IRS states in the revenue procedure that a pay period that falls fully or partially within an academic term will be eligible for the FICA exemption. At Troy University, if the academic term begins at any point within a pay period, the entire period is considered for the exemption, not just the days actually within the term.

Other Sources of Aid

Additional student aid may be obtained through Veterans benefits, Marine officer programs, vocational rehabilitation and Alabama Benefits for Children of the Blind.

Federal Financial Aid

Students should apply for financial aid using the Free Federal Application for Student Financial Aid (FAFSA). The Troy University website (<http://www.troy.edu/financialaid>) includes a Financial Aid Checklist to guide students through the financial aid process and downloadable forms. Please visit our website for links to the FAFSA and other pertinent links. Students must reapply for federal financial aid each year.

Deadline

Applications for each academic year are available online January 1. Students applying for assistance prior to March 1 will be given priority in the allocation of funds available for the coming academic year. Students applying after that date may receive assistance if funds are available. Students must reapply each academic year.

Additional Information

Students enrolling less than full-time will have their financial aid awards reduced or canceled according to the number of hours taken. Students using student loans must maintain half-time status or eligibility.

Financial Aid Disbursement

The transmittal of financial aid will be made on the day after the free drop/add period if the award letter has been returned to financial aid at least 10 days prior. Students will be able to receive refunds no later than twelve (12) days after the start of classes for the term. Students are expected to enroll with sufficient funding to purchase books and to survive for a minimum of two weeks after the beginning of the term. If book vouchers are available, they are issued by Student Financial Services.

Troy University reserves the right to adjust any aid if there is any change in academic or financial status of the aid recipient or to prevent institutional liability.

Satisfactory Academic Progress (SAP) Requirements

Satisfactory progress is not to be confused with “good standing”. A student can meet the Troy University standards of “good standing” and be allowed to enroll but may not meet the minimum standards of “Satisfactory Progress” to receive financial aid while enrolled. Beginning July 1, 2011, the Satisfactory Academic Progress standards changed in accordance with new federal regulations.

Troy University is required by Sec. 484(c) of the Higher Education Act 1965, as amended to establish Standards of Satisfactory Academic Progress for students receiving assistance through Title IV programs (Pell Grant, Supplemental Educational Opportunity Grant, Federal Work-Study, State Grant, Perkins Loans, and Federal Stafford Student Loan Programs.) Troy University has adopted the following as its official policy governing a regular student’s satisfactory academic progress.

Grade Point Average and Completion Rate

To receive Title IV funds (Perkins Loan, Stafford Loan, Plus Loan, Pell Grant, Work-Study, State, or Supplemental Grant), a student must be making “satisfactory academic progress” toward completing his/her academic program.

For purposes of this standard, students must maintain a 2.0 undergraduates (3.0 graduate) cumulative grade point average (GPA) and successfully complete 80% of all hours attempted, including repeated courses, dropped courses, withdrawals, incompletes, and F/FA grades.

This standard is measured annually and begins immediately for graduate students and at the end of the first year for undergraduate students.

Maximum Eligibility

In addition to the above measures, the maximum length of a student’s program may not exceed 150% of the minimum length required to complete the program. The academic records office according to the published standards in the University Bulletin establishes the length of each program. Courses, which transfer from another post-secondary institution, will reduce the time frame accordingly.

Examples: (1) If your degree is a 120 hour program: $120 \times 150\% = 180$ attempted hours maximum time frame. You are eligible for only the first 180 hours attempted. (2) If you transfer and bring 70 hours credit into a 120 hour program: $120 \times 150\% = 180 - 70 = 110$ hours maximum time allowed for degree funding.

However, if at any point it’s determined the student will not be able to meet the 150% time frame by graduation, the student becomes ineligible for federal aid.

Example: a student has already attempted 170 hours and is in a program that has a 180 hour maximum, but still has 30 hours left to complete the program; the student will not be eligible for federal aid because the program cannot be completed within the 180 hour time frame ($170 + 30 = 200$).

Second Degree Issues

Students who are working toward a degree level which they have already completed (AS, BS, MS, etc.) or who are working toward a degree which is lower than the one they hold, will have their maximum length of program established at no more than 100% of the normal time frame minus any credits, which transfer from any post-secondary institution.

However, if at any point it is determined the student will not be able to meet the 100% time frame by graduation, the student becomes ineligible for federal aid.

Example: a student is working on a second degree and has dropped or withdrawn after the free drop/add, or taken another course that does not pertain to the second degree; the student will not be eligible for federal aid because the program cannot be completed within the 100% time frame.

Students will not be eligible for federal aid when seeking a third degree above the second degree which is already attained.

Example: Students will not be eligible for federal aid if working on a third master’s degree.

Preparatory Coursework

A student may apply for a Stafford loan for prerequisite coursework that is necessary to be admitted in an eligible program. The courses must be part of an eligible program offered by Troy University. If enrolled at least half time in these prerequisite courses, the student is eligible for loans for one consecutive 12-month period (not per program) beginning on the first day of the loan period.

Example: a student has a bachelor’s degree with a major in mathematics and wants to enroll in a graduate computer science program but needs 12 more semester hours of computer science coursework to meet the admission requirements. The student may receive a Stafford loan if enrolled at least half time in undergraduate prerequisite courses that are required for enrollment in the graduate program.

Notification and Reinstatement

A student who is notified of his/her ineligibility for financial aid funds due to failure to meet these standards may submit a written letter of appeal for reinstatement. The written letter must state the basis for the appeal and include a copy of his/her current academic transcript along with supporting information.

Financial Aid Suspension

Financial Aid Suspension status is assigned to a student who fails to make SAP. A student who is placed on Financial Aid Suspension may only receive financial aid if the student re-establishes eligibility by meeting the standards set forth in this policy.

Financial Aid Probation

Financial Aid Probation is assigned to a student who fails to make SAP and who has successfully appealed and has had financial aid reinstated. A student who is placed on financial aid probation may receive financial aid for one term/semester. At the conclusion of the term/semester, if the student meets the Standards of Satisfactory Academic Progress, the student will be eligible for financial aid reinstatement.

If the student fails to meet overall Satisfactory Academic Progress at the end of the probation, the student's academic performance for the term/semester will be evaluated against the student's Financial Aid Probationary Academic Plan.

The student is responsible to contact the financial aid office after grades are finalized for the probationary term/semester to request a SAP reevaluation for financial aid eligibility for the next term/semester.

The Financial Aid Probationary Academic Plan requires that the student:

1. Must be at least half-time and have completed 100% of those classes for credit
2. Must have at least a 2.0 GPA for undergraduate students or 3.0 GPA for graduate students
3. Must not withdraw, drop, or have an incomplete during the probationary term/semester.

If you do not meet these requirements, you will be ineligible to receive financial aid and will be responsible for payments toward the student's bill until you meet the satisfactory academic progress standards. In order to have your financial aid reinstated at the end of the probationary period, you must contact the financial aid office after your grades have been finalized.

The professional financial aid office staff will review each appeal and respond to the student in writing stating the reason for reinstatement or upholding the denial of financial aid. If your appeal is denied, the decision of the appeal committee is final.

Confidentiality: Students' family financial information and the type and amount of a student's aid are held in confidence. Student Financial Aid Office ensures the confidentiality of all student records in accordance with the Buckley Amendment – the Family Education Rights and Privacy Act of 1974. (FERPA).

Standards of Conduct and Disciplinary Procedures

STANDARDS OF CONDUCT

By publication of these “STANDARDS OF CONDUCT,” the University calls to the special attention of students and organizations the standards by which they are expected to abide. Students and organizations should be aware of the STANDARDS and should know they will be held accountable for their provisions.

Student Conduct Office General Philosophy

The Office of Student Conduct approaches discipline from an educational and developmental nature. All actions, when feasible, by the conduct office are made in an attempt to aid the student in growing as a student and a person as a whole. All students enrolling in Troy University assume an obligation to conduct themselves at all times (both on and off campus) as responsible members of the campus community and in accordance with standards of common decency and decorum, with recognition and respect for the personal and property rights of others and the educational mission of the university.

Authority For Rules And Regulations

The Board of Trustees of Troy University is vested with the authority to promulgate rules and regulations regarding the conduct of students while enrolled at Troy University by Title 16-56-6, Code of Alabama, 1975. The University Trustees have delegated full authority to the University administration to prepare and administer rules and regulations for the welfare and discipline of its students.

Administrative Responsibility and Authority

The Student Services Division of the University has primary authority for the supervision of student conduct and administration of discipline. The Senior Vice Chancellor for Student Services and Administration and campus staff are responsible for working with students and student organizations to encourage support and compliance with University standards. The Senior Vice Chancellor may delegate specific responsibilities to members of his respective staffs, and in some instances, to student government agencies. It is permissible for the Student Services Conduct Officers on each campus to handle disciplinary decisions administratively if both the student or student organization and the Conduct Officer agree to an administrative hearing. The Student Services Conduct Officer is responsible for coordinating all disciplinary procedures and maintaining appropriate records of student conduct and disciplinary actions.

Misconduct Defined

By enrollment at the University, a student or organization neither relinquishes rights nor escapes responsibilities of local, state, or federal laws and regulations. The “STANDARDS OF CONDUCT” are applicable to behavior of students and organizations on and off the university campus if that behavior is deemed to be incompatible with the educational environment and mission of the university. A student or organization may be disciplined, up to and including suspension and expulsion, and is deemed in violation of the “STANDARDS OF CONDUCT”, for the commission of or the attempt to commit any of the following offenses:

1. Dishonesty, such as cheating, plagiarism or knowingly furnishing false information to the University, faculty or other officers or employees of the University.

11. Use, possession, display or distribution of any rifle, shotgun, handgun, or other lethal or dangerous device capable of launching a projectile by air, gas, explosion or mechanical means (including BB guns, air-soft guns, and paintball guns). Only duly-constituted law enforcement officers may possess firearms on campus.
12. Use, possession, display or distribution of any toy weapon which resembles a real weapon, any swords, any illegal knives, any explosives (including fireworks and sparklers), any martial arts weapons or any devices which are used to threaten the safety and well-being of any person.
13. Disorderly conduct, including rioting, inciting to riot, assembling to riot, raiding, inciting to raid, and assembling to raid university properties.

26. Conduct in violation of public law, federal and state statutes, local ordinances, or university regulations or policies whether or not specified in detail, that adversely affects the student's suitability as a member of the academic community and regardless of whether such conduct has resulted in a conviction under a statute of ordinance.
27. Any other activity, conduct or dress not specifically stated herein that impairs, endangers or disrupts any person, property, social order or the educational environment of the University.

Disciplinary Procedures

Any member of the University community has the right to file a complaint against a student alleging a violation of the Standards of Conduct. The complaint must be made in writing and filed as soon as possible following the infraction. Students who are charged with violation of university regulations will receive a fair and reasonable hearing before a conduct board or administrative officer where the fundamental elements of due process are followed.

When a student is charged with a violation of the Standards of Conduct, the student will be notified to appear for a meeting with a Student Conduct Officer. The notification will be through mail, email or class notification through an instructor. It is expected that the student will respond to the summons in a timely manner. Failure to respond to the summons will result in a hearing being held in absentia and action being taken based on the facts of the case as presented. Students will not be permitted to register for subsequent terms until this disciplinary case is resolved.

A student withdrawal from the University or a particular course does not absolve the student from the disciplinary responsibility.

University disciplinary procedures assure the student's right to procedural and substantive due process to safeguard the personal and confidential information concerning the student. These procedures may differ from court procedures in the interest of student welfare and confidence. Procedures and rules have been developed to assure a fair hearing and appeal. Incidents of alleged misconduct and the relevant facts may be referred directly to committees for initial action. Prior notice concerning the alleged misconduct or offense and specific university policies or standards that apply are given to the student or students involved. Information and facts are presented before such committees in the presence of the student or students, and they are given an opportunity to challenge these presentations and to offer such information as they deem necessary. The failure of a student to appear at a scheduled hearing will not of itself prejudice his case; neither will it prevent the committee from hearing the case.

The right to proceed with university disciplinary proceedings shall in no way be affected by the filing of criminal or civil charges in any court by any person or any government entity against the accused student or organization. If charges pertaining to a conduct case also result in an off-campus warrant against the accused student or organization, the university will proceed with on-campus conduct action. Exceptions may be made with the approval of the Senior Vice Chancellor for Student Services and Administration, based on a written recommendation by the Student Services Conduct Officer at the specific location, when the accused is incarcerated without bail or other circumstances warrant a delay in adjudicating the case on campus. Sanctions imposed in a case that is also adjudicated by an off-campus agency may be subject to modification based on the outcome of the off-campus case.

Responsibility for Disciplinary Actions

The University delegates specific and general authority and responsibility to faculty, administrators, committees, and councils. The Senior Vice Chancellor for Student Services and Administration and staff provide specific information concerning student rights, procedures, and jurisdiction for specific incidents or alleged misconduct. The major agencies involved in disciplinary procedures are described in the remainder of this section.

Appeals From Actions And Referrals For Action

The University procedures for handling disciplinary matters are based upon the principle of appeal for review by a higher administrative authority or committee. An appeal from a decision may be made by any party to the appropriate appeal board or administrative authority within five days of the decision. The appeal authority may take any action deemed appropriate.

Student Conduct Boards

Certain disciplinary authority may be delegated to student organization conduct boards. Appeals from student conduct board decisions may be made through the Office of the Senior Vice Chancellor for Student Services and Administration or his designee to the Student Services Conduct Board on each campus. Student organization conduct boards are established with specific authorities when constitutions are approved by the University Student Services Committee. Examples of such delegation of disciplinary authority exist in the case of the Student Government Association, the Interfraternity Council, and the Panhellenic Council. (See pertinent Constitutions.)

