meetings on the Troy campus and serves on various University committees.

Joining the TSU staff with some 16 years experience in the medical field, Mrs. Faria has worked to establish the nursing program in Dothan, and she's pleased with the fact that 42% of her students have pursued their Masters degree after graduation. According to Mrs. Faria she enjoys sharing her learning experiences as well as professional ones with students, and after having worked in the medical profession for so long, she finds teaching to be a very rewarding change in many ways.

Mrs. Faria's ready smile and warm personality have made her a favorite among the faculty, staff and students, and combined with her teaching ability has helped to make the nursing program a success.

Away from her professional duties, Mrs. Faria enjoys reading and travelling around Alabama and Florida with her husband. However, what she enjoys most is spoiling "Mickey", their 15 pound child --- a Silver Schnauzer!
