DIRECTOR’S NOTES:

Tonight’s performance will flood your senses with visual fictions aimed to trigger your curiosity, possibly causing you to wonder as we have during this creative process. What is illusion? As the Artistic Director, I’m thrilled to present a production team who is the best of Troy University’s Theatre and Dance faculty. With their support we are able to offer you an original dance concert performed by pre-professionals driven to succeed and hungry for success. It truly takes a village to create a production, especially one original from beginning to end, and I want to thank everyone involved with making this original production possible, and I want to thank you, the audience, for attending and supporting the Arts! Now, sit back and enjoy as we stretch reality, manipulate focus, light up the space, and expand the ILLUSION UNIVERSE!
