TSUD TALENT INVOLVED IN COMMUNITY PRODUCTION

by Chris Bryant, student assistant

TSUD will loan two of its talented staff members to the local community production of Cabaret. The Southeast Alabama Community Theater (SEACT) organization will have Tony Whetstone, TSUD director of student and community services, and Bob Willis, TSUD director of enrollment services, in their upcoming production of the dazzling musical based on the play by John van Druten and stories by Christopher Isherwood.

Whetstone will pick up the SEACT conductor’s baton for the fourth time with Cabaret. In the past he has conducted the pit orchestra for such productions as Funny Girl, 1776, and West Side Story.

“When I moved to Dothan in 1981,” Whetstone said, “I got involved with SEACT playing in the orchestra of several productions. When they offered me the chance to conduct I jumped at the opportunity. Dothan is very fortunate to have such a great organization as SEACT that showcases our local talent in plays and musicals every year.”

Willis revealed, “I got involved two years ago when I was asked to fill in for someone in the Joseph and the Amazing Technicolor Dreamcoat musical. Since then I have played many secondary parts in such top-notch SEACT productions as Cinderella and Gentlemen Prefer Blondes. I also worked props in their recent production of Dracula.”

While he admits the work is time consuming and often hard to manage, Willis is quick to point out it is well worth it in the end.

“I have enjoyed myself immensely in every production I have been involved with,” he said. “Working on a dramatic and entertaining musical like Cabaret is hard, but because I get to meet so many wonderfully talent

ed people from around the community, the time spent is fun and enjoyable.”

Additionally, such stars as former TSUD student government association president Christina Johnson will help fill in the talent for the various speaking roles. The play will run May 12-16 with curtain time at 7:30 P.M. at the Dothan Opera House.

“Please go out and support SEACT every chance you get,” Whetstone added. “It’s through the support of the Wiregrass community that it receives its talent and ability to bring quality productions to the stage year after year.”

Anyone interested in helping out or auditioning for future SEACT productions is encouraged to call them at (334) 794-0400.

PRESIDENT'S MESSAGE

Much has been written and voiced about the work of Chancellor Hawkins’ TSU System Identity Committee. Having been present at all of the committee’s (and subcommittee’s) deliberations, I can honestly attest to the high quality of thought, discussion and discourse amongst the committee members. Each committee participant brought a unique perspective to the table with respect to his/her understanding and affection for The TSU System’s mission and legacy.

I learned a great deal. And hopefully fellow members learned from me. Through Vice President John Schmidt’s able leadership and eye to detail, the committee moved through a healthy six week agenda which included an opinion survey of randomly-chosen faculty, staff, students and friends; analysis of reams of literature on the subject; and as heretofore mentioned, lots of high level discussion.

In addition to my enhanced learning curve, I came away with a renewed appreciation for the breadth, depth and uniqueness of this Troy State University System, of which, TSUD is a major partner. Yes, potential university names were discussed along with compelling reasons to maintain or rename. The unofficial consensus seemed to be—stay with Troy and the brand equity associated with this long standing title. However, we each had a vote by ballot to officially advise the Chancellor to change or not to change. Dr. Hawkins will most likely make a recommendation to the Board of Trustees looking to a decision in June.

Regardless of what comes from the Board’s actions in June, the fact that twenty-two well-intentioned Troy State System supporters assembled and as colleagues discussed the role of our great System relative to our stated mission and relative to perceived ways to advance and enhance this mission. Something about a “rose by another name…” comes to mind! Stay tuned.

**SAEA WINS HONORS AT STATE CONFERENCES**

"The fall conference was the first year we competed in the talent show," Dr. Jones said. "And the spring conference saw two firsts for us in winning the state outstanding chapter award and the office of state president.