Mediation

Mediation is a voluntary process. Its aim is to assist the persons in dispute to resolve or settle their issue quickly, informally, cooperatively, and confidentially. Where informal settlement is accepted by both parties, a mediator from Student Services will convene a mediation meeting. The mediator does not act as an advocate for either side but as a facilitator. The mediator's role is to assist both parties to explore the issues that led to the complaint, identify points of agreement, and arrive at a solution that resolves or settles the complaint. If at any time the mediation process does not result in satisfaction to both parties, then the incident may be referred to the Student Services Conduct Officer or Board for a formal process.

Student Services Conduct Board

A Student Services Conduct Board procedure has been established by the university. There will be boards at each campus and the boards have the following functions:

- To hear charges and information concerning student and organization misconduct and to take final action in all cases referred to the committee for original jurisdiction by the Student Services Conduct Officer.
- To serve as a review committee for cheating and plagiarism cases referred by faculty members through the Student Services Conduct Officer or to hear appeals by students regarding faculty actions when referred by the Student Services Conduct Officer.
- To review and make recommendations to the Student Services Conduct Officer on student discipline policies and procedures.
- To review cases of appeal from student Conduct agencies which are referred to it by the Student Services Conduct Officer.
- The failure of a student to appear at a scheduled hearing will not of itself prejudice his case; neither will it prevent the committee from hearing the case.

This board is charged with the responsibility of all matters pertaining to students that are organizational, disciplinary, or procedural. The committee, at its discretion, may delegate substantive and procedural functions to organizations and/or individuals concerned with the above stated areas.

Rights of Accused Students or Organizations

Students or recognized student organizations that are charged with violation of university regulations will receive a fair and reasonable hearing before the appropriate administrative officer or conduct committee where the fundamental elements of procedural due process are followed. The following procedures are guaranteed to accused students or recognized student organizations in those proceedings considering charges that could lead to suspension or expulsion from Troy University:

- A written notice shall be provided at least five (5) calendar days in advance of any hearing; the notice shall specify the factual allegations of misconduct and refer to the specific institutional rule that the facts, as alleged, call into play. The student may waive the five (5) day minimum notice.
- A hearing shall be conducted by an appropriate tribunal. It is not necessary that students be impaneled on such a board, but neither should deans or administrators representing the institution's cases be allowed to sit on the tribunal.
- The student or student organization shall be permitted to have counsel present at the hearing only to seek advice during the course of the proceedings.
- The student or student organization shall be permitted to confront accusers and all witnesses who were physically present during the event.
- The student or student organization shall be granted the opportunity to present his/her own case, including his/her version of the facts, and any affidavits, exhibits, or witnesses in support thereof, in reference to the specific charges against the student.
- The student or student organization shall be allowed to hear all facts and information presented against him/her and to cross-examine all adverse witnesses.
- The failure of a student to appear at a scheduled hearing will not of itself prejudice the student's case; neither will it prevent the committee from hearing the case.
- The tribunal shall make its decision solely on the basis of facts presented to it and must provide a written finding of their decision.
- Appellate procedures must be guaranteed and for that purpose, a record of the hearing must be preserved. There shall be a single verbatim record, such as a tape recording, of all hearings before a Conduct body. The record shall be the property of the University.

Disciplinary Action and Penalties

Disciplinary actions are taken and penalties are assigned by staff members or appropriate committees and judiciaries on the basis of all attendant circumstances. Official notifications are given by the appropriate administrative office and official records are maintained in that office. Efforts are made to keep penalties consistent with those applied in similar cases in recognition of the fact that the University is an educational institution with a rehabilitative point of view. A student or group of students found to be in violation of the "STANDARDS OF CONDUCT" is subject to one or more of the following sanctions:

Disciplinary Warning

A disciplinary warning is used for infractions of regulations and consists of a restatement of the regulation violated with an official warning concerning future behavior.

Loss of Privilege

Loss of privilege is used in cases of violation of a university standard by a student or a student organization. It is most commonly used in the case of dormitory regulations violations, rushing violations by student organizations, social standard violations, or misuse of university facilities. The loss of privilege is ordinarily established for a specific period of time, and actions are recorded in personnel and organization records.

Educational Sanction

An educational sanction may consist of the assignment of specific projects to be performed by a student or student organization, such as writing a research paper on a specific topic, remedial education in a particular area, attending an educational program, or completing mandated alcohol and drug education programs.

Restitution

Restitution allows for the compensation of loss, damage or injury caused by a student or student organization's misconduct. Compensation may take the form of appropriate service, and/or monetary or material replacement.

Work Reparation/Community Service

The option of working off part of the sanction by doing work for the university without pay may be offered to the student. Additionally, students and/or organizations may be sanctioned with community service as a part of their punishment.

Suspension from Housing

Separation of a student from the residence halls for a specified period of time in which the student may not live or visit in the on campus residence halls.

Expulsion from Housing

Permanent separation of a student from the residence halls. The student may not live or visit in the residence halls for the remainder of their time at the institution.

Disciplinary Probation

Disciplinary probation means that a student is permitted to remain in the University on a probationary status. If a violation of STANDARDS occurs during probation, the student is normally suspended. Disciplinary probation is recorded on the student's permanent personal file in the Student Services office. Conditions of probation are specific to the individual case and will include the loss of the privilege of holding any elected or appointed student office or appointment to a university committee. Any specific probation conditions are described in a personal letter to the student.

Temporary Suspension

Accused students will be afforded the right to attend classes and university functions until the hearing is held and the case is decided. Exception to this would be made for reasons relating to the general safety of students, faculty, or university property. In this event, the Student Services Conduct Officer may impose such temporary sanctions on the student as are reasonably necessary to protect the student, the University and/or University property from such danger.

Suspension

Suspension is used in cases of serious misconduct, or violation of probation, and means that the student is required to cancel registration and is not eligible to apply for readmission for a designated period of time. To qualify for readmission after suspension, a student must receive the approval of the Student Services Conduct Officer and meet academic requirements. Criteria for eligibility for readmission will include the student's conduct and activities while out of school. Credit will not be given for work taken at other institutions during a student's suspension.

Expulsion

Dismissal from the university on a permanent basis. An expelled student may not return to the campus for any reason without the approval of the Dean of Student Services. Students failing to comply with the expulsion are subject to arrest for trespassing.

Other Sanctions

Other sanctions may be imposed instead of, or in addition to, those specified above. For example, students may be subject to restrictions upon or denials of University parking privileges for violations involving the use of registration of motor vehicles on campus and the loss of privileges for access to University computers or networks. Service or research projects may also be assigned and the student may be required to attend a specified University class or workshop at his or her own expenses. For violations of academic integrity, appropriate academic penalties may also be applied.

Notification of Parents/Guardians due to an Alcohol and/or Drug Violation

Under federal legislation adopted in 1998, the University may notify parents or guardians of students under the age of 21 who are found guilty of an alcohol or other drug violation. This option will be exercised as necessary to ensure the safety and well-being of all students.

Appeals

Appeals must be made in the form of a letter within five days of the decision in sufficient detail to inform the Review Authority of the grounds for appeal. Ordinarily, the student(s) or organization will not be given the opportunity to appear before the Review Authority for an oral hearing. The appeal is not intended to afford a full rehearing of the case, but to serve as a method of reviewing the record of the case and the procedures followed in its adjudication. Appeals will be made to the Senior Vice Chancellor for Student Services and Administration on the Troy campus and to the campus Vice Chancellor at all other locations. The appeals will be forwarded through the Student Services Conduct Officer on each campus to ensure the reviewer has all the facts concerning the case.

Grounds for Appeal

The purpose of an appeal is to review the procedures of the hearing in order to determine if there were errors in the procedures. Grounds for appeal include the following:

1. A violation of due process.
2. Evidence of prejudicial treatment by the original hearing body.
3. Evidence that does not support a finding.
4. Sanction(s) inappropriate for the nature of the violation.
5. Evidence that becomes available during the review process that was not previously available during the original hearing.

The Senior Vice Chancellor or Campus Vice Chancellor will review all the materials related to the case and the hearing. He/she may affirm the original decision by the board; change the sanctions imposed by the board; refer the case to another hearing board, if appropriate; find the student not responsible for the charges and terminate any further proceedings. The decision of the Senior Vice Chancellor or the Campus Vice Chancellor is final and there is no further appeal.

Class Attendance During Disciplinary Proceedings

Accused students shall be afforded the right to attend classes and university functions until the hearing is held and the case is decided. Exception to this would be made for reasons relating to a student's physical or emotional safety and well being, or for reasons relating to the general safety of stu-

dents, faculty, or university property. In this event, the Student Services Conduct Officer may temporarily impose such sanctions on the student as are reasonably necessary to protect the student, the University and/or University property from such danger.

University Honor Code

Academic honor, trust, and integrity are fundamental to Troy University. These qualities contribute directly to a student's education and reach far beyond the campus to an overall standing within the community. The following Honor Code was proposed by the SGA, approved by the Student Body and was implemented by the University Board of Trustees. The Honor Code reads: "I, (Troy University Student), will be honest in all of my academic work and strive to maintain academic integrity." Adopted by the Troy University Student Government Association and approved by the Board of Trustees, this Honor Code is in support of the Academic Code as stated in The Oracle.

Academic Code

A student is subject to disciplinary action if:

Internship

All students seeking a degree that leads to an Alabama Teaching Certificate (Class B, A or AA) are advised of the following:

The State Superintendent of Education shall have the authority to refuse to issue, to suspend, or to recall a certificate for just cause. Just cause may be defined as:

... proven guilty of immoral conduct or unbecoming or indecent behavior in Alabama or any other state or nation in accordance with Alabama Code 16-12-5 (1975).

Students who have been arrested for immoral conduct or unbecoming or indecent behavior during their education internship (student teaching) may present a reason to their cooperating school district to request removal from their district following their notification of such. In such an event, the appropriate campus official will make a reasonable attempt at an alternative placement. If such placement is not possible, the student will be asked to:

1. Take an incomplete for the internship, and following a favorable settling of the charges, be allowed to re-enter the internship program (fall, spring) at an alternative site for completion, or;
2. Withdraw from the University until such time as a favorable settlement is achieved. At that time, the student will be allowed to re-enroll in the university and student internship (fall, spring). In the event that the individual is found guilty, the case will be remanded to the Office of Student Services for appropriate action under the "STANDARDS OF CONDUCT" set forth in The Oracle, as established by the Troy University Board of Trustees.

Involuntary Administrative Withdrawal & Readmission Procedures Policy

Troy University has established guidelines for students displaying emotional problems or abnormal behavior. In some instances, a student's behavior may be beyond the on-campus resources and capabilities and require consideration of involuntary administrative withdrawal from the university, or from university housing, for a specific period to ensure the safety, security, and well-being of the student and/or other members of the university, and to assure the orderly operation of normal university functions.

It is the policy of Troy University to consider behavioral manifestations that persistently or substantially disrupt the academic process as a serious matter. The University reserves the right to withdraw a student from the University for reasons pertaining to mental health when the student's behavior is a direct threat of harm to themselves or others or when a student's behavior significantly disrupts the lawful activities of others. When a student demonstrates behaviors that are unduly disruptive and impedes the performance of others, students will not be allowed to return to the University residen-

tial community or to classes until such time as an evaluation has been made by a qualified mental health professional and the student has been cleared to return. Failure to cooperate will result in immediate, temporary suspension of that student. The final decision to allow a student to return to classes or the residential community will be determined by the Senior Vice Chancellor for Student Services and Administration or his designee.

Standards for Withdrawal

1. A student will be subject to involuntary administrative withdrawal from the university, or from university housing, if it is determined, by clear and convincing facts (See Informal Hearing), that the student is suffering from a mental disorder, including alcoholism, (see definitions, Deviations from established procedures) and, as a result of mental disorder:
 - a. engages, or threatens to engage, in behavior that poses a danger or causes physical harm to self or others, or
 - b. engages, or threatens to engage, in behavior which would cause significant property damage, or directly and substantially impede the lawful activities of others, or impairs the educational environment of the University.
2. These standards do not preclude removal from the University, or University housing, in accordance with provisions of the residence hall occupancy agreement, or other university rules or regulations.

Referral For Evaluation

- The Student Services Conduct Officer may refer a student for evaluation by an independent licensed psychiatrist or psychologist chosen by the institution, if the Student Services Conduct Officer reasonably believes that the student may meet the criteria set forth under Section 1, “Standards for Withdrawal”, or if a student, subject to disciplinary charges wishes, to introduce relevant evidence of any mental disorder.
- Students referred for evaluation shall be so informed in writing, either by personal delivery or by certified mail, and shall be given a copy of these standards and procedures. The evaluation must be completed within ten business days from the date of the referral letter, unless an extension is granted by the Student Services Conduct Officer in writing. Students may be accompanied by a licensed psychologist or psychiatrist of their choice, who may observe, but not participate in the evaluation process. Legal representation will not be permitted during the evaluation.
- Any pending disciplinary action may be withheld until the evaluation is completed, in the discretion of the Student Services Conduct Officer.
- A student who fails to complete the evaluation in accordance with these standards and procedures may be withdrawn on a temporary basis, as set forth under temporary suspension, or referred for disciplinary action, or both.

Temporary Withdrawal

1. A temporary administrative withdrawal (temporary suspension) may be implemented Immediately if a student fails to complete an evaluation, as outlined in the Referral for Evaluation Section, of these standards and procedures. Also, a temporary withdrawal may be implemented immediately if the Student Services Conduct Officer determines that a student may be suffering from a mental disorder, and the student’s behavior poses an imminent danger of:
 - a. causing serious physical harm to the student or others, or;
 - b. causing significant property damage, or directly and substantially impeding the lawful activities of others.
 - c. the student’s behavior is disruptive to normal university functions.

