

Visual Arts Majors visited CIT Exhibition Hall

On February 15, 2017, 100 students from the Art and Design Department were divided into four groups and visited the exhibition hall of Confucius Institute on Troy campus under the guidance of Professor Paige under the theme of Visual Arts. Ms. Wanjun Lu, Chinese Instructor of Confucius Institute introduced the exhibition hall mainly from four aspects, the Chinese calligraphy and Chinese painting, paper-cut art and jade sculptures. Finally, Ms. Lu showed them a video about Chinese calligraphy and painting. The visit was proceeding harmoniously and most of the students are frequently interacting with Ms. Lu about their interests. All the students were deeply attracted by Chinese traditional culture and actively asked questions they were interested in.
