On May 26, 2017, the last lecture of Montgomery Focus Chinese Culture Event Spring Series themed *China Tips--Where to Go II* was given in Lowder Library by CIT Montgomery team. The lecture started from a Chinese-English bilingual poem which describes the classic beauty of China. Then Chinese Instructor, Ms. Kai Zeng briefly introduced the unique characteristics of the Northeastern, Northern, Southern, Southwestern and Western China in the fields of climate, culture, food, language and job opportunities with video clips. The detailed and vivid depicting of China provided a good opportunity for the audience to have an experience of Modern China. At the end of the workshop Ms. Zeng answered some questions raised by the attendees and extended our warm welcome to them to visit China personally in the coming future.