2. A student subject to a temporary withdrawal shall be given written notice of the withdrawal either by a personal delivery or by certified mail, and shall be given a copy of these standards and procedures. The student shall then be given an opportunity to appear personally before the Senior Vice Chancellor for Student Services and Administration or the campus Vice Chancellor, within two business days from the effective date of the temporary withdrawal, in order to review the following issues only:
 - a. the reliability of the information concerning the student's behavior;
 - b. whether or not the student's behavior poses a danger of causing imminent, serious physical harm to the student or others, causing significant property damage, or directly and substantially impeding the lawful activities or others, or the behavior is disruptive to normal university functions.
 - c. whether or not the student has completed an evaluation, in accordance with these standards and procedures.
3. A student subject to temporary withdrawal may be assisted in the proceeding specified in item 2 of this section by a family member and a licensed psychologist or psychiatrist, or in lieu of a licensed psychologist, or psychiatrist, by a member of the faculty or staff of the institution. Furthermore, the student may be accompanied by legal counsel, although the role of counsel will be limited to providing advice to the student. Students will be expected to speak for themselves whenever possible.
4. An informal hearing will be held within seven business days after the student has been evaluated by the appropriate mental health professional. Such evaluation should be undertaken within two business days after the student submits a proper request for an appointment. The student will remain withdrawn on an interim basis pending completion of the informal hearing, but will be allowed to enter upon the campus to attend the hearing, or for other necessary purposes, as authorized in writing by the Student Services Conduct Officer.

Informal Hearing

Students subject to an involuntary withdrawal shall be accorded an informal hearing before the Senior Vice Chancellor for Student Services and Administration, or the specific campus designee. The following guidelines will be applicable:

1. Students will be informed, in writing, of the time, date, and location of the informal hearing either by personal delivery or certified mail, at least two business days in advance.
2. The entire case file, the evaluation of these standards and procedures will be available for inspection by the student in the Student Services Office during normal business hours. The file, which should be available at least two business days before the informal hearing, need not include the personal and confidential notes of any institutional official or participant in the evaluation process.
3. The informal hearing shall be conversational and non-adversarial. Formal rules of evidence will not apply. The Senior Vice Chancellor for Student Services and Administration or designee shall exercise active control over the proceedings to avoid needless consumption of time and to achieve the orderly completion of the hearing. Any person who disrupts the hearing may be excluded.
4. The student may choose to be assisted by a family member and a licensed psychologist or psychiatrist, or, in lieu of a licensed psychologist or psychiatrist, by a member of the faculty or staff of the institution. Furthermore, the student may be accompanied by legal counsel, although the role of counsel will be limited to providing advice to the student.

-
5. Those assisting the student, except for legal counsel, will be given reasonable time to ask relevant questions of any individual appearing at the informal hearing, as well as to present relevant evidence.
 6. Whenever possible, the student will be expected to respond to questions asked by the Senior Vice Chancellor for Student Services and Administration or designee. Students who refuse to answer on grounds of the Fifth Amendment privilege may be informed that the Senior Vice Chancellor or designee could draw a negative inference from their refusal which might result in their dismissal from the institution, in accordance with these standards and procedures.
 7. The informal hearing may be conducted in the absence of a student who fails to appear after proper notice.
 8. The mental health professional who prepared the evaluation may be expected to appear at the informal hearing, and to respond to relevant questions, upon request of any party, if the Senior Vice Chancellor for Student Services and Administration or designee determines that such participation is essential to the resolution of a disposition issue in the case.
 9. The Senior Vice Chancellor for Student Services and Administration or designee may permit a university official, and the mental health professional who prepared the evaluation, to appear at the informal hearing and to present evidence in support of any withdrawal recommendation. Such evidence will not be presented by legal counsel for the university.
 10. The informal hearing shall be tape recorded by the Senior Vice Chancellor for Student Services and Administration or designee. The tape(s) shall be kept with the pertinent case file for as long as the case is maintained by the institution.
 11. A written decision shall be rendered by the Senior Vice Chancellor for Student Services and Administration or designee within five business days after the completion of the informal hearing. The written decision, which should be mailed or personally delivered to the student, should contain a statement of reasons for any determination leading to involuntary withdrawal. The student should also be advised as to when a petition for reinstatement could be considered, along with any conditions for reinstatement.
 12. The decision of the Senior Vice Chancellor for Student Services and Administration or designee shall be final and conclusive and not subject to appeal.

Deviations From Established Procedures

Reasonable deviations from these procedures will not invalidate a decision or proceeding unless significant prejudice to a student may result.

Definitions

1. Abnormal behaviors are overt actions, omissions to act, or verbal or written statements that would not be consistent with the actions or statements of a reasonable, prudent person under similar circumstances.
2. Emotional problems include, but are not limited to, behaviors resulting from possible physical, drug or alcohol-related, or psychological disorders that may pose a potential harm to the physical well-being of the student or others, and/or cause significant disruptive activity to the normal functions of the university.
3. An emotionally disturbed student is interpreted to include, but not limited to, a student exhibiting any of the behaviors described above.

Readmission Procedures and Appeals

1. When a student is suspended or withdrawn for health reasons, a medical hold will be placed on the student's readmission to the university. This hold will remain in the student's records until the student's request for readmission is approved in accordance with the following procedures:
 - a. A student who has had a medical hold placed on his or her readmission for health reasons must request readmission clearance from the Student Services Conduct Officer at least three (3) weeks prior to the first day of classes of the semester or summer session in which the student wishes to enroll. The student will be required by that office to submit medical evidence supportive of his or her present health and emotional ability to function properly in a university environment. The Student Services Conduct Officer, in consultation with the University physician and/or other appropriate health/counseling personnel, shall evaluate the student's request and supporting evidence. Primary consideration will be given to the satisfying of all conditions specified at the time of suspension or withdrawal for the readmission of the student to the University. If approval is granted by the Student Services Conduct Officer for the removal of the medical hold, the student must then complete requirements by the Office of Enrollment Management and the Office of University Records.
 - b. If approval for readmission is not granted by the Student Services Conduct Officer, the student may appeal that decision to the Senior Vice Chancellor for Student Services and Administration or the campus Vice Chancellor. The appeal must be made, in writing, within five (5) university working days of the date the student was notified by the Student Services Conduct Officer that his or her request for readmission was denied.
 - c. The Senior Vice Chancellor or campus Vice Chancellor will inform the student that he or she is entitled to a hearing. This hearing will be held within five (5) university working days if at all possible. The hearing will be conducted by the Senior Vice Chancellor or campus Vice Chancellor. Following the hearing, the decision will be to either sustain the decision of the Student Services Conduct Officer or overrule the decision and allow the student to apply for readmission to the university. The Senior Vice Chancellor or campus Vice Chancellor shall notify all parties of this decision, in writing, within three (3) university working days following the completion of the hearing. The decision of the Senior Vice Chancellor or campus Vice Chancellor is final.

Requests for Voluntary Withdrawal Due to Mental Health Circumstances

A student may be eligible for withdrawal due to mental health circumstances when a mental disorder results in a significant change and impairment of an individual's social and academic functioning. A student wishing to explore the appropriateness of a withdrawal due to mental health circumstances should contact the Student Development/ Counseling Services office. A review process will be conducted which includes the receiving and examining of appropriate records and documentation. The review may also include consultation with the student's professors and other personnel as appropriate. The final decision to grant a withdrawal due to mental health circumstances will be determined by the Senior Vice Chancellor for Student Services and Administration or his designee. Documentation from a qualified mental health professional (preferred) or physician is required.

Documentation from a clinician on letterhead stationery must include the following:

1. Dates of treatment
2. Diagnosis (es)
3. Prognosis (status of treatment)
4. Reason why this provider supports your request for withdrawal

Withdrawals due to mental health circumstances must be initiated before the current semester's deadline (see academic calendar for current semester's deadline).

Campus Safety and Emergency Procedures

Campus safety and security is paramount on all of the campuses. Information contained in this section is provided to assist everyone in maintaining a safe environment. Safety on a university campus is everyone's responsibility.

Jeanne Clery Act

The Jeanne Clery Act is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. The Clery Act was originally enacted by the Congress and signed into law by President George Bush in 1990 as the Crime Awareness and Campus Security Act of 1990. The name later was renamed in honor of Jeanne Clery, a student murdered in 1986 at Lehigh University. Schools have to publish an annual report every year by October 1st that contains 3 years worth of campus crime statistics and certain security policy statements including sexual assault policies which assure basic victims’ rights, the law enforcement authority of campus police and where students should go to report crimes. Below are the most recent statistics for Troy University.

Annual Disclosure of Crime Statistics

The Dean of Student Services on the Troy campus, in conjunction with the other campuses prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at troj.troy.edu/universitypolice/index.html. You will also be able to connect with our web site via the Troy University Home Page at www.troy.edu. This report is prepared in cooperation with the local law enforcement agencies surrounding our Troy campus and alternate sites, Housing and Residence Life, Judicial Affairs Officers from all campuses, and the Division of Student Services. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to the Troy University Police Department, designated campus officials (including but not limited to directors, deans, department heads, residence life staff, judicial affairs, advisors to students/ student organizations, athletic coaches), and local law enforcement agencies. These statistics may also include crimes that have occurred in private residences or businesses and is not required by law. The Personal Counseling and SAVE Project staff shall inform their clients of the procedures to report crime to the University Police on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a session.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provide the web site to access this report. Copies of the report may also be obtained at the University Police Department located in Hamil Hall or may also be obtained in the Dean of Student Services office on all Alabama campuses. All prospective employees shall be notified by email and through the application process regarding crime statistics.

Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of University Police or head of campus security, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the University e-mail system to students, faculty, staff and the campus’ student newspaper, The Tropolitan.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the police or security may also post a notice on the University text messaging system (e2campus) and the campus-wide electronic bulletin board located at sos.troy.edu. This provides the university community with a more immediate notification. In such instances, a copy of the notice is posted in each residence hall, at the front door of each on-campus fraternity and sorority house, and in prominent places on campus where students may see the notice. The electronic bulletin board is immediately accessible via computer by all faculty, staff and students. Anyone with information warranting a timely warning should report the circumstances to the University Police office or Campus Security Office on their respective campus by contacting the office by phone or in person at the number or location below.

Confidential Reporting Procedures

If you are the victim of a crime and do not want to pursue action within the University System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the University Police/Security Department on your campus can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to a potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

Troy University encourages anyone who is the victim or witness to any crime to promptly report the incident to the police or security. Because police reports are public records under state law, the University Police Department cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other Troy University campus security authorities, as identified above. Confidential reports of crime may be made by calling your campus police or security office or one of the other offices listed above to report criminal offenses.

Access Policy

During business hours, the University (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours access to all University facilities is by key, if issued, or by admittance via the University Police/Security Depart-

ment with written permission. In the case of periods of extended closing, the University will admit only those with prior written approval to all facilities.

Residence halls are secured 24 hours a day and access is given to approved persons through a key fob system. Over extended breaks, only those students and staff approved to be in the residence halls will be given access via their fob. Fobs are not to be loaned or given to anyone else for any reasons. Lost or stolen fobs should be reported immediately to the University Police and the Access Control Office. Some facilities may have individual hours. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility.

Emergencies may necessitate changes or alterations to any posted schedules. Areas that are revealed as problematic have security surveys conducted of them. Administrators from the Dean's Office, Physical Plant, Residence Life, and other concerned areas review these results. These surveys examine security issues such as landscaping, locks, alarms, lighting, and communications. Additionally, during the academic year, the Dean of Student Services, the Directors of Facilities Management, Housing and Residence Life staff, and University Police/Safety personnel meet on a regular basis to discuss issues of pressing concern.

University Police and Jurisdiction

Section 16-56-12 of the Alabama Code 1975 allows for the appointment of police officers on the Troy University campuses.

Police Officers

- (a) The chancellor or the presidents of the several campuses of the Troy University System with the approval of the chancellor; may appoint and employ persons as they may deem proper to serve as police officers pursuant to Sections 16-22-1 and 16-22-2. These police officers may do any of the following:**
- (1) Eject trespassers from the university system buildings and grounds.
 - (2) Arrest without a warrant any person believed guilty of disorderly conduct or of trespass upon the property under the control of the university system, or for any public offense committed in their presence, and carry them before the nearest district court or municipal court. Upon proper affidavit charging the offense, the person arrested may be tried by the court and convicted as in cases of persons brought before the court on a warrant.
 - (3) Summon a posse comitatus.
 - (4) Arrest with a warrant any person found upon or near the premises of the university system charged with any public offense and take that person before the proper officer.
- (b) The police officers provided for in this section shall cooperate with and, when requested, furnish assistance to the regularly constituted authorities of the city and county in which the employing campus of the Troy University System is located.**

(Acts 1967, No. 420, p. 1084, §11; Acts 1997, No. 97-586, p. 1035, §12.)

Troy University Police (Troy and Montgomery) have complete police authority to apprehend and arrest anyone involved in illegal acts on-campus and areas adjacent to the campus. If minor offenses involving University rules and regulations are committed by a University student, the campus police and security may also refer the individual to the disciplinary division of Student Services.

Major offenses such as rape, murder, aggravated assault, robbery, and auto theft are also reported to the local police and joint investigative efforts with investigators from University Police and the City Police are deployed to solve these serious felony crimes. The prosecution of all criminal offenses, both felony and misdemeanor, are conducted at Municipal Courts and District Courts in the various cities and counties that campuses are located.

Campus Police/security personnel work closely with local, state, and federal police agencies and have direct communication with the City Police Departments. The University Police/Security Departments are also a part of the County 911 Emergency Systems.

By mutual agreement with state and federal agencies, the University Police Departments maintain LETS access (Law Enforcement Tactical Systems). Through this system police personnel can access the National Crime Information Computer system as well as the Alabama Criminal Justice Information Center. These computer databases are used for accessing criminal history data, nationwide police records, driver/vehicle identification information, as well as other local, state and federal law enforcement information.

The University Police/Security Department's jurisdiction extends to any University owned or leased property both on campus and in outlying areas. Some areas are patrolled jointly by both University and City Police. The jurisdiction for the police departments in Troy and Montgomery is extended to other locations where University functions are being held or where University students may be residing. This is through a mutual agreement with the City Police Departments.

