

## CIT Held HSK and YCT Tests in the Fall Semester of 2016

On Nov 12-19, 2016, guided by Dr. Hong Xu, Director of CIT and arranged by Ms. Jing Zhang, CIT held HSK tests (Chinese Proficiency Test) in three levels and YCT (Youth Chinese Test) level 1--4 in four levels on Montgomery Campus, Pike Road School and Indian Springs School in Birmingham. Among them, more than 70 candidates from Pike Road School in Pike County, Indian Springs School and Highlands School in Birmingham participated in the tests in 5 levels. In addition, all learners from after-school program and weekend Chinese program on MGM Campus took part in different levels of HSK and YCT tests. Special thanks go to Ms. Jiaqi Zhang at Indian Springs School for her great support.

HSK and YCT tests have strengthened candidates' Chinese learning enthusiasm, and Chinese learners become more interested in studying Chinese in the preparation of Chinese proficiency tests, meanwhile, they are willing to know more about Chinese culture.
