

China Day at Pike Road School

On May 24th and 25th, 2017, the Confucius Institute at Troy University helped Pike Road School organize the event of China Day both in the classroom and on the playground of the school.

On 24th, around 200 students participated in the event. The students tried on some Chinese costumes, practiced the Chinese brush writing, made the Peking Opera facial masks and had the bean-picking race with chopsticks. Students were curious about those items and activities and they asked many questions about the Chinese costumes and the usage of chopsticks etc. All the teachers answered their questions and helped them learn more information about Chinese culture.

On 25th, students learned how to make a bracelet and played the traditional Chinese games. Those games are very popular with Chinese kids, like the Ring Toss, Pingpong Run, Rope Jump, Drop the Handkerchief etc. The students enjoyed themselves very much through participating in the activities.

The event of China Day opened a window for the students to Chinese culture, and the students could get closer to and experience Chinese culture.