Through coordination with local law enforcement agencies, any criminal activity engaged in by students at off-campus locations of student organizations, is monitored and recorded. This information is provided to the Dean of Students for any action or follow-up that may be required.

Campus Law Enforcement

Troy University Safety and Security officers have the authority to ask persons for identification and to determine whether individuals have lawful business at Troy University. Troy University Police and security officers have the authority to issue parking tickets, which are billed to financial accounts of students, faculty, and staff. Safety and Security officers do not possess arrest power. Criminal incidents are referred to the campus police or the local police who have jurisdiction on the campus. All crime victims and witnesses are strongly encouraged to immediately report the crime to campus Police or Security Office and/or the appropriate police agency. Prompt reporting will assure timely warning notices on-campus and timely disclosure of crime statistics.

Reporting a Crime or Emergency

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents to their respective University Police or Security Department in a timely manner.

To report a crime call 911 if it is an emergency or refer to the chart below.

Troy Campus	334/670-3215 (day)	334/670-1999 (night)
Montgomery Campus	334/241-5920 (day)	334/241-2651 (night)
Dothan Campus	334/983-6556 x313 (day)	334/615-3000 (night)
Phenix City Campus	334/448-5102 (day)	334/298-0611 (night)

Dispatchers and/or personnel are available at these respective telephone numbers 24 hours a day to answer your call. In response to a call, University Police/Security will take the required action, dispatching an officer or asking the victim to report to University Police/Security Department to file an incident report.

All University Police/Security Incident Reports are forwarded to the Dean of Students Office on the respective campus for review and potential action by the Judicial Affairs Officer. University Police Department investigators will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Dean of Student Services Office.

If assistance is required from the City Police Department or City Fire Department, University Police/Security will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, including University Police, will offer the victim any services available both on and off campus to sexual assault and rape victims. Troy University (Troy campus) has a Sexual Assault and Violence Education Counselors on call to assist a victim 24 hours a day.

Again, crimes should be reported to the University Police/Security Department to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

Addressing Counselors (Confidential Reporting Procedures)

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Pastoral Counselors” and Campus “Professional Counselors”, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. The rule-making committee defines counselors as:

Pastoral Counselor

An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Security Awareness and Crime Prevention Programs

During orientation in June and July, new students are informed of services offered by the University Police and Security Departments. This is done through the distribution of various publications to new students. Students are also told about crime on-campus and in surrounding neighborhoods. Similar information is presented to new employees during the recruitment process.

Safety Awareness and Crime Prevention Programs are offered on the Alabama campuses at the beginning of each semester. The programs are offered on two nights and are open to anyone within the University community. Presenters include the Dean of Student Services, Chief of University Police, Campus Safety Officer, City Police Department representative, City Fire Department Representative and Sexual Assault and Violence Education representative.

Crime Prevention Programs on personal safety and theft prevention are sponsored by University Police Departments and Campus Security Departments through various campus organizations and residence halls throughout the year. University Police personnel facilitate programs for students and student organizations. In addition to these programs, training for Housing and Residence Life Resident Assistants is provided on a variety of educational strategies and tips on how to protect themselves and residents from sexual assault, theft and other crimes.

The Troy campus offers Rape Aggression Defense System (RAD) training through the Police Department as well as an academic credit course. It is a comprehensive course that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. Certified RAD instructors will teach the courses.

Annually, in conjunction with various local and state law enforcement and other safety departments, a Safety Fair is held on the Shackelford Quad on the Troy campus. Information is disseminated on safety awareness from several different agencies to include University Police, City of Troy Police, City of Brundidge Police, Pike County Sheriff's Department, State of Alabama Troopers, City of Troy Fire Department, Sexual Assault and Violence Education Office, State of Alabama Game Wardens, Care Ambulance Service, State of Alabama Corrections Department, and the Pike County Emergency Management Agency. Through displays and information disseminated to students, faculty and staff, the campus becomes more safety conscious.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

When time is of the essence, information is released to the university community through security alerts posted prominently throughout campus, through computer memos sent over the university's e-mail system and the campus text messaging system (e2campus).

Criminal Activity Off Campus

When a Troy University student is involved in an off-campus offense, police/security officers may assist with the investigation in cooperation with local, state, or federal law enforcement. The City Police routinely work and communicate with campus officers on any serious incidents occurring on-campus or in the immediate neighborhood and business areas surrounding campus. Many students live in the neighborhoods surrounding the campuses of Troy University. While the City Police Departments have primary jurisdiction in all areas off campus, University Police/Security officers can and do respond to student-related incidents that occur in close proximity to campus. Troy University Police/Security officers have direct communications with the city police, fire department, and ambulance services to facilitate rapid response in any emergency situation.

Alcoholic Beverage Policy

Troy University recognizes that the use of illicit drugs and the abuse of alcohol interfere with the rights of everyone to a safe and productive educational environment or workplace. Troy University has a legal obligation to maintain a drug-free school and drug-free workplace. Accordingly, Troy complies with and upholds all federal, state, and local laws that regulate or prohibit the possession, use, or distribution of alcohol, prescription drugs not prescribed by medical personnel, and/or illicit drugs. Unless otherwise stated by law, each individual retains responsibility for his or her mental or physical state, even if altered by alcoholic beverages or other drugs. Students, faculty, staff, and employees of Troy, are hereby notified of the University's alcohol policy and are expected to adhere to the guidelines set forth in this policy.

Drug-Free Workplace and Drug-Free School Act*

Drug and alcohol use and abuse are threats to American society. The use of illicit drugs and abuse of alcohol interferes with the rights of everyone to a safe and productive educational environment or workplace. Troy University has both a legal and moral obligation to maintain a drug-free school and drug-free workplace.

The unlawful possession, use, consumption, manufacture, distribution or dispensation of alcohol or controlled substances on Troy University property, in the workplace of any employee of the University, or as any part of any functions or activities by any student or employee of the University is prohibited. In any of the instances above, Troy University will act swiftly to prevent recurrence of such actions.

* The Drug-Free Schools and Communities Act Amendments of 1989 (PL 101-226) and The Drug-Free Workplace Act of 1988 (PL 100-690).

Sexual Assault Prevention and Response

The University educates the student community about sexual assaults and date rape through mandatory freshman orientations each fall. The University Police offers sexual assault education and information programs to University students and employees upon request. Literature on date rape education, risk reduction, and University response is available through the Sexual Assault and Violence Education Office and the University Police Department (Troy campus).

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The University Police/Security Departments strongly advocate that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to a University Police/Security Officer and/or to a SAVE Project representative. Filing a police report with a University Police/Security officer will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. Filing a report will

- Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim
- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothes prior to a medical/ legal exam)
- Assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention

When a sexual assault victim contacts the Troy University Police Department (Troy campus), a representative from the SAVE Project will also be notified. The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the University Conduct Council, or only the latter. A University representative from the Police Department or the SAVE Project will guide the victim through the available options and support the victim in his or her decision. Various counseling options are available both on and off campus.

University disciplinary proceedings are detailed in the student handbook, *The Oracle*. Both the victim and accused will be informed of the outcome of the hearing. A student found guilty of violating the University sexual misconduct policy could be criminally prosecuted in the state courts and may be suspended or expelled from the University for the first offense. Student victims have the option to change their academic and/or on-campus living situations after an alleged sexual assault, if such changes are reasonably available.

Missing Persons

The purpose of this policy is to establish procedures for the university's response to reports of missing University residential students, as required by the Higher Education Opportunity Act of 2008. (Note: Missing University non-residential students are reported to the local law enforcement authorities.)

For purposes of this policy, a University residential student may be considered to be a "missing person" if the person's absence is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student's welfare.

I. Procedures for designation of emergency contact information

- a. Residential students age 18 and above and emancipated minors
Students will be given the opportunity during each semester registration process to designate an individual or individuals to be contacted by the university no more than 24 hours after the time that the student is determined to be missing in accordance with the procedures set forth below. A designation will remain in effect until changed or revoked by the student.
- b. Residential students under the age of 18
In the event a student who is not emancipated is determined to be missing pursuant to the procedures set forth below, the university is required to notify a custodial parent or guardian no more than 24 hours after the student is determined to be missing in accordance with the procedures set forth below.

II. Official notification procedures for missing persons

- a. Any individual on campus who has information that a residential student may be a missing person must notify Troy University Police as soon as possible.
- b. Troy University Police will gather all essential information about the residential student from the reporting person and from the student's acquaintances (description, clothes last worn, where student might be, who student might be with, vehicle description, information about the physical and mental well being of the student, an up-to-date photograph, class schedule, etc.). Appropriate university staff will be notified to aid in the search for the student.
- c. If the above actions are unsuccessful in locating the student or it is apparent immediately that the student is a missing person (e.g., witnessed abduction), the Troy University Police will contact the appropriate local law enforcement agency to report the student as a missing person and request assistance as needed.

- d. No later than 24 hours after determining that a residential student is missing, the Dean of Students will notify the emergency contact (for students 18 and over) or the parent/guardian (for students under the age of 18) that the student is believed to be missing.

III. University communications about missing students

In cases involving missing persons, law enforcement personnel are best situated to provide information to the media that is designed to elicit public assistance in the search for a missing person. Therefore, all communications regarding missing students will be handled by law enforcement authorities, who may consult with the Office of University Relations. All inquiries to the university regarding missing students, or information provided to any individual at the university about a missing student, shall be referred to the Troy University Police.

Prior to providing the Troy community with any information about a missing student, the Office of University Relations shall consult with the Troy University Police to ensure that communications do not hinder the investigation.

Sex Offender Registry

In accordance to the “Campus Sex Crimes Prevention Act” of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Troy University Police Department is providing a link to the Alabama Bureau of Investigation Sex Offender Registry.

This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. In the State of Alabama, convicted sex offenders must register with the Sex Offender Registry maintained by the Alabama Bureau of Investigation.

The Sex Offender Registry is available via Internet pursuant to Title 15 Article 2 Section 15-20-25, Adult criminal sex offender - Community notification procedures, of the Code of Alabama. Registry information provided under this section shall be used for the purposes of the administration of criminal justice, screening of current or prospective employees, volunteers or otherwise for the protection of the public in general and children in particular. The Alabama Bureau of Investigation is responsible for maintaining this registry. To access the Sex Offender Registry go to <http://dps.alabama.gov/> and it can be found under the Alabama Bureau of Investigation’s link.

Campus Notification Systems

Troy University notifies students of campus emergencies in a number of ways. Below are the two official means of communication for students.

E2campus

E2campus is the University official text messaging system for communicating with faculty, staff and students in case of a crisis situation. Through this system, the University can swiftly notify university constituents of a number of unexpected events to including:

- Emergency Broadcasts
- Alerts
- Weather Advisories
- School Closing
- Class Cancellations
- Significant Maintenance Events

Only emergency messages are sent out over the E2campus system. People may sign up for the E2campus system by logging on to the sos.troy.edu web page and clicking the link to subscribe. Additional information concerning the E2campus system can be found on the web page above.

sos.troy.edu Website

Information concerning a particular crisis or emergency event is placed on this site simultaneously to a text message being sent out. A person without text messaging capabilities can log onto this website to obtain up-to-date information concerning crisis situations. A weather advisory link is placed on the home page that directs persons to this website in case of adverse weather.

Severe Weather Emergency Procedures**Inclement Weather and Emergency Situations:**

Both faculty and students are responsible for meeting all assigned classes. In the event of inclement weather, faculty and students will be expected to attend classes as usual as long as they do so without risking peril to themselves or to others. During periods of inclement weather, faculty and students will not be penalized for absences dictated by perilous conditions. In severe cases of inclement weather or other emergency conditions, the Office of the Provost on each campus will announce cancellation of classes through the local and regional media as well as through the university's web sites. During severe weather the following precautions and procedures should be followed.

Thunderstorms and Lightning:

When a thunderstorm threatens, move to a safe area. Areas of safety may be a home, large building, or inside an all-metal (not convertible) vehicle. If outside, and you are unable to reach a safe building or an automobile follow these rules of safety:

- Do not stand underneath a natural lightning rod, such as a tall isolated tree in an open area.
- Avoid projecting above the surrounding landscape.
- Get out of and away from open water.
- Get off and away from motorcycles, scooters, bicycles and put down ball bats and golf clubs.
- Stay away from wire fences, clotheslines, metal pipes, and other metallic paths, which could carry lightning to you from some distance away.
- In open areas, go to a low place such as a ravine or valley.
- If you are isolated in a level field and you feel your hair standing on end-indicating lightning is about to strike – drop to your knees and bend forward putting your hands on your knees. Do not lie flat on the ground.

Tornadoes and Hurricanes:

When a tornado or hurricane warning is given for the immediate vicinity by the Emergency Management Agency, university safety personnel will insure that the following precautions and procedures are taken:

- The residence hall staff and safety personnel will be responsible for verbally notifying all occupants of the buildings.
- Occupants and residents should carry blankets (coats and pillows) and proceed (with the assistance of safety personnel and residence hall staff members) quickly and quietly to interior hallways on the lowest floor of the building and will sit with their backs to the walls.
- At all times occupants and residents should stay away from windows, outside doors and outside walls.
- If a tornado or hurricane approaches, all persons will place their heads down and cover themselves with blankets (coats and pillows).
- Persons should stay in this position until the all-clear signal is given.

Safety Tips

Personal Safety Tips

- Walk to your vehicle in pairs or in a group.
- Follow a well lit pathway or roadway.
- Be aware of your surroundings. Watch for suspicious people or activities.
- When you enter your vehicle, lock all doors and turn on your headlights. This will allow you to see anyone outside in the dark.
- Have your keys in your hand so that you don't have to search for them when you reach your vehicle.
- When you know you will be returning to your vehicle later that night, try to park in a well lit area of the parking lot.
- Before getting into your vehicle, visually inspect the interior for anything suspicious.
- Report any safety concerns to the University Police Department or the local police department.
- Do not offer rides to strangers.
- If you suspect that someone is following you, drive to the nearest open public place, to the University Police or local police department.

