Happy July 4th

NEWS FROM THE LIBRARY

As we enter the Summer 1986 Quarter, we thought it would be interesting to staff, students and faculty to note the impact of the University's growth on the Library at Dothan. Figures cited will be for Winter Quarter 1984 and Winter Quarter 1986.

	1984 Winter <u>Quarter</u>	1986 Winter <u>Quarter</u>
Total Circulation	5,279	9,721
Audio Visual Equipment used	198	1,712
Attendance	4,514	8,118
Reserves	491	881
Audio Visual Software used	175	1,238
Books Loaned	1,628	2,092
Periodicals used	2,610	3,970
<u>Some Individual Comparisons:</u>		
Video System use	8	162
Overhead Projector use	29	171
Audio Visual Stands and Screens used	61	730
16mm Projectors used	44	133
Book Collection Growth	Approximately 16,000 volumes	Over 56,000 volumes

Hours have been increased from 58 to 67 per week to include Saturday and Sunday afternoons. We believe that this increase in use is indicative of faculty response to a vastly improved collection, which in turn leads to greater expectations of student performance.

If you have waded through these figures, we have two more items of interest for you. All but approximately 800 volumes of the 15,000 volumes formerly at Fort Rucker are now integrated into the Dothan collection. Complete integration will be accomplished this month.

If you miss Julia Smith's smiling presence at the Library, it's because she is finishing her Masters Degree in Library Science at the University of Alabama this summer.

EMERGENCY EVACUATION PLANS

The Division of Student Affairs and Development recently issued emergency evacuation plans for Houston Hall. A diagram of the emergency evacuation floor plan is located near the elevator and the fire exit door on each floor of Houston Hall. Please familiarize yourself with these diagrams. If you have any questions concerning the evacuation plan for your area, please contact Dr. Jack Sublette.

NEW WITHDRAWAL POLICY

The TSU-Dothan Academic Council has approved a new withdrawal policy for our campus effective Fall Quarter, 1986.

WITHDRAWAL FROM A COURSE AND/OR THE UNIVERSITY

A student who leaves the University without following University withdrawal procedures will be assigned the grade of "F" in each course in which he is registered.

Any student who desires to withdraw from a course and/or the University for any reason must initiate the procedure in the Office of Academic Records and withdrawal is not official until completed with that office.

Any student who wishes to withdraw ("drop") from a course and/or withdraw from the University after "drop-add week" and up to two weeks prior to the beginning of final examinations must first secure the approval of the instructor of the course and the dean of the school or college in which the student is enrolled. Thereafter, withdrawal is permitted only under extraordinary circumstances with the approval of the Vice-President for Academic Affairs.

Grade status at the time of withdrawal:

1. Before Mid-quarter: The symbol "W" (withdrawal) will be entered upon the student's record for each course, and he will not be charged with hours attempted.
2. After Mid-quarter: Any student who withdraws after the middle of the quarter, as designated on the University calendar, the grade(s) will be "WP" or "WF" as determined by the instructor(s) on the basis of the student's standing in class at the time of withdrawal.

In determining the scholastic standing of a student who has officially withdrawn from a course or from the University, a grade of "WF" is counted as work attempted and failed; a grade of "WP" is regarded as passing but the student is neither charged with work attempted nor awarded quality point credit.
