

CIT Montgomery Campus Held Lecture on Chinese Foods at Montgomery's E L Lowder Regional Library

On April 13th 2015, Confucius Institute at Troy University (CIT) Montgomery Campus coordinator, Professor Jin Qui was invited to deliver a lecture on Chinese Foods at Montgomery E L Lowder Regional Library. This event was divided into 3 parts, introduction of 8 Cuisines in China, tasting Chinese foods and learning to use chopsticks. The entire lecture lasted about 2 hours. At the end of the lecture, many audience members were still passionate and reluctant to leave. This resulted in further communicating. This event is an important part of CIT Montgomery campus' goal of *sending cultural events off campus and into the community*, and it was unanimously praised by library readers.