Car Safety

- Always lock your vehicle no matter how long you will be gone.
- Don't play your radio loud before you park somewhere- it attracts attention, including thieves.
- Don't leave your car unattended in neutral gear. It can roll out of parking space and hit people or cars
- If you have an aftermarket CD player with a detachable face, remove it before parking. Keep CDs and other property out of sight

Apartment/ Dormitory Safety

- Never let a stranger enter the building, including people who say "parcel delivery", "I forgot my key", or "paper boy". Unless you know them personally, do not let them in the building.
- Never hold the outer door open for strangers when you come in or go out. Tell them to call the person they're visiting or the resident assistant/ property manager. If you're uncomfortable, "hang back" to avoid a confrontation.

Keep the Doors Locked

- Make a habit of locking the door when you come into your apartment or room. A thief can steal your valuables in the time it takes to have a shower. Remember, even if you live above the first level, you could become a victim.
- Always lock your door, windows, and patio doors when you leave, even if you are just going to the laundry room or mailbox.
- Make sure all doors with locks have shut behind you after you come in or out.
- Never prop open the entrance doors and leave them unattended. If you're moving have someone posted at the doors.
- Report any burned out lights, non-functional locks or doors, or broken windows to the residential assistants or property managers.
- Report lost keys to the resident assistant or property manager immediately
- Never put your identification or address on your apartment key or car key rings.
- Never hide spare keys
- If your door doesn't have a deadbolt lock or peephole, it's a good idea to ask the resident assistant or property manager for permission to have them installed.
- Have your keys ready as you approach the door.
- Get to know your neighbors. Then you'll know if someone doesn't belong.

Parking & Traffic

Parking & Traffic Regulations

Troy University provides parking privileges under established regulations which are designed to facilitate the work of the university. For the safety and convenience of all concerned, the enforcement and administration of regulations governing motor vehicles on the campus shall apply to visitors, members of the student body, faculty, staff, and others employed on the campus. Every motor-propelled vehicle which is operated on campus must display a current permit. Permits expire August 1 of each year and a new permit must be purchased the first weekday a vehicle is operated on campus. Visitor and Handicap Parking (vehicle must be properly identified with appropriate handicap credentials belonging to operator of vehicle) are checked regularly for violators. Vehicles with a Troy University decal cannot park in visitor spaces. If you are a visitor, you must have a visitor parking pass. If you are handicapped, under Alabama law your vehicle must have a state-issued handicap decal visible inside the vehicle.

A traffic regulations brochure is provided with the purchase of a parking permit. The brochure provides current rates for permits, enforcement hours, fine schedule, and general provisions for safety and legally operating vehicles on campus. Students residing at Fraternity Houses, University Apartments, Sorority Hill and any other university property are required to purchase parking permits. Also, students enrolled in evening classes are required to purchase parking permits. All drivers are responsible for obtaining a copy of the current regulations and abiding by them at all times when operating or parking a vehicle on campus.

Enforcement Hours

Enforcement of regulations begins the first day of registration. Employee reserved parking is enforced between the hours of 7:00am and 5:00pm., Monday through Friday except during university holidays. General traffic regulations (handicap parking, parking on yellow curb, over curb, on grass, double parking, blocking driveways or streets, driving on lawns, recreation areas or playing fields, speeding, etc.) and parking spaces in the vicinity of residence halls are enforced 24 hours a day, seven days a week.

ZONE PARKING INFORMATION

Troy University ZONE parking for all faculty/staff, commuter and residence hall students. Those operating a vehicle on the campus are expected to park in the appropriate zone based on the decal issued.

Specific regulations regarding zone parking may be obtained in the parking brochure available at the University Police Departments.

LACK OF SPACE IN A CERTAIN AREA, RAIN, AND INCLEMENT WEATHER ARE NOT VALID EXCUSES FOR VIOLATION OF THESE REGULATIONS.

RESIDENCE HALL ZONES are enforced 24 hours a day, seven days a week.

Special Parking Permits and Zone

- Persons requiring special parking arrangements may obtain a special parking permit from University Police Office. Proof of disability will be required. Special permits will be given for short periods of time due to illness, pregnancy, surgery or other special circumstances.
- These special permits will allow these individuals to park in specified spaces on campus.
- Once the special permit is no longer needed, the individual will return it to University Police.
- Timed spaces are those spaces on campus with a time limit displayed on the curb. These spaces are for persons to transact University business. STUDENTS AND FACULTY/STAFF MEMBERS ARE NOT TO PARK IN THESE TIMED SPACES TO EXCEED THE TIME LIMIT.

For specific regulations regarding parking and traffic, please refer to the Traffic Regulation Brochure published by the University Police Department.

WHEEL LOCK PROCEDURES AND POLICIES

To effectively enforce these policies, Troy University Police utilizes “WHEEL LOCKS” for those individuals who continually or habitually disregard them. Wheel Locks will be placed on vehicles for the following reasons:

- Failure to have a decal on the vehicle, after three (3) tickets and verification that the vehicle is being used by a Student or Faculty/Staff member.
- Illegally parked in a handicap space.
- Parking on grass.

If the wheel lock remains on the vehicle 24 hours, vehicle will be towed at the owner's expense.

APPEALS:

Appeals: Any student may appeal issuance of a traffic violation to the Traffic Appeals Court provided such appeal is filed with the Student Court within 72 hours of receipt of the ticket. See “Traffic Appeals Committee” below:

Traffic Appeals Committee: The purpose of the Student Government Association Traffic Appeals Committee is to provide a means for students of Troy University to appeal traffic citations issued by the University Police and to periodically review the traffic code, making recommendations to the appropriate officials. The committee consists of three committee members and two alternate committee members to be appointed by the Student Government Association President. One shall serve as chairperson and two as associate committee members. When students believe they have a justifiable reason that may affect the traffic citation received, they may appeal this citation within 72 hours of receipt of the ticket. Official appeals forms may be obtained in the Student Involvement and Leadership Office and left in that office with the ticket. Appeals will not be heard after the 72 hours period has elapsed. If the student is not present for the hearing, the student will be mailed the court's decision. The student's presence or absence at this hearing will have no bearing on the decision of the committee. The appealing student may appear before the committee on the date set with any evidence that he wishes. After the evidence is presented, a vote shall be taken and a verdict rendered. If a student's appeal is accepted, the fine resulting from the violation will be removed. If the appeal is not upheld, the student is given a specified length of time in which to pay the fine plus committee costs not to exceed one-third of the citation fine. The addition of committee costs will be left to the discretion of the committee. (Failure to meet this specified deadline automatically voids the appeal and the original amount of the fine is due immediately, payable to the Trojan Center Box Office.) **DECISION OF THE APPEALS COMMITTEE IS FINAL AND THE CITATION(S) MAY NOT BE REAPPEALED.**

Lost and Found

All items found on campus can be turned into the University Police or Security Office on each campus. Lost items may be claimed Monday-Friday from 7:30 a.m. to 4:30 p.m. at the University Police or Security Office on each campus.

Educational Support Services

Academic Advising Services (Montgomery Campus)

Professional and Faculty Academic advising is available at each Montgomery campus administrative location. Undergraduate students are provided an advisor who is responsible for general academic information, degree program evaluation, course planning, and scheduling.

Advisors advise on a one-on-one basis and assist new freshmen, new transfer, and undecided returning students with course scheduling, class preparation, and long range academic planning. Students can call, write, e-mail, or visit the academic advisor of their choosing. Appointments are not necessary.

Once students declare a major they are assigned a Faculty Advisor in their discipline. Faculty Advisors help students review their programs to make sure they are on target for graduation according to their major.

Graduate Students: The dean of the appropriate academic college appoints an advisor for each student.

Adaptive Needs Program (Troy Campus)

Provides accommodations to students with physical, psychological and learning disabilities in accordance with the Americans with Disabilities Act and Section 504. Student Organizations and Activities

Student Involvement and Leadership

Trojan Center 215, 334/ 670-3204

Involvement in campus organizations and activities is an important part of a student's experience at Troy University. Students find that one of the best ways to become involved in campus life is through joining a campus organization. Students who join campus organizations develop their leadership skills, meet other students who share similar interests and goals, and develop lifelong friendships. Students involved with campus organizations made a great deal of difference in the lives of many people. Troy University encourages every student to join a campus organization.

Leadership Scholars are required to work three hours per week for the university. Freshmen and sophomore Leadership Scholars are assigned to faculty or staff mentors. These mentors help guide their Leadership Scholars through their first year. Each semester, the Leadership Scholars have an outstanding speaker address them. The junior and senior years the Leadership Scholars serve the university in other ways. For more information, e-mail Barbara Patterson, Director of Student Involvement at bpatters@troy.edu.

Policies Pertaining Primarily to Student Organizations

Administration of Student Organizations (General Policy)

When groups of students wish to have a continuous association, intended to last beyond the term of those immediately involved, causing them to congregate for activities on the campus, requiring from time to time the use of university facilities, and advertising them to the general public as a group centered on the campus, it is proper that they be required to register with the university. All registered associations should be accorded the same privileges and bound by the same obligations. No student organization may carry on any activity on university controlled property unless it has been registered under the procedures herein outlined.

Registration of New Organizations

A group of students wishing to register an organization at Troy University must file the documents listed below with the Office of Student Involvement and Leadership (Troy) or the Student Services Office on other campuses. Those students wishing to form a social Greek organization should request from the Interfraternity Council, Panhellenic Council, or NPHC Council, Trojan Center 215, ext. 3204.

- A completed "Student Organization Application for Registration" listing the organization name, mailing address, and purpose; the name, signature, ID#, address and telephone number of the President, and two other officers; the name, signature, title, campus address and campus telephone number of a full-time faculty or staff member indicating his or her willingness to serve as an advisor to the organization. Signatures of the officers and advisor indicate the group's willingness to abide by the university's policies outlined in the Oracle and the Student Organization Handbook.
- The signatures of at least ten university students interested in organizational membership.
- A copy of the organization's constitution and by-laws. The required format is available in the Office of Student Involvement and Leadership (Troy). The constitution must be recognized by the Student Government Association Senate.
- If registration is denied by the Office of Student Involvement (Troy)/Student Services Office (other campuses) or the group's constitution is not recognized by the Student Government Association, the designated president and advisor or the applying organization shall be notified of the decision in writing. The applying organization may appeal in writing to the Dean

of Student Services within ten university working days from the date of the denial letter. The decision of the Dean is final.

- Registration of an organization results from compliance with these regulations; it does not imply university endorsement of the organization or its activities.

Conditions for Maintaining Registration

Each organization wishing to maintain registration with the university must have on file by the fifth week of Fall semester a “Student Organization Application for Registration.” Registration will be suspended until such time a completed form is received. Notification of subsequent changes in officers by the organization shall be filed in the Office of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses) when such changes occur.

Any change or amendment affecting the nature of purpose of the organization as originally approved must also be approved by the Office of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses).

Suspension of Registration Through Inactivity

Registration may be suspended by the Director of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses) subject to appeal to the Dean of Student Services:

- When an organization fails to file a “Student Organization Application for Registration” by the fifth week of each semester or
- When the organization does not actively promote the ends and purposes specified in its constitution, as evidenced by membership, meetings, and other activities.

Ten members will be regarded as a normal minimum, and an organization may be expected to show cause as to why it should not be suspended when its membership falls below ten. Registered student organizations are expected to comply when requested by the Director of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses) to provide a brief report on their year’s activity.

An organization suspended through inactivity may be reactivated by application to the Director of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses) subject to appeal to the Dean of Student Services, by a group following the registration procedures.

Suspension of Registration of Cause

Registered student organizations are expected to conduct their activities in accordance with their constitutions, and with the procedures and limits set forth in University “Standards of Conduct” and other policies referred to in this handbook. Any organization which ignores the procedure or exceeds the limits stated herein shall be officially warned by the Director of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses). If repeated or flagrant violations occur following such warning, registration of the organization may be suspended by the Director of Student Involvement and Leadership or the Student Services Office (other campuses). A suspended organization may not hold meetings on the campus, or otherwise request the privileges of a registered organization. Recognition may be restored to a suspended organization by action of the Director of Student Involvement (Troy) or the Student Services Office (other campuses). After suspension for a period of four years, a group may petition for re-establishment in order to register the organization.

INTERCOLLEGIATE ATHLETICS

The Troy University Department of Intercollegiate Athletics is affiliated with the National Collegiate Athletic Association (NCAA) and competes at the Division I-A level. Troy sponsors nine women’s sports and seven men’s sports. The men’s sponsored sports include baseball, basketball, cross country, football, golf, outdoor track & field, and tennis. The women’s sponsored sports include basketball, cross country, golf, soccer, softball, track & field (indoor and outdoor), tennis and volleyball. Troy Athletics also sponsors the co-ed sport of rodeo which is affiliated with the National Intercollegiate Rodeo Association.

Beginning in the fall of 2005, all Trojan sports began competition in the Sun Belt Conference which includes 12 schools from Alabama, Arkansas, Colorado, Florida, Kentucky, Louisiana, Tennessee and Texas. In the fall of 2001, the football program successfully completed its first year in Division I-A as an independent with a 7-4 record. After earning the respect of national powers the University of Miami and the University of Nebraska, the Trojans shocked SEC powerhouse Mississippi State during its homecoming. Troy exited Starkville, MSU with a 21-9 victory. Since then, the Trojans have defeated nationally ranked Missouri, Marshall (twice), Oklahoma State and the United States Naval Academy.

In 2006, the Trojans earned their first of five consecutive Sun Belt Conference champions and were winners of the R+L Carriers New Orleans Bowl. The team also appeared in the New Orleans bowl in 2008, losing in overtime to Southern Miss. In 2009, the Trojans earned their fourth straight league title and became the first team in Sun Belt history to go through a season 8-0 in league play. And in 2010, the Trojans once again appeared in the New Orleans bowl and claimed victory with a 48-21 win over the Ohio University.

