TSUD SURPASSES ENROLLMENT RECORD

One year ago, Troy State University at Dothan set its all-time high enrollment at 2,033 students at both its Dothan and Fort Rucker campuses. Once again, and for the eighteenth consecutive quarter, TSUD has experienced an enrollment increase over the same quarter of the previous year. The 1992 Winter Quarter enrollment is 2,153 students, a 5.9 percent increase over the 1991 Winter Quarter figure.

Officials at TSUD are extremely pleased with the continuing increases in enrollment.

Dr. Frank Lovrich, Vice President for Academic Affairs, said, "Because of proration and inadequate funding for education, the university still has not been able to develop needed programs for the Wiregrass region." Lovrich went on to say, "The increase in enrollment indicates that the citizens of the Wiregrass recognize the importance of securing an education to prepare themselves for the increasingly competitive market place that they will find themselves in the remainder of this decade and the forthcoming century." "Higher education has never been a priority in this region, but people are realizing they need an education to compete in an emerging 'post industrial society' that stresses science, computer literacy, and interpersonal skills," he added.

Dr. Jack Sublette, Executive Vice President at TSUD, stated, "TSUD continues to strive to meet the needs

of the non-traditional students by offering flexible scheduling and quality programs and services."

TSUD & WALLACE COLLEGE SIGN LIBRARY AGREEMENT

One more step has been taken to add a cooperative link between Troy State University at Dothan and George C. Wallace State Community College.

The University Library at TSUD and the Phillip J. Hamm Library at Wallace College have extended borrowing privileges to any person affiliated with either institution. This agreement makes more library resources available to students at both institutions.

The agreement was signed recently on the TSUD campus by Dr. Thomas Harrison, TSUD President; Dr. Larry Beaty, Wallace College President; Ms. Louise Moon, Chairman of the Library Media Department at Wallace College; and Mr. Frank Walker, Director of Library Services at TSUD.

"This agreement will mean a broader data base for sharing resources at both institutions and will provide quality materials for the instructional fields," stated Ms. Moon. "It's great that these institutions can come together and share resources," she added.

Mr. Walker said, "I see this as another step in building a common catalog to establish on each campus the means to identify materials on any campus. I hope this will lead to a

consortium for area academic libraries."

Troy State University at Dothan has previously signed agreements with Houston-Love Memorial Library and Alabama Aviation & Technical College in Ozark. Now with the addition of Wallace College, students have access to 250,000 volumes and more than 1,500 journals.

ENVIRONMENTAL CONSORTIUM MEETS AT TSUD

The Marine Environmental Science Consortium (MESC) Program Committee of the Dauphin Island Sea Lab met recently on the campus of Troy State University at Dothan.

Each quarter, the committee meets to discuss course offerings, credit hours, faculty qualifications, and facilities for the lab facility at Dauphin Island.

The Dauphin Island Sea Lab, located on a 36-acre portion of a former U.S. Air Force radar base, is Alabama's unique approach to education and research of the ocean. Twenty-one colleges and universities have combined their financial, academic and intellectual resources to form one marine campus.

Dr. Eugene Bergquist, Associate Professor of Biology, represents TSUD as the liaison officer for the consortium.

TSUD HOSTS TRIO DAY

On February 26, the Student Support Services (SSS) from Cluster VI

came together at Troy State University at Dothan to recognize National TRIO Day.

TRIO programs are made possible through the Higher Education Act of 1965. TRIO refers to the original three programs, but now there are five funded through the Higher Education Act. These are Student Support Services, Talent Search, Upward Bound, Equal Education Center, and Ronald E. McNair.

TRIO programs help over 600,000 disadvantaged students each year at a cost of less than \$400 million dollars annually. Two-thirds of TRIO students come from families with incomes of less than \$20,000 per year; most are academically underprepared; and most must overcome tremendous class and social barriers in order to participate in higher education. These programs provide the support that gives students the hope and skills needed to succeed in college.

