

2016 Southeast Alabama "Google Summer Series"

June 13-15, 2016

STI-PD Lookup: TU4180

Presenter: Dr. Roland Weldon

Title: Alabama Technology in Motion Specialist

Location: Enterprise High School

Description:

All educators in our inservice area are welcome to register for our intensive **3 days** of effective technology integration in the classroom using the most popular tools offered by **Google Applications for Educators**. Each day we will delve into the most requested Professional Development content that has been delivered by the *Alabama Technology in Motion* during the past school year!

Monday (June 13) Google This! Basic Tools for Teachers!

8:30 – 11:45 Google Calendar & Gmail.

12:45 – 2:30 Google Drive (Docs, Sheets, Presentations, and Forms) + Sharing!

Use Google to organize your day (calendar), share resources (docs), and allow students to collaborate!

Tuesday (June 14) Google Add-Ons & Extensions! Next Level Google!

8:30 – 11:45 Google Add-Ons (Flubaroo, Doctopus, Kaziena, and more!)

12:45 – 2:30 Google Extensions (excellent tools to enhance Google Chrome for Chromebook usage!)

Use real world tools to enhance the 21st Century classroom. Our most popular content of the year!

Wednesday (June 15) Google Web Presence (Sites & Classroom)! Tying it all together!

8:30 – 11:45 Participants will create a web presence with Google Sites.

12:45 – 2:30 Participants will setup and use *Google Classroom.

*School email account (via Google required).

Finally! An easy way for teachers to develop and deliver rich content in an interactive form for students (and parents) to use!