Similarly, the 15 other Trojan sports have enjoyed great success since reclassification to NCAA Division I in the fall of 1993. The Trojan golf team received a 10th-in-the-nation ranking in 1994 and advanced to the NCAA Regional Tournament in ‘95. The Troy baseball team

captured conference titles in 2005, 2006, and 2013 and advanced to the Division I Regional Tournament in '95, '96, '06, '07, '11, and most recently capped off in 2013 by beating the University of Alabama not once, but twice. Troy's softball team won the conference championship, defeated the Ohio Valley Conference champions in a play-in, and advanced to post-season play in '96, the first softball team from the state of Alabama ever to do so.

Further, the men's basketball team dominated the Atlantic Sun Conference by capturing the regular season Conference Championships in 1999-2000, 2001-02, 2002-03, 2003-04 and back on top in the Sun Belt Conference in 2009-2010.

"March Madness" invaded Troy in 2003 when the Trojans won the Conference Tournament and advanced to participate in the NCAA Basketball Tournament. The Trojans also competed in the National Invitation Tournament (NIT) in 2004, and in the College Basketball Invitational (CBI) Tournament in 2009. Also, this past year, the Trojans once again returned to the NIT Tournament to face the University of Mississippi.

University athletic teams have a history of success at every level. In all, Troy has won 11 NCAA National Championships in four different sports. The 1968 football team earned notoriety by winning the NAIA national championship with a wide-open passing attack that was years ahead of its time. The men's golf team won NCAA Division II national crowns in 1976, 1977, and 1984, while the Lady Trojan golfers were national champs in 1984, 1986, and 1989. The football team won Division II championships in 1984 and 1987, and the baseball team won the 1986 and 1987 Division II World Series.

Troy University's athletic facilities are among the finest in the nation. The Tine Davis Field House is home to the administrative staff and football coaches. It features a 150 seat auditorium (the Elizabeth Mills Rane learning Center) and the Ben F. Beard Recruiting Lounge as well as locker rooms and several meeting rooms.

Adjacent to the Davis Field House is Veterans Memorial Stadium which includes the Douglas Hawkins Press Box, home to a 10,000 square foot strength and conditioning center, state-of-the-art athletic training center and Student-Athlete Academic Support Center as well as a Stadium Club and 29 private suites for fans to enjoy home football games.

Next to Veterans Memorial Stadium is the newly renovated Riddle-Pace Field, home of the Trojans baseball team. The facility includes the Lott Baseball Complex, which houses coach's offices, locker rooms, meeting rooms and covered practice facilities. Recent stadium renovations included the addition of an artificial turf playing surface, a 30-foot wall in right field and a new scoreboard that includes video replay capabilities.

Other nearby facilities includes the new Trojan softball complex (completed in the fall 2001) and soccer/track complex (completed in the spring 2003). Also, the state-of-the-art Lunsford Tennis Complex was completed in the fall of 2001, doubling the number of courts available to TROY students and the Troy community.

Additionally, construction was completed last year on a state-of-the-art multi-purpose arena and convocation center which is home to the men's basketball, women's basketball and volleyball programs. The facility is located directly behind the Tine Davis Fieldhouse adjacent to the track/soccer complex. The men's basketball program initiated the first win in Trojan Arena on its inaugural night beating SEC opponent, Mississippi State, 56-53.

Early application is especially important for Fall Semester. Applications for housing are available electronically through the following address: <http://trojan.troy.edu/forms/housingcontract.html>. Please print out the housing form and mail it in to the housing office. Enrollment and Housing applications are a separate process. Acceptance to the University must be granted before a housing assignment will be made. Residents must be registered for at least one class at the Troy campus in order to reside in the residence halls. Applicants are notified of room assignments prior to the students beginning term. Students must notify the Housing and Residence Life Office in writing to cancel room assignments. It is necessary to cancel the room so that the space can be assigned to someone else if the student will not be living in residence. If the student does not honor the reservation by occupying the room by 5:00 p.m. of the last day of regular registration, the room is lost unless the cause is beyond the control of the student (academic suspension, illness, etc.). If a student is going to check-in after 5:00 pm on the last day of registration they must notify the Housing & Residence Life office, otherwise they will be assessed for late check-in.

Off-Campus Residence

All off-campus students must keep the university informed of their current local street addresses and telephone numbers. The need to contact students in the event of emergencies or urgent administrative matters makes it absolutely essential that any change in address from that stated at registration be promptly reported to the Records Office, 135 Adams Administration Bldg., ext. 3164.

Eligibility for Off-Campus Residence

It is the student's responsibility to prove that he/she is eligible to reside off-campus. Such eligibility is documented at registration and falsification will subject the offender to disciplinary action to include voiding of registration with loss of fees.

For more information, e-mail Sara Jo Burks, Assistant Director of Housing and Residence Life at sburks@troy.edu or call at 334/670-3346.

Regulations for Students Living In Residence

The following rules and regulations apply to all students who reside in or visit university housing:

- **Cooperation:** Those living in and visiting residence facilities will cooperate with university personnel and with each other in maintaining a routine of living conducive to wholesome college life.
- **Accessibility:** Residents are responsible for the cleanliness of their own rooms or suites. The university unconditionally reserves the right to inspect all portions of rooms at times convenient to its staff and to affect other steps necessary and advisable for the safety, security and conduct of its residence programs.
- **Rights of Others:** The University reserves the right to revoke the privilege of living in and visiting residence whenever the actions of a resident or visitor are not conducive to good study habits or when such actions interfere with the rights of others.
- **General Conduct:** Residents and visitors are expected to maintain reasonable quiet in and around all campus buildings at all times. Violators are subject to the penalties stated in the university "Standards of Conduct".

Withdrawals

Students who have moved into residence and have items in a room and are in possession of a room key must remove their personal items and return the room key to a Residence Life staff member and sign a withdrawal from residence form immediately upon withdrawing. Students who withdraw must vacate the room within 24 hours of withdrawing and are not allowed to store items in the room indefinitely. If items are not removed in a timely manner the items will be discarded. If keys are not returned, the lock will be changed and a lock change fine will be assessed. Room rent is not refundable after the last day of registration for the term.

Discarded Items (Students that are academically suspended)

Students who will not be returning to their assigned room but have items in the room must make arrangements to remove their items by the day the halls open for that term. Unclaimed items will be discarded on the first day of class if prior arrangements have not been made.

Moves

Students who wish to move from one room to another or to a different building must see a Residence Life Staff member and complete a Move Request Form. Moves are approved provided space is available and the request is submitted within the move/swap time frame. Requests to move after the

move/swap time period will be approved at the discretion of the Coordinator of Residence Life and may be subject to a \$50.00 late fee. No moves are permitted without written approval prior to the move. Unauthorized moves or swaps are subject to disciplinary action and fines.

Room Consolidation

Double occupancy rooms should be occupied by two persons. When one of the occupants moves, the remaining student must agree to consolidate or pay for a private room. If residents agree to accept a roommate, but are not willing to move, the move will be decided by the housing officials based on classification, length of residence, logistics of both rooms, and distance from each other's permanent address. This policy also applies to Trojan Village Apartments. If an apartment is occupied by only one resident the Housing Staff may require the resident to consolidate with another apartment.

Semester Breaks

Between the fall and spring semester students are allowed to leave items in the room, provided they are returning to this same room for the spring semester, but the university is not responsible for any lost or stolen items during the break. If the student has requested and been approved to move to another residence hall or room for the spring semester the student must remove all items from their present room upon vacating at the end of fall semester. See the Residence Hall Policies for more details.

Key Return

Students may not keep room keys between semesters unless authorized by the Housing Office to do so. All keys must be returned at checkout for each semester. See Residence Hall Policies for more details.

Interim Housing

Students who desire Interim Housing must sign up at the Housing Office by December 1st for housing between fall and spring semester and by May 1st for housing between spring and summer semesters. Prices and forms are available at the Housing Office.

Meal Plans

All residence halls with the exception of Pace Hall require a meal plan. See Residence Hall Pamphlet or web site for details and prices. Sorority and Fraternity Houses may opt to purchase the commuter meal plan.

Other Regulations

Additional regulations pertaining to residence hall and apartment living are found in the General Residence Hall Policy Pamphlet and attachments to contracts.

Policies

The Office of Residence Life strives to provide a safe and comfortable living environment for all on-campus residents. In order for on-campus living to be an enjoyable experience for everyone it is important to recognize that cooperation is vital. Residents may need to make adjustments to their life-styles and attitudes by respecting the rights of others and recognizing that respect for privacy, healthy living, and observance of established guidelines and policies will help everyone ultimately in maintaining an environment that is conducive to good study habits and a comfortable living environment for all. Safety is very important to the Residence Life Staff and therefore will be taken seriously when violations occur. The Residence Life Staff are willing and eager to assist students as they adjust

to living away from home and other issues that arise for students, and serve as role models and mentors for other students. The goal of the Residence Life Staff is to guide students in making decisions that will benefit them throughout their college and professional careers. We look forward to making new friends with students and parents as we grow and learn together.

Abandoned Items

In those instances where items are left in residence hall rooms or storage rooms for as long as one semester after the owner has moved from the hall, or where the items are not marked as to ownership, the Housing and Residence Life Office shall declare them abandoned and dispose of them. Students who withdraw from school or fail to return to school after a break period should remove items within 72 hours or contact the Housing Office regarding disposal. Items that are not claimed within 30 days will be considered abandoned and will be disposed of.

Alcohol

The Alcoholic Beverage Policy can be found in The Oracle and will be enforced by the Housing and Residence Life Office. Any questions concerning the policy can be directed to the Housing and Residence Life Office.

Appliances

Residence halls have limits on the capabilities of their electrical systems. Overloading these systems can present fire and safety hazards. The following guidelines shall govern the use of electrical appliances, outlets, and power strips with re-set button in residence hall rooms:

- Any electrical appliance with an exposed heating element is prohibited.
- Extension cords are not permitted, only power strips with re-set features.
- Only grounded extension cords/power strips may be used with appliances requiring grounding.
- Multiple-outlets with built-in breakers should be used when the required number of outlets is greater than the number of outlets in the student's room.
- Privately owned air conditioners are not permitted.
- Resident owned refrigerators are allowed in the residence hall rooms where a University owned Micro-Fridge or full size refrigerator is not furnished. In this event they are allowed provided that they do not exceed the following electrical requirements: Operate at 118 volts (plus or minus 5%) at 60 Hertz (60 cycles per second) and not to exceed 1.5 ampere or 180 watts of power. Micro-waves must not exceed 800 watts maximum.
- Other appliances, such as radios, CD/Cassette players, desk lamps, computers, TV's and electric blankets, are also permitted provided the total electrical requirements do not exceed the capability of the system.
- All electrical equipment and cords must be kept in safe operating condition.
- Outside antennas are prohibited.
- Irons may be used with ironing boards only.
- Cooking in residence hall rooms (excluding those with kitchen facilities) is limited to the following appliances which may be used for the intended purposes: sealed unit coffee makers and popcorn poppers; crock pots; and toasters (No open face elements are allowed).

Residence hall staff has the responsibility to ensure compliance with this policy and to stipulate any necessary changes in use of appliances and/or outlets.

Bicycles

Non-motorized bicycles are permitted in student rooms, but may not be ridden or stored in hallways, stairwells, or any other areas in the hall itself. Bicycles left unattended anywhere in the halls other than the student's rooms should be turned over to the University Police (670-1999). Motorcycles and similar vehicles are not permitted in the residence halls. Small riding scooters should not be ridden inside residence halls, but may be pushed to the resident's room to store. They are not allowed to be left in hallways or stairwells.

Bicycle/motorcycle racks are available adjacent to each residence hall. Residents should be encouraged to take their bicycles home with them during breaks to prevent the possibility of theft. Additionally, residents should take other precautions against theft, such as registering their bicycles with the University Police through Operation I.D. (670-1999).

Cancellation Policy

Cancellation Prior to the Start of a Semester:

Cancellations must be made in writing and postmarked by the cancellation deadline to avoid late cancellation fines. The academic year housing contract becomes binding after the cancellation period has passed. Persons enrolled at the university will be held to the terms of the contract if written cancellation is not received prior to the day before classes begin for that term. New students who have applied for spring semester must submit written cancellation before December 1 in order to be released from the contract. New students canceling after December 1 will be held to the terms of the contract if enrolled.

Cancellation After the Start of the Semester:

The contract may be terminated after the start of a semester for the following reasons: withdrawal, marriage, fulfillment of academic programs requiring a student to move out of the area (e.g., student teaching), graduate, or circumstances that are determined by the university to be beyond the student's control. Notification must be submitted in writing to the Housing & Residence Life Office prior to the cancellation deadline, and documentary evidence will be required to show cause for cancellation. Housing does not release students who have decreased their class load from full-to part-time status, or for failure to have read this contract completely, or for pre-existing medical conditions.

Check-In

Check-in dates for each semester are available on the website and are also provided to students on their housing assignment, school emails and are posted on Bulletin Boards in the residence halls. All students must claim their room by 5:00 p.m. on the day before classes begin each semester or notify the Housing Office in writing by email or fax of a need to check in late in order to hold the room and avoid late check in fees.

Check-Out

Each semester the Housing Office will provide information to the students regarding check-out instructions. All students that are not graduating should plan to vacate their room within 2 hours after their exams end for non-graduates. Non-graduating students should be out by Wednesday before graduation and graduating seniors may remain until 2:00 p.m. on graduation day. Students will be required to sign up for an appointment time with their Resident Assistant to inspect their room for cleanliness and damages and should return the room key and sign all check out paperwork before leaving. Students that fail to follow correct check-out procedure will be subject to applicable fines. All rooms must be swept, mopped or vacuumed. Bathrooms in suite-style rooms must be cleaned

including toilets, showers, mirrors, floors, and sinks. Micro-fridge units or refrigerators must be defrosted and cleaned thoroughly on the inside and emptied of any contents. Stove ovens and burners must be properly cleaned as well as any hood/fan units above stove. Desk areas, window sills and storage areas must be wiped or dusted. Students who have questions regarding check-out procedures should contact their Resident Assistant, Community Director or the Housing Office located in Shackelford Hall.