In 1986, Congress passed a concurrent resolution urging each institution to celebrate National TRIO Day as one way to call attention to TRIO programs and their place in the federal strategy to advance opportunity in higher education. Its sponsors saw TRIO Day as a time for the nation "to turn its attention to the needs of disadvantage young people and adults aspiring to improve their lives, to the necessary investment if they are to become contributing citizens of this country, and to the talent which will be wasted if that investment is not made." For the past six years, administrators, counselors, faculty, and students involved in educational opportunity programs have celebrated National TRIO Day with that goal in mind.

Institutions from Cluster VI are Troy State University at Dothan, Wallace Community College, Sparks State Technical College, Enterprise State Junior College, Alabama Aviation & Technical College, and Troy State University-Troy. Directors, SSS participants, faculty, and administration from these institutions will be on hand to recognize the value of TRIO programs to their students.

SSS PROGRAM ISSUED PROCLAMATION

The Houston County Commission recently issued a proclamation to Charlotte Kirkland, SSS Director at TSUD; Debbie Pearson, SSS Director at Wallace College; and Bob Willis, SSS Counselor at TSUD, for the recognition of TRIO DAY. Robert Crowder, Chairman of the Houston County Commission, called upon all residents in Houston County to join him in support of the aims, goals, and programs of the TRIO programs in southeast Alabama, saying that these worthy programs serve to motivate students to pursue the furthering of their education.

NEW CLUB ON CAMPUS

Dr. Brenda Ameter, faculty advisor, announces the inception of the TSUD Creative Writing Club. The Club will meet one Sunday afternoon a month to provide an opportunity for TSUD writers, as well as writers within the community, to share their work and to provide support for their literary endeavors. Dr. Ameter would appreciate other faculty members' assistance in publicizing the club, both on campus and in the community. Any interested person should talk to Dr. Ameter or to Melanie Benry in the library.

GRANT AWARDED

Dr. Leonard Roberts has been awarded the first Faculty Advisory Council Grant for \$895.00 by the Research Committee of the Faculty Advisory Council. The title of his project was "Joseph Neef and the Pestalozzian Education Movement in Early 19th Century America."

DINNER THEATER

Houston Arts and Humanities Council will sponsor a dinner theater at the Holiday Inn, Dothan, on March 19 and 20. The Opus Nostrum Touring Group, under the direction of John McLeod, will present GRACELAND, a one act comedy play set in Memphis in 1980. The dinner theater will take place at 6:30

each evening. Tickets are \$20.00 per single and \$35.00 per couple.

Tickets may be purchased at Bradshaw's Jewelers at Wiregrass Commons Mall or from Dr. Mary Eve Shoaf, Adams Hall, Room 314-F.

PAINTING TO BE GIVEN AWAY

Migs Eberhardt Hartong, one of Dothan's outstanding artists, has donated a water color painting of the Dothan Opera House to the Houston Arts and Humanities Council (HAHC). Chances for the painting may be purchased from Dr. Shoaf for \$1.00, and all proceeds will go to "Friends of the Opera House."

The painting will be on exhibit at Parisians in Wiregrass Commons Mall and at Northside Mall during the month of March. The drawing will take place at 3:00 p.m. on May 3rd during a free concert sponsored by HAHC in Malone Hall on the TSUD campus.

FOUNDATION RECOGNITION GIFTS

Because some donors contribute to the Foundation more than one time during the year, the Foundation has changed its procedure for presenting the recognition gifts. Gifts will be presented early in the year following the end of the contributing year. The gifts will be presented on the basis of cumulative donations received by the Foundation for academic purposes during the giving year. For example, the giving year is 1991 and the recognition year will be awarded in early 1992.

SELECTIVE SERVICE REGISTRATION

The Alabama Legislature in 1991 passed the following legislation:

No male student born in 1960 and after who is required to register with the Selective Service System shall be eligible to enroll in any postsecondary institution of higher learning without proof of such registration. TSUD will soon implement a procedure to document this registration.

TRAFFIC REGULATIONS

TSUD has provided on-campus parking areas to handle as many vehicles as possible. Some rules and regulations are necessary to assure maximum usefulness and convenience.

