Spring Events TROY Students Won't Want to Miss

February 2015

Fall was a great semester for first year students to get their first taste of the college experience. Spring is an exciting time for freshman to explore some activities on campus that they may have not gotten a chance to check out before. Sometimes we see students begin to disengage after all the hype of their first semester is over. We certainly don't want that to happen to your student. So in our efforts, Troy has something to offer for everyone type of student. Please share with your college student some of these special events and opportunities to get involved with to build up their resume experience and fun!