Collective Damages

If damages to a room or hall area occur and the person(s) responsible cannot be determined, all residents of the room or area may be fined collectively. Anyone wishing to report damages may see their Resident Assistant or Community Director if they have direct knowledge of vandalisms or accidental damage.

Commuter Policy

Students under the age of 19 are required to either reside on campus or may commute from home provided they live within a 60 mile radius of Troy, AL. Students desiring to commute from home must complete the Off Campus Form which may be found on the Housing website. Students who are over 19, married or the parent of a dependent child may also be cleared to reside off campus. Students must declare either on or off campus status and be cleared by Housing in order to register for classes their first semester.

Contractual Obligation

The housing application/contract is for an academic year. By definition an academic year is stated as being the fall and spring semesters. If a student withdraws but later returns and registers for classes during the semester for which he withdraws, the student will be required to complete the on-campus contractual obligation. For more information refer to the housing contract which is available on the website. The signed contract becomes a legally binding document between the university and the signee for both the fall and spring semesters or the balance remaining at the time of assignment. The residence hall application and contract are for accommodations in a residence hall and do not guarantee specific hall or roommate preferences. Residents must be enrolled to live on campus and are responsible for knowing and abiding by the rules and regulations contained in this contract, the University Policy Website and the Oracle.

- (a) **Occupancy**-this contract is personal and may not be assigned or transferred to another person. The space may not be sublet. The resident agrees not to allow any persons other than the assigned roommate to live in the residence hall room or suite. Violation of this restriction is considered serious and may result in fines, eviction from the residence halls, or expulsion from the university. The period of occupancy begins upon receipt of a room key by the resident and will terminate within 24 hours after his/her last class or examination.
- (b) **Housing Fee**- The contract binds a student to pay housing rental fees according to the university payment schedule for one academic year. The rental fee is billed per semester and is subject to final approval by the Board of Trustees.

Cooking

Kitchens are provided in some residence halls for student use. Students are reminded to use extreme caution when cooking. Cleanliness is also essential due to sanitation concerns (odors, ants, roaches, rodents, etc.). When several people share a kitchen, students will be held responsible for any damages or excessive clean-up charges resulting from cooking in the residence halls. See also "Appliances"

Damages

The Housing and Residence Life Office holds each resident financially responsible for the condition of their assigned room and for all the furnishings which are assigned to their room. The office holds each resident financially responsible for their share of the expense of replacing or repairing any property in common areas (such as hallways, studies, lobbies, etc.) when such losses or damages are determined to be above and beyond normal wear and tear.

The office, at its sole discretion, will determine the charges for damages and cleaning. Repairs or replacement of items may not be done by residents. The office will place the charges on the student's account.

Any damages that have occurred during the course of the academic year need to be reported as they occur. All work orders that are turned in bring about an investigation of the circumstances surrounding the work order. All legitimate work order requests (items that are a result of normal expected wear and tear) will be forwarded for completion while others will result in a charge to the student(s) responsible for them. Your assistance in identifying the individual(s) responsible may be requested. If student(s) responsible cannot be identified, the damage will be billed to the entire floor/wing/building. It is to your advantage to report malicious damage as it occurs to avoid the entire floor/wing/building from assuming the responsibility for damage.

Decorations

Residence Hall Rooms

The efforts to individualize student rooms is encouraged, however we must ensure that any decorating or construction does not create any safety or fire hazards, make periodic maintenance impossible, or cause damage to the residence halls. The resident will be held responsible for any damages to a room with the exception of normal wear and tear. In view of these facts, all residents must ensure that the following conditions are met when decorating rooms. Residents will be required to change the design of all structures and decorations which do not meet standards set by the Housing and Residence Life Office and/or any judgments rendered by the Fire Marshall of the State of Alabama. If these required changes are not made, the Housing and Residence Life Office reserves the right to remove all construction from the room. Residence Life staff will make periodic checks. Residents are not allowed to paint their rooms or change the color of the room without direct permission from the Housing Office.

General Requirements

- No holes should be placed in the walls or any furnishings belonging to the University. The use of non-approved tape or adhesive is also prohibited.
- When necessary to place something on a painted surface, a good grade of masking tape will normally not result in damage to a painted surface as long as the masking tape is carefully removed. No stickers other than the University inventory numbers are to be placed on room doors, furniture and glass surfaces. Contact paper, stickers or other objects may not be affixed to the metal cabinets or other surfaces or furnishings in the room.
- Electrical accessories must be UL approved. Electrical devices will not be spliced into existing wires.
- Any mess made in public decorating projects will be the student's responsibility to clean up. Excessive piles of lumber or other construction materials in hallways are prohibited. Failure to properly clean up will result in the students being assessed a clean up charge.
- When the students move out of a room, it must be returned to the original condition at check in. All construction must be removed by the residents one week prior to the first day of final examinations of the student's last semester of the regular school year. Residents may not

leave the construction erected over the summer semester. Any damage to the room will be the resident's responsibility.

- All residents of the room must agree to any decorations or construction.
- All carpets are to be of the fire retardant Class A or B.
- All drapes are to be made of fire retardant fabric.

Holiday Decorations

- No candles or other open flame may be used.
- No live (natural) trees are allowed in student rooms. Metal, artificial trees may not be wired with tree lights.
- All lights or other electrically operated decorations must be in good condition, carry an Underwriter's Laboratory (UL) Certification, and be approved by the Community Director or the Assistant Director of Housing and Residence Life.
- Student room doors and windows may be decorated as long as the decorations do not deface or damage property or create a fire hazard. Any materials that are difficult to remove or will result in damage upon removal are forbidden. Any materials placed on these surfaces must be in good taste and in compliance with University Policy.
- All trees and other decorations are to be taken down and removed from the premises by students prior to the closing of the halls for the holiday break.

Public Areas

Residence hall entrance doors, doors and windows in other public areas may be decorated as long as the decorations do not deface or damage property or create a fire hazard. No decorations may hinder the use of or restrict access to hallways, doorways, stairs, corridors, or fire related equipment. Decorations violating this policy may be removed by the hall staff. Decorations in any public area of a residence hall must receive the approval of the Community Director or the Assistant Director of Housing and Residence Life.

Homecoming Decorations

Residence halls may prepare decorations and displays in celebration of "Homecoming". Prior to the construction and erection of homecoming displays, the following procedures will be followed:

- Community Directors will assist residence hall committees in developing appropriate decorations or displays. The Community Director will approve all display plans.
- In addition to submitting plans for decorations for approval, the sponsoring group must also present plans for restoring the area after the homecoming weekend. Sponsoring groups will be responsible for removing displays not later than the Monday following homecoming weekend.
- If there is a cost for the materials to construct the display, a budget must be submitted to the Community Director for approval.

Drugs

Unlawful manufacture, sale, delivery, use or possession of any drugs or drug paraphernalia defined as illegal under local, state, federal, or University guidelines is prohibited. Prescription medication and vitamins should be stored in the original bottle with the residents name on it.

Emergency Equipment

Malicious or unwarranted tampering with or damage to fire safety equipment belonging to the University is prohibited. This includes but is not limited to: fire alarm equipment, smoke detectors, fire extinguishers, exit signs and locking devices.

Escort Policy

All non-residents must be escorted by a resident of the hall to and from the main lobby and anywhere in the building 24 hours a day. All residents have the responsibility for informing guests of the escort and visitation policies.

Firearms

Students are prohibited from possessing firearms or other dangerous instruments on University property. No firearms will be permitted in the residence halls at any time. Weapons may be stored at the University Police Department.

Fire Drills

A Fire Drill will be conducted at each resident hall near the beginning of each semester. The drill may or may not be announced. Students present in the building when the fire alarm sounds should exit the building and go to the designated area for evacuation for their building or quad area. Students who fail to exit the building may be subject to a fine or judicial action. Students should always exit the building whenever the fire alarm sounds and should take the matter seriously for safety's sake.

Furniture

Each student room is provided with certain items of furniture. Students may not move additional items into their rooms from public areas of the halls or from other student rooms; neither may they remove items from their rooms that are furnished by the University without prior approval of their Community Director. Resident Assistants are to check rooms as assigned by the Director to ensure that furniture is not missing or damaged and that residents have not moved furniture from the public areas to their rooms.

Gambling

Gambling in any form is prohibited in and around all residence halls.

Guests

Residents are responsible for their guest's conduct in the residence hall, including any financial charges resulting from damages or clean-up caused by the guests.

Overnight guest policy:

Non-University student guests may be housed in student rooms provided the following conditions are met:

- The guest is of the same sex as the occupant and is the occupant's relative or personal friend.
- There is a bed available for each person staying overnight in the resident's room. The guest's stay does not exceed two consecutive nights; situations requiring additional nights stay must be approved by the Community Director.
- The resident obtains permission from their roommate for the guest to use his or her bed.

Harassment

Discrimination, harassment, exclusion, abusive or insensitive language, or any other manifestation of bigotry with respect to race, ethnicity, gender, religious affiliation, physical or mental ability, age, or sexual orientation are unacceptable and will not be tolerated. Any such acts will be dealt with as a serious violation of housing policy.

Hazing

Troy University does not condone hazing in any form. Hazing is defined as any intentional, negligent or reckless action, activity or situation which causes another pain, embarrassment, ridicule or harassment, regardless of the individual's willingness to participate. Such actions and situations include, but are not limited to the following:

- Forcing or requiring the drinking of alcohol or any other substance
- Forcing or requiring the eating of food or any other substance
- Calisthenics (push-ups, sit-ups, jogging, runs, etc.)
- "Treeing"
- Paddling
- Line-ups
- Theft of any property
- Road trips
- Scavenger hunts
- Permitting less than six (6) continuous hours of sleep per night
- Conducting activities which do not allow adequate time for study
- Nudity at any time
- Running person errands of the members (driving them to class, cleaning their individual rooms, serving meals, etc.)
- Forcing or requiring the violation of University, Federal, State, or local law.

Housing Reservations

- (a) Reservations for new students - Advance housing reservations for the academic year are made once an applicant has been admitted to the university, completed a residence hall application and submitted the non-refundable \$100 application fee. The deadline for fall semester is March 1st. Fall semester assignments are generally mailed out in June. Late applicants will receive their assignment as space becomes available or given specific instructions regarding space availability. Spring semester applications are due by Oct 1st and assignments are mailed out in late November.
- (b) Reservations for continuing students - Currently enrolled students residing in residence will keep the same room for fall and spring semesters. Residents desiring to move to another room will see the Community Director for the area in which they are interested in living regarding space availability. This will be done in January when students return from Christmas Holiday break.
- (c) Next academic year room reservations - Students currently residing in on-campus housing during spring semester will be given the opportunity to Re-Contract for the next academic year. Specific instructions will be provided to students regarding this process.
- (d) Housing reserves the right to re-locate a student based on condition of the room, disciplinary issues or to best accommodate the needs of students or for safety and security purposes.
- (e) Assignment Priority - Room assignments are based upon the date the housing application/contract and non-refundable \$100 fee are received in the Housing Office. No specific room assignment based solely upon a resident's request is guaranteed or implied. Signing the Housing Contract does not guarantee housing if all spaces are filled in the residence halls prior to the time a students' application is completed. If housing demand exceeds room-assignment capacity the University reserves the right to use designated temporary room assignments pending assignment/relocation to a permanent living space.

Inspections

A safety and cleanliness inspection will be conducted twice a month in all residence halls. Students will be expected to keep the trash taken out in a routine manner. Trash should not be allowed to accumulate but should be removed daily or as necessary to keep rooms clean and sanitary. Bathrooms, including showers, tubs, toilets, floors and sink areas should be cleaned weekly for sanitary purposes. Floors should be swept, mopped or vacuumed. A resident whose room does not pass inspection will be given 24 hours to clean the room as outlined by the Resident Assistant or will be fined accordingly. Candles, incense and any item that presents a fire and safety hazard are not allowed. Repeat offenders may face removal from the residence hall.

Lock Outs

Students should keep their key with them when leaving their room. The first time a student is locked-out for forgetting or losing their key; will not be fined. Subsequent or frequent lockouts due to negligence of the student will result in a small charge to unlock the door each time a lockout occurs.

Loss or Damage

The University is not responsible for loss or damage to the personal property of occupants. Each resident is urged to provide security of their own belongings by locking rooms and carrying personal property insurance. Parents should check their homeowner's policy to make sure that their student's belongings are included in their policy. This type of insurance is available through a private insurance company for which the Housing and Residence Life Office provides a brochure to the residents.

Thefts should be reported to the Community Director and the University Police.

Lounges

Staff should monitor the use and/or abuse of the lounge facilities. Students are reminded that it is not the housekeeping staff's job to clean up unnecessary messes or to have to rearrange furniture every morning.

Lounge furniture is provided for all students to use. Any lounge or other unauthorized furniture found in a student's room should be returned to its' original location and recorded on an incident report. Students who move furniture from its' original location are subject to a \$50.00 fine (first offense).

Mattress Covers

Quilted mattress covers are necessary for health and sanitation and are required in all the residence halls.

Noise

Sound carries easily throughout the residence halls. Voices, stereos, televisions, and bouncing balls in rooms can often be heard in other rooms on residence floors above and below residents. Remember that while residents have rights to listen to music of their choice, other residents have the right to sleep, study or listen to music of their choice without disturbance. Residents may be asked by other residents or staff to adjust the noise level in their room to reduce the disturbance of others around them. They must be considerate and flexible. Yelling, playing loud music, etc., out of windows is strictly prohibited. The playing of musical instruments is prohibited within the living area. (See Quiet Hour Policy)

Open Flame

Open flames or candles are prohibited at all time in all places in the residence halls.

