

Jiangsu Normal University Art Ensemble Performance Was Crowned with Complete Success in Montgomery

On September 19th, 2015, Jiangsu Normal University Art Ensemble arrived at Davis Theatre in Montgomery, Alabama. Performers put on a professional show, including Chinese traditional musical instruments, Chinese martial arts, poetry and American folk songs. During the interactive session, the audience were all eager to participate. The entire show successfully presented and interpreted the essence of classic Chinese culture and art.

This show was hosted by Confucius Institute Headquarters (Hanban), and organized by Confucius Institute at Troy University (CIT). With only 10 days to organize and coordinate, CIT staff, under the leadership of CIT Director Dr. Iris Xu, worked really hard with high efficiency to promote this show earlier. All of our hard work paid off by the presence of over 700 people at Davis Theatre that day.