Effective Spring Quarter 1992, TSUD Traffic Regulations will be strictly enforced. Faculty, staff, and students driving any type of motor vehicle on campus must secure and properly affix an official parking decal to the vehicle.

Decals will be issued during registration, along with a copy of traffic regulations. It is the responsibility of each individual to become familiar with all traffic regulations.

FACULTY OF THE MONTH FOR MARCH

Beginning this month, the University Relations office will recognize each full-time faculty member on a monthly basis.

Information and photos will be displayed monthly in the display case across from the Financial Affairs office (Malone 118), in the display case beside the Deli in Adams Hall, and at the Fort Rucker branch campus.

MR. HILLMAN BATCHELOR, Associate Professor and Chairman of the Accounting Department at Troy State University at Dothan, has been recognized as the "Faculty of the Month" for the School of Business.

After completing a bachelor's degree from Troy State University and a master's degree from Auburn University, Mr. Batchelor served a seven-year period as Assistant Professor at Troy State University-Troy, 1965 - 1972. During this time he completed doctoral course work in accounting at the University of Alabama. Since June 1972, he has been employed by Troy State University at Dothan.

He is a member of the local chapter of the Institute of Management Accountants, Alabama State Board of Public Accountants, and Alabama Association of Accounting Educators.

Mr. Batchelor, who resides in Enterprise, enjoys gardening, fishing, and raising beef cattle. He and his wife, Linda, have four children: Mark, 18; Amy, 16; Andrew, 14; and Rebecca, 11. He is a member of Wesley Chapel United Methodist Church near Enterprise, where he serves as Trustee, Chairman of the Administrative Board, and Men's Sunday School teacher.

TSUD is pleased to recognize Mr. Hillman Batchelor as "Faculty of the Month" for March.

DR. ANN EASLEY, Associate Professor of Counseling and Psychology at Troy State University at Dothan, has been recognized as the

"Faculty of the Month" for the School of Education.

Dr. Easley received a bachelor's degree from the University of Toledo, a master's degree from the University of Michigan, and her certification in counseling from the University of Texas. In 1976, she received her doctorate in education from Auburn University.

Prior to coming to TSUD in September 1975, Dr. Easley served as Assistant Professor of Psychology and Education at the University of Montevallo.

She is a member of AEA, NEA, Phi Delta Kappa, Alabama Association for Counselor Education and Supervision, Alabama Association of Counseling and Development, American Association of Marriage and Family Counseling, and American Association of Counseling and Development.

Dr. Easley's publications include articles in Alabama Personnel and Guidance Journal, ALACES, and Alabama Personnel and Guidance Association Quarterly. She is a licensed professional counselor and a national certified counselor.

Dr. Easley, who lives in Dothan, has two children, David Easley and Ann Knight, and two grandchildren, Heather and Alex Knight.

TSUD is pleased to recognize Dr. Ann Easley as "Faculty of the Month" for March.

DR. JOHN WOODHAM, Professor of History and Chairman of the History Department at Troy State University at Dothan, has been recognized as the "Faculty of the Month" for the College of Arts and Sciences.

Dr. Woodham earned a bachelor's degree from Birmingham-Southern College, a master's degree from Duke University, and in 1964 received his Ph.D. from Duke University.

Prior to coming to TSUD in March 1971, Dr. Woodham served as Assistant Professor of History at the University of Oregon in Eugene.

His publications include "The Enlightenment in Peru," "The Columbus-to-Castro Course in West Coast

Universities," "The Influence of Hipolito Unanue in Peruvian Medical Science," and "Careers in History." Dr. Woodham has served as a member of the Speakers' Bureau for the Alabama Humanities Foundation and has been a judge for the Citizens' Bee regional competition since 1989.

In addition to being Professor of History and Chairman of the History Department at TSUD, Dr. Woodham serves as Director of the International Studies Program, a graduate program in the College of Arts and Sciences.

He and his wife, Sonja, reside in Hartford and have one child, Carol.

TSUD is pleased to recognize Dr. John Woodham as "Faculty of the Month" for March.