Personal Property

The University is not responsible for lost or stolen property. Students are encouraged to document serial numbers and other means of identification for their personal property. Students may wish to take out rental insurance that will cover lost, stolen or damaged property. Operation ID is a free identification and recording of personal property offered by the University Police. Students may contact the University Police for information regarding this service. Students should always lock their rooms any time they leave the room and should keep the key with them at all times. Students are not encouraged to keep large amounts of cash or expensive valuables in their rooms.

Personal Safety

The University does all within its power to assure that the residence halls are safe, secure places to live. We recognize, however, that sometimes crimes do occur. Most problems are petty thefts, which occur when students fail to lock their room door. Encourage residents to lock doors at all times. Warn them against propping or tampering with exterior doors. They are not only endangering themselves, but all residents in the building.

Pets

No animals, with the exception of fish in properly maintained aquariums of 20 gallons or less, will be allowed in residence halls.

Private Rooms

Each semester the Housing Office receives numerous requests for private or single rooms. The Housing Office will not be able to honor all requests as space is not always available. Documented medical needs will be given first priority and then requests will be based on seniority. Double occupancy traditional rooms that are granted as private rooms will be billed 30% above the stated room rent. Double Occupancy Suite style rooms that are granted as private rooms will be billed at double the room rate. Rooms designated as Singles are designed for only one resident and will be billed on the rental scale for that building. Students who sign a Request for Private Room and are granted a private room will be billed accordingly. Parents and students should discuss this in advance of the student signing the form.

Quiet Hours

Quiet hours provide a structure to achieve a balance between quiet and privacy. During quiet hours, noise that can be heard one door away from the source is too loud. Quiet hours will be observed during the following times:

- 7:00 p.m. to 7:00 a.m. with the exception of Friday and Saturday. On those days, Quiet Hours begin at 12:00 a.m. and end at 10:00 a.m. the following morning. While some areas are designated as 24 hour Quiet/Study Halls, other living units may vote to increase the number of quiet hours if they so choose.
- Modified Quiet Hours will be in effect at all other times. During Modified Quiet Hours, noise should not be heard more than three (3) doors from the source. At any time a resident's right to a quieter environment should be honored.

Room Condition

Students are expected to keep residence rooms in a reasonably clean and sanitary condition. Rooms will be inspected twice monthly to insure that health and sanitary conditions are being met. Students may be instructed by their Resident Assistant that they should clean their room or take out trash to avoid fines. Residents should comply with the request of the R.A. in a timely manner to avoid fines, but more importantly to maintain a safe and clean learning environment on the hall.

Room Changes

Students desiring to change rooms should speak with their Community Director or the Community Director for the area in which they are interested in moving to. There are designated times at the beginning of each semester that are set aside for moves. A reasonable amount of time, generally two weeks, will be allotted for room changes. Students requesting to move after this time may be allowed to move if space permits, but will be fined a late move fee. The Community Director reserves the right to deny move requests after the designated deadline for moves.

Responsibility for Student Property

Although precautions are taken to maintain adequate security, the University cannot assume the responsibility for the loss of or damage to student possessions. Students or their parents are encouraged to carry appropriate insurance to cover such losses. Theft/damage insurance is available to residents through a private insurance company. The Housing and Residence Life Office has brochures concerning this program. Each resident should be encouraged to provide for the security of their belongings by locking their doors. Any thefts should be reported to the University Police and the Community Director.

Room Care

A good standard of room cleanliness is required of all residents. Beds must be made, room swept, and waste baskets emptied as needed. Possessions are to be kept in order. Vacuum cleaners, brooms, etc. must be returned to hall closets/staff members. Room inspections will be done approximately four times throughout the semester. Staff should knock on the door and ask the resident to enter to complete the room inspection. In the absence of the resident, staff can enter the room but should only do a visual inspection from the doorway. Residents whose rooms are rated “poor” will be given a reprimand and asked to clean their room. It is the responsibility of the RA to follow-up on this matter and ensure the room has been brought up to a satisfactory and sanitary condition.

Room Entry and Unauthorized Entry

The University reserves the right to enter student rooms for purposes of safety, improvements, routine maintenance inspections, cleanliness inspections, or to control rooms in the event of an epidemic or emergency which jeopardizes the well-being of the occupant or other students in the hall. Residence Hall staff members should try to do room inspections in the presence of the resident or another staff member. If this is not possible, a door hanger should be left indicating the room has been inspected.

Room Searches

If deemed necessary and advisable for the safety, security, and maintenance of an educational atmosphere, a room may be searched. Searches will be conducted only in accordance with the preceding statement or if there is reasonable cause to believe that a student(s) is using his/her room for a purpose in violation of federal, state or local laws, or University regulations. Any room search, except one conducted by law enforcement officers with a duly issued search warrant, must be approved by the Senior Vice Chancellor for Student Services/Administration, the Dean of Student Services, or the Assistant Director of Housing as the case may be.

Sales and Solicitation

Sales and solicitations in the residence halls/apartments are prohibited. University related sales must be approved by the Assistant Director of Housing and Residence Life prior to the sale beginning.

Severe Weather

Troy University has a free notification system referred to as SOS. Students and parents may sign up for this free email, cell phone or computer notification system that will automatically send a message notifying students of severe weather or other threatening situations. All students are highly encouraged to sign up for this free service. Information is available on the Troy website. Students living in residence or in class attendance on campus are expected to follow directions given to them by a R.A. or other designated personnel. Students will evacuate to the lowest level or safest area of the building away from glass and should be prepared to stay until the all clear is issued.

Signs

Possession of state, federal, local or miscellaneous signs illegally obtained is prohibited in the residence halls. Residents must be able to prove they purchased the sign(s) legally.

Smoke Detectors and Sprinklers

Smoke detectors should not be covered or tampered with to avoid malfunctioning of the system and to avoid fines. Smoke detectors that beep may need a battery change or may need to be checked by an authorized repairman. Mal-functioning units should be reported immediately to your Resident Assistant or Community Director. Students should not attempt to repair or disarm detectors themselves. Nothing should ever be hung from a sprinkler head as this may cause immediate activation of the system leading to flooding and water damage. Damages that result from misuse of a sprinkler will result in the responsible party being billed for all damages.

Storage

Storage facilities are limited in the residence halls. However, some space is available for those of special situations. Please contact the Housing and Residence Life Office for more details concerning storage.

Students' Rights and Responsibilities

As students at this university, residents are guaranteed all of the rights, privileges, and freedoms granted to every United States citizen. However, with these rights come responsibilities. The University is not a place where students can escape the responsibilities imposed by law upon all citizens. As students at Troy University, residents are expected to abide by all Federal, State, and local laws. Alleged violations of these laws will be referred to the appropriate court of police authority. Violations of these laws may also lead to disciplinary actions by Troy University. When students enroll at Troy University they assume special responsibility for the University's conduct regulations. They were not made to deny any of the rights guaranteed previously; rather they were adopted to ensure that this university is able to maintain an atmosphere conducive to learning and growth.

The University Standards of Conduct are explained in The Oracle. It is the student's responsibility to know these regulations.

Telephones

The Troy Telecom Office provides on campus phone service in some residence hall room. Residents desiring long distance service must apply for a personal authorization code number from the Telecom Office in Bibb Graves Hall. This code is authorized for use in the resident's room only. Confidentiality and safeguarding of an authorization code is the sole responsibility of the resident. All inquiries concerning authorization codes should be referred to the Telecom Office.

Thefts

All thefts should be reported to the University Police Department (670-3215) as well as your Community Director. A Police Report and a Resident Incident Form is to be completed on all thefts (student thefts, University property, etc.).

Tobacco Policy

Troy University is a tobacco free campus along with the residence halls. Please see the Tobacco Free Policy in the Oracle.

Trash

Occasionally, situations created by the residents occur which create excessive trash or mess in the residence hall. Unfortunately, some residents take the attitude that cleaning up after such incidents is the housekeeping staff's responsibility or "that's what they get paid to do". This simply is not the case. All trash must be taken to the appropriate receptacle provided for each building. When trash is left in public areas (lounges, halls, and restrooms), the staff member should first attempt to determine the individual(s) responsible. If identified, staff should contact the individual(s) and request that the problem be corrected. If the student is not cooperative and fails to remove the trash or clean up the mess, an incident report should be filed and the resident should be assessed the \$50.00 fine. If trash cannot be traced, the fee may be assessed against all residents of the hall or building, as the case may be.

Vacation Periods

Residence halls are closed between semesters. Only those students who have been approved to stay in the halls during an interim period may remain after the hall is closed. Students requiring housing during an interim period should come by the Housing and Residence Life Office prior to the period and make application. Students not approved to stay cannot re-enter the building during breaks without permission from the Housing and Residence Life Office. Students may be asked to take their personal possessions home if work is being done in the residence halls and are encouraged to do so between long breaks. Students not attending summer semester must remove all personal possessions from their room regardless of the fact that they may be returning to the same room in the fall. The University cannot be responsible for lost or stolen property left in the residence halls during the interim periods and school breaks.

Vandalism of Safety Equipment

Persons who vandalize safety equipment such as fire extinguishers, or pull fire alarms as a prank will face judicial action and are subject to all fines established by the law. Prank pulling of a fire alarm will result in a \$500 fine and if the building is occupied by anyone with a disability is subject to judicial action and may result in prosecution by the State Fire Inspector.

Videotape Guidelines

Due to the copyright laws, Troy University residence halls will not be able to show videotapes in lounges or public areas without specific authorization from the owner of the copyright. The U.S. Copyright Act grants to the copyright owner the exclusive right, among others, "to perform the copyrighted work publicly." Any willful infringement of this right is a Federal crime. The first offense is punishable by up to one year in jail or a \$25,000 fine. In addition, each innocent or inadvertent infringer is subject to substantial civil penalties.

Because of this, the residence halls can no longer rent video tapes to show in residence hall lounges, without infringing the copyright law, unless authorization is granted. Only authorized distributors have a license to distribute videos for non-theatrical release on college campuses. Video stores are not authorized distributors. Renting tapes to show in lounges or public areas is a violation of the copyright. If you have further questions, please contact your Hall Director or the Coordinator of Residence Life.

Videotaping of Individuals Without Their Consent

Students may not use videotaping equipment, cell phones or other devices to videotape their roommates or guests without their knowledge. Residents who have a reason to suspect their roommate of theft or other concerns should report this to the University Police. Unlawful videotaping may result in the video or equipment being confiscated. Students may not post materials that would be considered sexually explicit or humiliating to YouTube or other internet means. Violators may face judicial action.

Visitation

Troy University's residence hall visitation policy seeks to balance the rights and wishes of individual students with those of other students living nearby. The continuation of the policy depends upon a demonstration of maturity and responsibility by those participating in visitation. Cooperation within the regulations is essential to all residents.

All concerned must recognize the importance of the guidelines being strictly adhered to if the program is to be successful. Visitation in the residence halls will be conducted according to the following guidelines.

- The right of privacy must be maintained; visitation will not be permitted in any room or suite without the consent of all assigned occupants, regardless of the visitation policy in effect.
- Measures for enforcement of the visitation regulations and for residence hall security shall be maintained. The privilege of visitation shall be revoked for individuals or for residence units where the rules governing visitation are violated.
- Visitation is permitted in designated halls daily from 12:00 p.m. to 12:00 a.m.
- All persons participating are required to use the outside phones to call the residents before entering the building. The resident will then escort the guest into the building. No guest will be permitted in the corridors or bedroom areas of a residence hall unless escorted by a resident.
- Only one guest will be allowed per resident unless special permission is given by the Hall Director for study purposes.
- Only lobby doors will be used for entering and leaving the building.
- Guests will not be allowed in any resident's room at times other than the times set aside for visitation.
- So as not to cause anyone any embarrassment, all residents using public areas and corridors during visitation hours must be clothed
- Overnight guests of the opposite sex are not allowed. Anyone wishing to have an overnight guest must register the guest with the Community Director and must be approved. A form of identification must be presented and documented. Anyone found in violation of this policy is subject to a fine.

Waterbeds

For safety and facility reasons, waterbeds are not permitted in student rooms.

Windows and Screens

No objects should be thrown or hung from windows. Screens are not to be removed from any window.

Whenever there is a broken window, staff should do the following:

- Try to discover what happened and if possible who was responsible for the damaged window. The resident(s) responsible will be billed for the damage.
- Clean up the broken glass. Do not leave the area unattended before the glass is cleaned up and the remaining glass fragments in the window frame are disposed. This is to protect residents unaware of the danger.
- If the broken window is on an upper floor, do not leave the area without posting a sign or placing tape across the window opening to forewarn of the danger.
- If the window has been broken during regular business hours (8:00-5:00, Monday-Friday), staff should follow the work order procedures for repairs. If after 5:00 p.m. or on a weekend, staff should notify your Community Director to access the need for emergency maintenance.
- Emergency maintenance should be called if:
 - The window is on the ground floor of the building and it is a breach of the building security.
 - Inclement weather is pending.

Wiring; Etc.

Residents should not splice or otherwise tamper with any existing wire in the building. Should there be a problem with the wiring; a work order should be created to have a trained technician examine the problem. Additionally, residents must not have television aerials, masts, or other radio transmitting equipment stuck or mounted outside their room.

Withdrawal from the University

Official withdrawal from the university is when the student has registered but decides to cancel registration and formally withdraw. The refund of the room rent is prorated based upon the date the room is vacated and the key is returned provided it is before the last date to register for classes. After this date charges will not be refunded unless there is a documented medical reason, military service or student marries or the withdrawal is beyond the control of the student. This will be reviewed on a case by case basis.

Denied Admission, Suspension, or Dismissal- If a student is not permitted to register at the university for an upcoming semester, the student must cancel in writing with the Housing Office prior to the hall opening. The written cancellation must identify the student's denied admission status.

Removal from Housing

A student who is deemed to be disruptive or a dangerous presence to other residents in the University housing system may be suspended indefinitely from university housing.
