

## Confucius Institute Open Day Activity at Troy University

On November 2nd, 2017, the last home soccer game of the season at Troy University was held on Troy campus. CIT took the opportunity to hold a culture promotion activity. All CIT staff on Troy campus attended the event. They mainly distributed fliers on Chinese courses, sent fans with the logo of Troy University, introduced Chinese culture to all the visitors, and provided traditional Chinese food --- egg rolls and fried dumplings. People knew about the Chinese culture and Chinese courses while enjoying food. The activity attracted numerous visitors, who were particularly interested in Chinese traditional culture. Through this promotion, everyone has a better understanding of Chinese courses and Confucius Institutes.
