

## CIT Illuminated the American Peanut Festival

On November 3<sup>rd</sup>, 2017, the annual American Peanut Festival saw a grand opening in Dothan city, Alabama. Warmly welcomed by the organizer, CIT set a Chinese cultural exhibition booth in the festival. As usual, the CIT exhibition booth has always been one of the most favored booths by the visitors. CIT prepared various cultural activities that kept people's eyes fully occupied and delicious Chinese food that can please the visitors' appetite. They kicked shuttle cocks, learnt to write Chinese characters, tried paper cutting, painted pandas, made bracelets and tasted Troy Chinese food. Many visitors were indulged in the charming Chinese flavor and lingered on around the booth. Some visitors asked more information about Chinese language lessons and Chinese cultural activities offered by CIT and wished to get more opportunities to experience Chinese culture. This year's peanut festival will last for ten days and CIT will definitely continue to serve the local community, promote Chinese culture and enhance the cultural exchange between two nations.
