Program Description

In this fourth year of the program, the goal of TROY-CONFUCIUS INSTITUTE Teacher Program (Chinese) is to develop a cadre of teachers of Mandarin with the dispositions, knowledge, and skills needed to create and support a new generation of highly effective World Language educators. The program will invite 10-15 participants, including Chinese language teachers, Chinese instructional supervisors, methods instructors, and potential Chinese teachers as well. The participants will engage in a professional development program covering Second Language Acquisition (SLA) practice and theory, language and culture instructional methods and assessments, curriculum design, language assessment, Chinese language structure and the selection of learning resources. Integral to this program will be the development of a professional learning community that will support the participants as they return to their schools or take on the responsibility and challenges of the Chinese language teaching. This training program is designed to solve the problem of a shortage of qualified and professionally trained Chinese language teachers in Alabama and surrounding areas. The participants, either beginning or experienced Chinese language teachers, will benefit from the program in the teaching of the Chinese language regarding classroom management, selection and evaluation of teaching resources, and related research. The courses offered in the program are residential for all participants, who will receive a certificate, materials, and resources upon completion of the program. Successful participants will also receive three college credits from TROY University.

One of the program's benefits is that there is no cost, except a refundable \$100.00 application deposit upon registration. All participants are residential in Troy.

Who Can Participate?

Participants must hold an undergraduate degree and must be teaching in, or are seeking to teach in, a K-12 Mandarin Chinese program in the state of Alabama and surrounding areas.
