**A Lecture on World Cultural Heritage: Dujiangyan Water Conservancy Project**

On Feb.24, 2017, the second lecture of Montgomery Focus Chinese Culture Event Spring Series themed *The World Cultural Heritage: Dujiangyan Water Conservancy Project* was held in E. L. Lowder Library by CIT team. Ms. Kai Zeng first focused on the historical background of Dujiangyan Water Conservancy Project with a history of two-thousand years and the constructional characteristics of the ancient and modern Dujiangyan. Then she illustrated three temple landscapes of Lidui Park in Dujiangyan, namely, Two Kings Temple, Couple's Bridge and Dragon-Taming Temple, which presented a unique view of the Water Project to the audience. Furthermore, Ms. Zeng displayed the famous Dujiangyan Panda Base and Qingcheng Mountain, which greatly aroused the attendees' interests in visiting the city of Dujiangyan. Aided by a lot of vivid pictures and videos, Ms. Zeng exhibited the ancient and modern Dujiangyan Water Project that amazes the audience present.
