Bachelor of Applied Science Resource and Technology Management

Program Purpose: Troy University's Bachelor of Applied Science in Resource and Technology Management provides students with a unique interdisciplinary program that combines business management, social sciences and the technical skills offered in the sciences. Not only do students in the program learn the concepts necessary for management and supervision, but they also develop the knowledge necessary to address challenges and communicate effectively on technical issues.

The program promotes discovery and exploration of knowledge and its applications to life-long success while seeking to:

- develop the professional skills and academic competencies of students in management, social sciences and physical/environmental sciences;
- prepare students for further graduate study or a professional career;
- encourage the creation and use of essential academic and operational resources for creative activities and research;
- assist students with professional skills needed in keeping with the University commitment to the global community; and
- promote the development of intellectual inquiry and the desire for lifelong learning.

(For complete details on this program including course descriptions, academic policies, etc. please refer to the Troy University catalog at <https://www.troy.edu/ugresourcetechologymanagement/>)

The BAS Degree in Resource and technology Management at Troy University **requires:**

1. **61** hours of General Studies classes
2. **36** hours of Major requirements – including 18 semester hours of upper level classes and 18 semester hours of a Specialization (academic or technical). The 18 hours of Technical Specialization can often be satisfied by ACE recommended credit from the JST)
4. **18** semester hours of a **Military Operations** minor (usually satisfied by ACE recommended credit from the JST).
5. **5** hours of free electives (approved by Academic Advisor)

Notes:

12 hours of transfer credit could be awarded based on ACE recommendations (Communication, Management, Leadership and 3 hours into the Specialized Tech courses. 6 hours added for ISD2200 x 2 as per Dr. Fulmer's approval.

Proposed total for WOC = **18 hours**

If we then consider additional hours from the JST, the 18 hours of Military Operations minor and the balance of the hours for the Technical Specialization and the 2 remaining hours of electives can be added.

Proposed total of transfer hours including WOC (18) + JST (35) = **53 hours**

Actual number of transfer credit hours awarded (and therefore the number of hours to be completed at TROY) will be based on actual courses completed successfully at CCAF for which there exists a TROY equivalent and could be slightly more than the 60 hours in the example above. Students considering completing this BS degree at Troy University are encouraged to contact a military student advisor at TROY as early as possible so as to ensure maximum transferability and a smooth transition.
