To Whom It May Concern:

This letter serves to show appreciation to Gloria Cheng for her work with students as Charles Henderson Middle School. Gloria was the Chinese Confucius teacher for 7th and 8th graders. She was successful in enlightening students in the areas of music, cuisine, and dress through various field trips and activities on the Charles Henderson Middle School campus and in the City of Troy. We are extremely grateful that we were able to have Gloria last year to expose our students to the Chinese culture.

Kind Regards,

Aaron Brown, III

Subject: Multicultural Celebration

Hi Ms. Yuan - hope you are having a great school year so far!

I wanted to thank you again for sharing your talents with us during our Summer School program. The students are still talking about the activities. We are hosting our Multicultural Celebration again this year and would love for you all to be a part of it again.

We are celebrating diversity in our school system the entire week of October 16-20. On Thursday, October 19, we will have our Multicultural Celebration for the parents, students, and community members. Each school is going to have a multicultural table on display to share various cultures, food and artifacts with those who attend. We are also going to have various performers to conclude the celebration.

If possible, we would love for you all to have a table again this year and share your many talents with us. We were also wondering if your students had a traditional Chinese Dragon performance that they could perform for us that night?

Thanks so much and I look forward to hearing from you soon!

Mrs Zeng, Thank you so much for all your effort! I watched your group's performance of Chinese song and Taichi Fan and it went very well. The audience appreciated it also. I hope you heard them clapping enthusiastically. I hope to have a similar performance at next year's Multicultural Night! Please tell the other teacher (is her name Mrs Wei?) thank you also! Have a great day!
