

## China Trip Orientation

At 3:00 pm on December 7, 2016, Confucius Institute at Troy University held a lecture with the theme of “China Trip Orientation” on Troy Campus. At the beginning, Mr. Charles Franklin Jones, CIT Administrative Support Specialist, briefly introduced the route and important sights about this China trip. And then he told some interesting stories from his own experience. After that, he gave some useful suggestions in terms of weather, food, environments and so on. On the issue of the cost, Maria Frigge, who works in Troy Abroad Department, was invited to introduce the Scholarship Program for the audience. At last, Charles answered the questions and taught them how to fill in relevant forms. This lecture laid the groundwork for China Trip in the future.
